# SEN. JOHNSON: WAR IN 60 DAYS

## *Approve Tax on Smaller Incomes*

## SINGLE PERSONS TO BEGIN PAYING AT $750 LEVEL

### Heads of Families Cut to $1,500.

BY WILLARD EDWARDS.
[Chicago Tribune Press Service.]

Washington, D. C., Aug. 25.—Seven million more American citizens would be brought into the income tax fold under a plan approved by the senate finance committee today. A total of 23 million persons will be required to file returns next March 15 if the program receives the congressional approval which appears probable.

Sen. Walter F. George

The committee voted, 10 to 6, to lower the personal income tax exemptions from $2,000 to $1,500 for married persons and from $800 to $750 for single taxpayers. Reduction of these exemptions will cause the additional 7 million individuals to file returns.

About 13 million persons would be required to pay taxes, Chairman Walter F. George [D., Ga.] estimated. The remaining 10 millions would find their exemptions and deductions equal to their incomes. They would have to go thru the burden of filing a return but would not have to shell out to Uncle Sam.

**Turn Down Sales Tax.**

The committee voted, 12 to 5, not to consider a general manufacturers' sales tax at this time. This proposal, sponsored by Senator Arthur H. Vandenberg [R., Mich.] was opposed by the treasury which stated that it wished to make a "study" of the plan. Actually, political considerations entered into the opposition of the Democratic majority to this tax. Alarmed at the effect upon the public next year of the staggering new taxes already approved, they want to save the real "crusher" in taxation until after the 1942 elections.

Acting on the same principle, the committee likewise voted down all proposals for a special pay roll tax, withheld at the source on all earnings, interest and dividends.

**May Ease Lower Rates.**

The committee has yet to decide whether to make any changes in the rate structure to make the tax payments more gradual in the lower salary brackets. As the rates now stand, the lower exemptions are estimated to bring in approximately 303 million dollars. This would raise the total new revenue in the bill above the 3½ billion mark.

The lower exemptions probably will provoke a battle when the bill reaches the senate next week. The house, which passed the big tax bill on Aug. 4, also must concur in senate changes before the measure can be sent to the White House.

**Married Couples Hit.**

The senate committee's version of the bill would hit hardest against married couples whose personal exemption would be slashed $500. The $50 reduction for single persons is comparatively less severe.

Thus a married couple, without dependents, earning $2,000 a year, pay no tax under the house bill and present law. Under the senate bill, they would pay $40.70. This does not take into consideration possible deductions from income. For each dependent, of course, $400 may be subtracted from the total income.

A single person with an $800 annual income pays no tax under the house bill and present law. He will pay $2.75 under the senate bill.

A married couple, without dependents, earning $3,000 a year, pays $85.80 under the house bill. Under the senate law, the bill would be $135.30.

A married couple, without dependents, earning $5,000 a year, would pay $308 under the house bill; $374 under the senate proposal.

The normal rate of 4 per cent on individual incomes was left untouched. The senate committee acted to integrate the defense tax of 10 pe. cent into regular schedules. Surtaxes were increased to absorb the defense tax instead of the house system which called for 10 per cent of the total tax to make up the grand total.

## *Toast the King at White House Feast for Kent*

BY WALTER TROHAN.
[Chicago Tribune Press Service.]
*(Picture on back page.)*

Washington, D. C., Aug. 25.—Toasts to the king of England and to the President of the United States climaxed a lavish White House dinner tonight at which British royalty vied with American officialdom in the exchange of compliments and the expression of hopes for a victory over an unnamed but acknowledged common foe.

His royal highness the duke of Kent, slim, 39 year old youngest brother of King George VI., sat with President and Mrs. Roosevelt and a small group of British and Americans over a substantial repast inspired by the duke's plaint about the scarcity of food in England.

Altho details of the dinner served were not made public, Mrs. Roosevelt, who dictates the White House menus, had hinted in advance that it would be a groaning board.

**Yes, Perhaps Bananas.**

She said at a press conference that the duke told her he had not seen "an orange or banana for months until I came to America," and that his cook had to plan careful use of the food coupons allowed the royal household.

In the British group which surrounded the 'able were Sir Ronald Ian Campbell, British chargé d'affairs, acting ambassador during the absence of Lord Halifax, who is reporting in London; Capt. Lord Louis Mountbatten, cousin of the king and Kent, and Lady Mountbatten, former stage beauty; Wing Commander Sir Louis Greig, personal pilot and aid to the duke, and J. A. Lowther, secretary to the duke.

**Americans in Party.**

The Americans present included Maj. Gen. Henry H. Arnold, commander of the army air forces; Rear Admiral John H. Towers, chief of navy aeronautics, and Mrs. Towers; Lend-Lease Administrator Harry Hopkins; Mr. and Mrs. Nelson Rockefeller; Capt. and Mrs. James Roosevelt, the President's oldest son and his newest bride; Dr. Henry Field, the anthropologist of the Field museum at Chicago, and Mrs. Field, and Mrs. Cameron Clark, described by a White House secretary as a friend of Capt. Jimmy.

The duke, who resembles closely his brother, the king, and his other brother, the duke of Windsor, who abdicated the British throne, arrived from Hyde Park, N. Y., with the President early this morning. He was given a berth in the President's private car.

The President and duke breakfasted on the train with Mrs. Roosevelt and Wing Commander Greig.

Attired in the uniform of an air commodore of the royal air force, the duke left for the Anacostia air base of the navy, paused there for a brief inspection, and then boarded a navy transport plane for Norfolk, Va. There, he visited the navy yard where British vessels, damaged by German bombs and torpedoes, are undergoing repairs.

**He Sees the Illustrious.**

One of the vessels he inspected is the aircraft carrier Illustrious, which has been undergoing repairs for several months after being severely damaged in a battle in the Mediterranean.

The duke returned to Washington in an army transport plane.

Tomorrow the duke will go to Baltimore to inspect the Glenn L. Martin aviation plant which is turning out bombers for Britain. In the evening he will meet Washington newspaper men at an informal reception in the National Press club.

## *Clerks Dance $50,000 Tune for Caldwell*

*(Picture on back page.)*

New evidence of Max Caldwell's misuse of the funds of local 1248 of the Retail Clerks' International Protective association was disclosed yesterday. Federal agents filed liens against the ex-bootlegger's cash box hoard, discovered in the Stevens hotel last Friday, charging he failed to pay $8,338 in amusement taxes on the $50,000 revenue of four "benefit" dances.

These dances—ostensibly held for the treasury of a union hospital fund, strike defense and "bundles for the boys in army camps" were staged in 1938, 1939, 1940, and 1941.

**No Members Get Benefits.**

Attorney Francis Heisler, representing the rank and file members of the union who revolted last June and ended Caldwell's four year régime, said he has yet to find a member of the union who received hospital aid, other than expedited entry into the County hospital, or who received a "bundle" while in camp.

Heisler's group has brought suit in Circuit court for an accounting of $910,000 the union members paid into Caldwell's coffers. As explained by Heisler and Assistant State's Attorney William B. Crawford, the dance racket worked in the following fashion:

In 1938 and 1939 each of 7,000 clerks was forced to take five tickets at 50 cents each. The next two years each clerk was told to take two tickets at the same price. Crawford said the local paid out only $2,000 in expenses on the 1941 dance.

**Gems Appraised at $15,710.**

Crawford revealed that jewels found in the Stevens hotel vault, which Caldwell has rented under an assumed name, were appraised at $15,710. The jewels included a lapel button with union insignia, set with 25 diamonds, valued at $1,000; five pieces of dress suit studs and buttons, $500; and a platinum bracelet, set with diamonds, $1,350.

## CHARGES CLIQUE PUSHES U. S. TO SHOOTING STAGE

### Refuses Heatedly to Pose with Briton.

San Francisco, Cal., Aug. 25 [Special].—Senator Hiram Johnson, California's veteran "Keep Us Out of War" advocate, came home today with a caustic denouncement of administration forces, which, he charged, will have the United States involved in a shooting war within two months. Senator Johnson also indulged in an angry explosion at news photographers who asked him to pose with Alfred Duff Cooper, British coordinator for the far east, who arrived aboard the same train.

Senator Hiram Johnson.

Simultaneously, the British official also refused photographers' requests for the joint picture, snapping "I haven't been introduced to the senator."

"The country is in a hell of a situation," Senator Johnson said, "The President is determined to get us into a shooting war. The only hope is for the people to rise up in their majesty and might and fight back. By that, I mean using all legitimate forms of pressure."

**Fears Trend Toward War.**

Polls, he declared, prove the people are strongly against war "altho considerable war sentiment has been whipped up on the Atlantic coast by propaganda." The senator said he feared that despite the people's wishes the United States would be carried into a shooting war within two months."

"And when that happens," he added, "there won't be any civil liberties left in this country."

Denouncing United States aid to Russia, he exclaimed, "I wouldn't give a dollar of the taxpayers' money to bloody Joe Stalin."

He charged that between four and 10 million dollars was going to be given to Russia, "altho the President says he's giving nothing."

"And never forget that the communists in this country always play the game of Moscow—for world revolution. They do not care for our government."

**Lady Diana Curious.**

The requests to pose for pictures were made to the two men separately aboard an Oakland-San Francisco ferryboat after they had left the train that brought them from the east.

Duff Cooper and his blonde wife, Lady Diana, didn't know that Senator Johnson had been their train companion when they stepped off the streamliner City of San Francisco a few steps ahead of him.

The reporter told them and pointed to a group of persons around the senator.

"O, let's have a look at him," Lady Diana exclaimed.

"No," her husband replied coldly and strode away.

Senator Johnson was emphatic in refusing the photographer's request to pose with the Briton.

"Hell, no," he growled. "Keep away from me."

Duff Cooper, accompanied by his wife, will board a Clipper here tomorrow to fly to Hongkong where he will "co-ordinate" British far east activities.

He is former first lord of the British admiralty and minister of propaganda and, as such, definitely connected with the forces Senator Johnson says are taking the United States into Europe's war.

**Doubts Japan Will Act.**

Addressing the Commonwealth club later in the day Duff Cooper declared that for Japan to perform "a wild act that would commit her to war" would align against her all the nations now fighting against Germany and her allies.

"Such an act undertaken now, he said, "would seem almost a suicidal act for a country which in four years has been unable to wrest a victory from China, but suicide is less appalling to some nations than to others. Let us hope that what has been practiced by some individuals of a great country will not be practiced by the nation itself."

If Japan intended to jump into the European conflict at all, he suggested that "after Dunkirk was over and after Mussolini had rushed to the aid of the victor" was the time.

## RUSSIANS GIVE UP NOVGOROD ON THE LENINGRAD FRONT

The Red army today admitted the abandonment of Novgorod, 100 miles southwest of Leningrad and about 35 miles from the Moscow-Leningrad railway.

The Russians asserted that on the central front they were counter-attacking with tanks and infantry, supported by artillery and bombing planes.

The Germans reported that they had blocked a three day counter-assault on the same front. The Nazi high command merely announced that "operations in the east are making good progress everywhere."

## *Charge War Pledge Bared by Churchill*

BY ARTHUR SEARS HENNING.
[Chicago Tribune Press Service.]

Washington, D. C., Aug. 25.—Revelations of President Roosevelt's war policy contained in British Prime Minister Churchill's broadcast yesterday caused an eruption of indignation in noninterventionist circles here today.

Senator Robert Taft.

Senator Burton K. Wheeler [D., Mont.], noninterventionist leader, said that the President evidently had pledged himself in the high seas conference with Churchill to take the lead in combating Japanese threats to British Malaya and appeared to be bent on getting the country into war in the Pacific, if not in the Atlantic.

Senator Robert A. Taft [R., O.] said that Churchill manifestly understands that Mr. Roosevelt pledged the United States to go to war.

**Hull Refuses Comment.**

Secretary of State Cordell Hull declined to comment on Churchill's statement that the United States is endeavoring in diplomatic negotiations to solve the problem of the Pacific created by Japan's aggressions but that if these efforts fail Great Britain will range herself on the side of the United States, Churchill evidently envisaging war between America and Japan over the menace to British possessions.

Mr. Hull said that the current conversations with the Tokio government represent no change from the fundamental principles governing American policy in the Pacific that he outlined in 1937.

These principles, including respect for treaties, maintenance of international law, and revision of treaties by peaceful means instead of force, are still the prerequisite for normal American-Japanese relations, the secretary said.

**News Comes from British.**

"We are becoming accustomed to getting our news from the British of what our own government is doing," said Senator Wheeler. "Consequently no one could have been surprised to learn from Prime Minister Churchill's speech that it is not British Singapore that is threatened by the Japanese occupation of neighboring Indo-China, that it is not British Burma that is threatened by Japan's efforts to dominate adjoining Thailand, but that it is the American [still nominally American] Philippines, far distant from the scene of Japan's aggressions and that therefore the United States has assumed leadership in the endeavor to stop Japan.

"We had been under the impression that British possessions were

## MARLENE DIETRICH'S ANKLE FRACTURED IN FALL AT FILM STUDIO

*(Picture on page 3.)*

Los Angeles, Cal., Aug. 25 [Special].—Marlene Dietrich tripped on a baby's toy on a studio set today and in striving to protect a 7 month old infant she held in her arms during a film scene, fell squarely to the floor, suffering an ankle fracture. She was knocked unconscious by the fall. The child escaped injury. Miss Dietrich's physician said her leg injury and severe shoulder injuries would keep her out of pictures for a month.

## BRITISH-RUSSIAN INVADERS PUSH FAR INTO IRAN

### Shah Hurls 190,000 Troops at Foes.

### *'Discussed by F. D. R.'*

[Chicago Tribune Press Service.]

LONDON, Aug. 26 [Tuesday].—Altho the United States was formally notified today by Britain of the Anglo-soviet invasion, the situation developing in Iran had been "fully discussed" in advance between President Roosevelt and Prime Minister Winston Churchill, the diplomatic correspondent of the Daily Telegraph said today.

Lord Beaverbrook's Daily Express said the Anglo-Russian move was a logical sequel to the Roosevelt-Churchill war and peace aims declaration. It implied that the United States, as well as Britain, will benefit from the invasion because it will keep a railway route "open for British and American aid to our fighting Russian allies."

"You see in this move the first working out of what Churchill called 'practical' plans underlying the eight point declaration," it added. "The Persian gulf offers a hot weather or winter port for overseas aid to Russia."

*(Map on page 2 and picture on back page.)*

LONDON, Aug. 26 [Tuesday] (AP).—British and Russian troops smashing into Iran [Persia] with the avowed purpose of ridding that country of Nazi agents and joining forces in the fight against Germany today were reported well inside that ancient land.

The Russians announced their Cossacks, entering northwest Iran, penetrated 25 miles on the road to Tabriz, 60 miles from the Russian frontier, and were also advancing on Ardabil, 25 miles south of the border and near the Caspian sea.

The British did not reveal the extent of their drive, which began yesterday from the Iraq border and the Persian gulf. They acknowledged meeting "some resistance" from the Iranian army, which consists of 19 divisions totaling 190,000. The army is equipped with Swedish-made artillery and has 13 planes, one American Tomahawk and 12 British Hurricanes.

**Ships Attacked, Says Premier.**

Premier Ali Mansur told the Iran parliament in Teheran that the British had attacked Iranian ships, presumably in the Persian gulf port of Bandar Shapur, and also had bombed and shelled Iranian towns.

"All necessary measures to face this attack," have been taken by Iranian authorities, the premier was quoted by the Teheran radio.

The government, he said, had scrupulously pursued a neutral policy, and in an attempt to calm Britain and Russia even had taken "special measures to reduce the number of Germans in the country." He referred to the Germans as a "small number."

The joint invasion opened with assurances in both London and Moscow that the sole purpose was to end a growing threat offered by the intrigues of Nazi residents of the kingdom, will establish an allied line of communication to Russia from the Persian gulf in case the German drive into the Ukraine turns into a threat to the soviet oil fields of the Caucasus.

*[Iran is the key to three possible routes for aid for Russia. Details on page 2.]*

**Three Columns Move In.**

The British, under command of General Sir Archibald P. Wavell, directing operations from Simla, India, pushed to the eastward from British-dominated Iraq [Mesopotamia] and to the northeast from the Persian gulf. The Russians at the same time struck southward from the Caucasian frontiers.

The first major landing made by Wavell's desert troops was at Bandar Shapur, at Iran's extreme west at the head of the gulf, and it was stated authoritatively "that, of course, is not the sole point of entry."

Indian mechanized forces operating under cover of heavy royal air force squadrons were at the head of the British advance.

In Baluchistan, bordering Iran on the southeast, other imperial troops were in action along the frontier.

Just how strongly the Iranians were fighting, and whether the oppo-

# BRITISH-RUSSIAN INVADING ARMIES PUSH INTO IRAN

sition thus offered was designed to be principally for reasons of form, was not stated here.

*[The Germans broadcast an early report that "clashes already have been reported from the Caucasian border." They also asserted that Tabriz had been bombed, suffering damage and casualties.]*

**Iran's Independence Pledged.**

Both Britain and Russia pledged that they had no designs upon Iran's territory or independence and would withdraw at the moment they deemed the German menace dissolved.

Both said that direct action had been ordered only after the repeated failure of the Iranian government of the shah, Riza Khan Pahlevi, to expel Nazi agents.

An immediate and urgent British assignment was to prevent possible destruction by German agents of Iran's pipeline and oil fields.

The Russians acted to secure their southern frontiers against what Moscow's official statement declared were plots by the Germans to provoke hostile action by Iran.

**Turks Display Worry.**

The Turkish embassy staff in London displayed deep worry over the British-Russian move into Iran. Spokesmen said the invasion "hedges Turkey with war and makes the maintenance of neutrality more difficult than ever."

They refused amplification of this statement, but the British foreign office expects a telegram today from Ankara embodying the official Turkish reaction.

Some informed sources believed the Turks were alarmed as much by the entrance of soviet troops into Iran as by the Germans massing in Bulgaria and Greece on their frontier.

Observers said Britain apparently had postponed the invasion from Saturday until yesterday to give the Turks time to readjust their frontier forces in the east.

Britain revoked permits for exports to Iran and prohibited any further exports to that country except under license.

**Charge Nazis Take Food.**

SIMLA, India, Aug. 25 (AP).—British troops entering Iran are carrying food supplies for the populace, British sources said today, because the country is reported in a state of near famine from heavy German food requisitioning, presumably for storage.

A statement issued by Gen. Sir Archibald P. Wavell's headquarters said the British-Russian entrance into Iran was decided upon to prevent the Germans from using the country as a base for attacks on Russia, India, and the Moslem middle east.

## WAUKEGAN CITY COUNCIL SPURNS SOLDIER CENTER

The Waukegan city council by unanimous vote last night rejected a government proposal, already approved by President Roosevelt, for the construction of a $111,600 recreation center in Waukegan for the soldiers and sailors in that area.

In preliminary negotiations for the center, Waukegan officials had offered to turn over to the government a plot of ground, valued at $16,000, at Lake street and Sheridan road. It is owned by the city.

The officials understood, they said, that at the conclusion of the so-called national emergency the building as well as the land would revert to the city. Yesterday, however, the council was notified by the government that no assurance could now be given that this would happen, altho the city probably would be given first choice to purchase the building. The council held last night that Waukegan could not financially afford to approve the project under such terms. However, further negotiations will be held with the government.

## INVASION OF IRAN SHOWS REDS NEAR END, NAZIS CLAIM

### Charge Roosevelt Aids Drive on Iran.

BY ALEX SMALL.

[Chicago Tribune Press Service.]

BERLIN, Aug. 25.—The Russo-British invasion of Iran [Persia] is, according to Germans, tantamount to a British admission that Russia's power of resistance is nearing its end.

The "infamous assault on proud Iran, with Roosevelt sharpening the knives for the criminal attackers," is, according to the German belief, carried out for the sole purpose of opening up a road for British and American help to the soviets. The Germans doubt, however, whether the British will be able to send any appreciable reënforcements to Russia from the near east in view of the danger threatening Egypt from Libya.

The Germans hold that "in view of the relatively weak resistance Iran is able to put up, mainly because of its unfavorable strategical position, the British troops may be the first to reach the Caucasian oil fields. It remains to be seen whether they will be strong enough to hold them."

**U. S. Approval Charged.**

BERLIN, Aug. 25 (AP).—Belief that Russia and Britain moved into Iran after getting an approving nod from Washington, D. C., was expressed tonight in the Berlin press.

Newspapers held that the United States was so deeply involved in the war it was sure to have been informed of all plans concerning Iran at the Atlantic meeting of President Roosevelt and Prime Minister Churchill.

Authorized sources declared Britain was "undeniably guilty" of assault on Iran and had delivered a neutral country over to bolshevism.

A foreign office check was said to have indicated that there were "less than 600 Germans" in Iran.

**Rome Assails "Aggression."**

ROME, Aug. 25 (AP).—Political circles assailed the British-Russian invasion of Iran today as an aggression with the double aim of gaining control of Iran's oil and of combining forces to fight the German invaders of the soviet.

## ITALY ACKNOWLEDGES RAID ON SARDINIAN TOWN BY THE BRITISH

ROME, Aug. 25 (AP).—British planes dropped explosive and incendiary bombs on Tempio, near Sassari, in Sardinia, Saturday night, the Italian high command reported today. It said one civilian was killed and four were injured. Damage was described as slight.

**Tobruk Patrols Active.**

CAIRO, Egypt, Aug. 25 (AP).—Patrols of British troops from the besieged port of Tobruk, Libya, were described by the British middle east command today as active "despite continuous enemy artillery and mortar fire." The garrison, a constant menace to axis supply lines to the Egyptian frontier, was by-passed in the German-Italian drive eastward last April and has held out since against attacks by both land and air.

Nearly 20 tons of bombs were dropped by the RAF on Tripoli Saturday night, causing more than 30 fires, one of which was visible 135 miles away, the British said. Other planes machine gunned the harbor area and the airdrome at Mellaha. One escort vessel and a schooner were sunk and another schooner left with a list in an attack off the Libyan coast.

## NEW ZEALANDER ALSO GIVES U. S. ROLE IN PACIFIC

[Chicago Tribune Press Service.]

Baltimore, Md., Aug. 25.—Peter Fraser, prime minister of New Zealand, arrived here late today by plane from Ireland. He left immediately for Washington, D. C., where he is scheduled to confer with President Roosevelt.

The prime minister refused to say what questions will be discussed with the President, but let it be understood that the far eastern situation will be among them.

Taking a cue from Winston Churchill's radio address to the world on Sunday, in which the British prime minister presumed to speak for the United States, Fraser said:

"The situation in the Pacific is serious, but not irretrievable. I feel that Japan has grasped the fact that while the United States and Britain are always willing to maintain friendship with any nation, they will oppose any act of aggression. Yesterday, Churchill spoke for all of us in warning Japan."

## INVASION BASED ON PRETEXT, SAYS IRAN'S MINISTER

Washington, D. C., Aug. 25 [Special].—Mohammed Schayesteh, Iran minister here, today called upon Under Secretary of State Sumner Welles, and later said he told Welles the Russo-British invasion was based on a "pretext."

"I would like to assure the American people that there are no German troops in my country," the minister said.

## THREE PATHS FOR HELP TO RUSSIA AT STAKE IN IRAN

The British-Russian invasion of Iran [Persia], long an important link in the pathway to India, may change the strategic position of this little land of about 628,000 square miles into the gateway thru which will pour aid to Russia.

Three routes into Russia thru Iran, over newly built railroads and highways traversing the ancient camel trails that brought the riches of the east to Europe, may be opened if the invaders' campaign is successful.

**A Rail Line from Iraq.**

British occupation of the kingdom of Iraq makes some of these routes possible. A rail line runs from Basra, Iraq, near the Persian gulf in the south, to Mosul, in the north, by way of Bagdad. From Mosul good roads lead thru Khoi and Tabriz, in northwest Iran, to the Russian railroad running to Tiflis, the Georgian capital. A railroad also links Tabriz to Russia at Julfa, about 75 miles north.

The second of these possible supply routes links Bandar Shahpur, on the Persian gulf and less than 100 miles east of Basra, to Bandar Shah on the Caspian sea, the world's greatest inland sea, over the Trans-Iranian railway. This line, built at a cost of nearly $100,000,000 by American, French, German, and British interests and completed three years ago, runs for 870 miles thru desert and mountains.

**Helps Remake Ancient Persia.**

Construction of the railway was one of the first undertakings of Riza Khan Pahlevi, the shah, in his remaking of ancient Persia into modern Iran.

The third route to Russia reaches out of India and along the eastern border of Iran north to a railroad that extends to the Union of Soviet Socialist Republics. Supplies along this path would travel by rail from Karachi, India, over great stretches of desert to Mirjawa, Iran, on the border. The supplies then would move over more than 800 miles of road to Luftabad on the border of Russian Turkoman.

## CLERKS' UNION VOTES TO HAVE NEW ELECTION

Local 1397 of the clerks' union in Oak Park attended a meeting at 2136 South 61st court in Cicero last night to vote on the question of a new election. Only 109 of the 500 members were present.

The union has been under the control of Elmer Mirabella, a Caldwell henchman, who was reëlected business agent a month ago by a small hand-picked group of members.

Mirabella once served six months in the Bridewell for contributing to the delinquency of a minor. This fact was told to those present at last night's meeting by Sergt. Frank West of the state's attorney's office. Attorney Daniel Carmel, representing the international, warned the group that Mirabella will not be allowed to continue in office, and the members voted, 84 to 25, for a new election.

# RUSSIANS ADMIT FALL OF CITY ON LENINGRAD FRONT

## Reds Abandon Novgorod After Fierce Fight.

MOSCOW, Aug. 26 [Tuesday] (AP).—German pressure on Leningrad increased today with the Red army's announced abandonment of Novgorod, 100 miles to the southwest and only about 35 miles from the Moscow-Leningrad railway.

The city north of Lake Ilmen was given up only after days of desperate Russian resistance, the early morning communique said.

[*The British radio last night quoted a Moscow broadcast as saying Nazi forces are at the approaches to the fortress of Leningrad, and, aware of the danger, the Russians will be fighting at every street corner in the city so that the "Fascists will never pass."*]

Elsewhere the Red army still fought stubbornly—on the central front between Gomel and Smolensk, in the Dnepropetrovsk industrial area in the Ukraine, and at the hold-out fortress of Odessa on the Black sea on the south.

**Press Counterdrives.**

With masses of tanks and infantry, supported by artillery and bombing planes, the Russians reported they were pressing counterattacks in the central area, where scores of German tanks were declared overrun Sunday.

[*British military quarters said this was the most important counter-offensive yet undertaken by the Russians, with the objective of preventing the Germans from flanking Russian east bank defenses along the lower Dnieper.*]

With cavalry and other arms the Russians also conducted counter attacks to foil the Germans' drive on Dnepropetrovsk, a vital western bank bridgehead still held by the Russians.

Altogether, spokesmen said, at least four Rumanian divisions have been wiped out in attacks on the Odessa naval base.

**Heavy Rains Sweep Front.**

Russians gained cheer from front line dispatches telling of heavy rains sweeping the front. Roads and marshy land around Leningrad were turned into bogs where German tanks found the going tough. About Leningrad battling still was going on south of the city, and on the Finnish front near Kakisalmi, 65 miles to the north.

There were no official reports from Tallinn, the Estonian capital, and it was assumed therefore that the Russians still were holding out at that beleaguered city.

Soviet naval forces were reported in the last 24 hours to have sunk a German submarine in the Black sea and two of four Nazi troop and supply transports in the Baltic.

## REVEAL SOVIET OFFICERS FEAR TO REPORT RETREAT

[Chicago Tribune Press Service.]

HELSINGFORS, Finland, Aug. 25.—Russian reports, captured by the Finns and Germans, show that soviet commanders do not dare to report withdrawals or retreats, it was disclosed today. It was said that every report addressed to the soviet general staff in Moscow declared that the military unit in question was either advancing or holding its ground.

Captured Red officers, it was revealed, admit they and their comrades live in terror. Soviet officers, it was said, fear that political commissars [with the Russian armies] will denounce them or make an accusation which will lead to their arrest and execution.

These officers were said to have told their captors that the execution of an army officer is followed by the arrest of his wife and children who are then exiled to some distant soviet province without being informed of the officer's fate.

## Churchill O. K.'s French Envoy's Stay in Canada

OTTAWA, Ont., Aug. 25 [Special].—After discussing the situation with Prime Minister Winston Churchill, Canada's premier, W. L. Ristelhueber is the only Vichy minister in any British dominion.

## Shanghai Gang Shoots 2 Employes of Jap Army

## JAPS IN PHILIPPINES DO NOT PLAN EXODUS, SAYS CONSUL GENERAL

MANILA, P. I., Aug. 25 (AP).—Katsumi Nihro, Japanese consul-general to the Philippines, said today that Japanese nationals planned no exodus from the islands. Fewer than 600, about 2 per cent of the total, had left for their homeland, he said, but had done so because of bad trade conditions. Nihro said the freezing of credits and export control restrictions were "working to the prejudice of both the Philippines and Japan in curtailing trade."

# 3 DAY ASSAULT BY REDS WARDED OFF, NAZIS CLAIM

## Russians Lose 123 Tanks on Central Front.

BERLIN, Aug. 25 (AP).—Germans said tonight that their troops on the central front had blocked a three day Russian counterattack in which Red army waves charged repeatedly and without regard to losses.

Reports of this battle were given in dispatches from the front, the official communique saying only that "operations in the east are making good progress everywhere."

The Russian counterattack was described as having developed in two parallel drives, one using mainly big tanks and the second, in an adjoining sector, by mixed tanks and infantry. The Germans claimed the Russians lost 123 tanks in the two assaults.

**Ward Off Attacks, Nazi Say.**

"Strong armored forces supported by artillery were thrown into a counterattack on German positions," said the German report.

"In heroic fighting which lasted several days the German forces warded off all attacks and weakened the soviet troops numerically and materially. In three days 95 soviet tanks were left behind the German lines, including some of 32 and 45 tons.

"In the adjacent sector the soviet attack was arrested by the effective defense of a German infantry regiment. Eight times the soviets sent their waves against this regiment on Saturday. Eight times they succumbed to the German fire.

"After this successful defense German armored cars crashed on the same day into the exhausted ranks of the enemy, causing them further severe losses. Apart from many prisoners, the Russians also lost much war material.

**28 More Tanks Destroyed.**

"Here 28 more soviet tanks were destroyed and 31 guns and 30 motor trucks were either smashed or captured. Thus all soviet attacks, undertaken without regard to men and material, collapsed."

Reports from the Baltic stated that German mines were accounting for an increasing number of Russian ships. It was announced that three Russian freighters, one destroyer, and two mine sweepers had been sunk.

DNB, official German news agency, said a 6,000 ton soviet transport was sunk by the air force. It said that "wild panic" broke out among the Russians and that they rushed to the ship's sides and jumped overboard. DNB claimed many other soviet ships in the Baltic were damaged by direct bomb hits.

**Finns Capture Islands.**

HELSINGFORS, Finland, Aug. 25 (AP).—Destruction of 10 Russian warships, tankers and troop laden transports by Finnish naval forces which stormed and captured a group of islands off Virolahti, 40 miles west of Viipuri [Viborg], was announced tonight by the Finnish command.

The Finns said seizure of the islands, ceded to Russia in the peace treaty of 1940, silenced big soviet guns which had been harassing Finnish troops on the mainland, and tightened the ring of steel being drawn about Viipuri.

Soviet naval losses were listed as one destroyer, four transports, two tankers, and three trawlers. In addition a large number of tugs and transport ferries were reported to have been set afire. One of the transports, a 5,000 tonner, was said to have been jammed with Red army troops and war materials.

Finnish land forces were reported approaching the gates of Viipuri, once Finland's second city which the Russians also gained in the peace of 1940.

[ADVERTISMENT]

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

# NEWS U. S. MOVES TO SOOTHE JAPAN SHOCKS CHINESE

## Churchill's Assertion Stuns Public.

CHUNGKING, China, Aug. 26 [Tuesday] (AP).—Winston Churchill's assertion that the United States is laboring to reach a settlement with Japan burst upon the Chungking public with the effect of shock today and provoked dismayed images of far eastern appeasement.

Official circles, however, said they could not conceive of the possibility of any settlement not fully within the framework of the Churchill-Roosevelt eight point declaration and the nine power pact.

"I am sure the friendly powers will not betray China," said Vice Premier H. H. Kung.

**Feels No Apprehension.**

Foreign Minister Quo Tai-Chi said he felt no apprehension over the American attempt to reach an amicable settlement "because the democracies can no more change from their policy of opposition to aggression that Japan can abandon her policy of aggression."

The foreign minister said that Churchill's Sunday speech and diplomatic conversations in Washington and Tokio were an unmistakable warning to Japan that if she continued her aggression she would bring upon herself a conflict with "armed policemen."

"I doubt very much whether the warning will be seriously heeded," he said.

**"Welcomes Negotiations."**

TOKIO, Aug. 26 [Tuesday] (AP).—Japan would welcome negotiations with the United States to ease tension in the far east "if we can come to a reasonable conclusion," Koh Ishii, Japanese cabinet information bureau spokesman, said today.

Ishii said, however, he had no information that any such negotiations were under way.

Commenting on the British-Russian invasion of Iran, Ishii said:

"The peace living American nations must have been shocked by this unprovoked act."

Japan, he said, was shocked also.

**Defy U. S. and Britain.**

Earlier the Japanese charged that Prime Minister Churchill lied about British and United States efforts to keep peace with Japan, and defiantly declared nothing would halt the southward course of this Asiatic empire.

The entire press attacked Churchill's promise of aid to the United States if attempts to stop Japan's expansion were not accomplished peacefully.

The conservative newspaper Nichi Nichi said that instead of trying to keep peace, Britain and the United States were disturbing the peace of Asia by aiding the Chiang Kai-shek régime. It also said:

"Britain must terminate her anti-Japanese activities immediately."

**British Reinforce Singapore.**

SINGAPORE, Aug 25 (AP).—Strong RAF groups, Indian infantry and artillery units and a 306 man medical detachment landed today to reinforce Britain's already formidable Malayan bases, emphasizing a declaration of Prime Minister Churchill that Japanese aggression "has got to stop."

The largest single body of British air force personnel to arrive in more than a year poured down the gangplanks of this equatorial naval bastion to help man the empire's expanding string of bomber and fighter bases in the far east.

Indian troops were landed at strategic points upon the narrow Malayan peninsula between the Bay of Bengal and the Gulf of Siam to the north, the land bridge between Singapore and the Asiatic continent which Japan regards as in her sphere of influence.

## Divorced, Remarried

[Associated Press Photo.]
*MRS. ANNE GOULD ELSBURY.*

Jackson, Wyo., Aug. 25 (AP).—The divorce of Anne Gould Elsbury, 28, great-granddaughter of the railroad magnate, Jay Gould, from her cowboy husband and her third marriage to a Wyoming ranch neighbor were disclosed today.

The Rev. L. K. Barbee, pastor of the First Baptist church, said he performed a marriage ceremony for the heiress and Ezra [Gus] Wogoman of Cody Saturday afternoon.

The bride obtained a divorce Friday from her second husband, Herman Elsbury, Cody cowboy, in the Teton County District court.

Milward Simpson of Cody, Mrs. Wogoman's attorney, said Elsbury did not contest the divorce action, which charged cruelty.

# CHURCHILL VIEW OF F.D.R. PARLEY STIRS UP STORM

## Charge War Pledge Is Evident.

[Continued from first page.]

being threatened and that the question was whether Mr. Roosevelt was going to send our armed forces overseas to support Britain if war should develop between Britain and Japan. Now we find that it is the United States that is being threatened and that Churchill has pledged the support of Britain if war develops between the United States and Japan.

**Credits Churchill with Coup.**

"Apparently Churchill at the high seas conference maneuvered the President into the position of taking the lead against Japan, thereby committing Mr. Roosevelt to a pledge to take the country into war, if necessary, to pull Britain's chestnuts out of the fire in the South Pacific.

"The fact is that we are not threatened in the Pacific and we don't need the help of the British or any one else. We can take care of ourselves.

Senator Taft said that the British prime minister's broadcast was designed chiefly to influence America.

"No more tenable is the theory that we must fight Japan to protect our sources of tin and rubber in Malaya and the Dutch Indies," he said. "There never will be any difficulty in buying tin and rubber in that region whoever owns it."

"Mr. Churchill is a great emotional orator," said Mr. Taft. "His speech was directed to persuading the American people that they should go to war at once, at England's side. The most significant sentence in his speech is this: 'The President of the United States and the British representative have jointly pledged their countries to the final destruction of the Nazi tyranny. That is a solemn and grave undertaking. It must be made good. It will be made good.'

"Of course this means that in Mr. Churchill's mind the President has pledged the United States to go to war."

# TELL HOW A LONE PLANE SAVED 14 SHIPS IN CONVOY

## 8 Other Vessels Sunk by German U-Boats.

LISBON, Portugal, Aug. 25 (AP).—Fourteen British merchantmen arrived in this neutral port today with thanks to a lone American made plane for their survival out of a convoy of 20 ships and a tug harassed by a four day running attack by German planes and U-boats off Spain.

The remainder of the convoy and an escorting corvette were reported sunk at night by submarines when the protecting plane could not go aloft to spot the attackers.

The survivors arrived as embodied evidence to offset the widely quoted Sunday claim of the German high command that 21 merchant ships totaling 122,000 tons and three of their naval guardians had been sunk out of a Gibraltar-bound convoy.

**Sea Captains Tell Story.**

Six of the surviving sea captains told how U-boats sank six of the merchantmen, the ocean going tug Empire Oak, and the corvette in night attacks while a Catalina flying boat beat off daylight assaults of Nazi planes.

The convoy captains asserted that the German bombers failed to sink a single ship mainly because of the thoro work of the Catalina and its crew.

Submarines hammering at the convoy after darkness, however, were said to have gotten the tug, the escorting gunboat, and the merchantmen Stork, Ciscar, Aguila, Alvia, Clonlara, and Spind.

It was not known here how many of the survivors were rescued by escorting warships which did not put in here.

**Attacked 400 Miles off Coast.**

The captains said they were first attacked by planes about 400 miles off the Spanish coast Tuesday, Aug. 19.

"The German planes kept well off," one weather-beaten skipper asserted, "because the big Catalina flying boat circled right above the convoy. When the Germans came near, the Catalina dived on them and they scattered, dropping their bombs in the sea."

Tuesday and Wednesday nights German submarines attacked from both sides of the convoy, sinking two ships and the tug, and the following day planes renewed the attack fruitlessly.

Friday and Saturday nights, the captains said, the submarines attacked again, getting the four additional merchant ships and the corvette.

**Gasoline Ship Blows Up.**

Capt. J. W. Klemp of the 1,345 ton Petrel said his ship was between two others, one laden with gasoline, when torpedoes struck both in the darkness.

"One of them went up in a flash," he said.

"Even my Negro cook and carpenter volunteered immediately along with the others to lower a boat and search for survivors from the ships. We stayed there five hours, until after daylight, and those two boys succeeded in picking up 12 men by themselves. Another of our boats picked up 13 more and then we continued our trip."

# REPORT JAPAN PLANS TO LET U. S. WAR AID ENTER VLADIVOSTOK

SHANGHAI, Aug. 25 (AP).—A French dispatch from Tokio quoted well informed quarters today as saying the Japanese government had decided to tolerate temporarily the passage of American war materials to Vladivostok, Russia's great Siberian port.

The shipments, which must go thru waters controled by the Japanese navy, the dispatch said, will be used as a lever to obtain relaxation of United States economic restrictions on Japan. Japan was expected to seek a Moscow guarantee not to use American arms against Japan, according to this source, and not to participate in the alleged British-American encirclement.

**Seek to Block U. S. Tankers.**

TOKIO, Aug. 25 (AP).—Teiichi Muto, a commentator in the newspaper Hochi, declared today that American oil tankers must not be permitted to pass thru the Tsugaru and Soya straits because they are within Japanese territory. The straits are the passages thru the Japanese archipelago which encloses the Sea of Japan, the route to Vladivostok.

# FIND CHURCHILL SILENT ON FREE RELIGION ISSUE

## Church Leaders Comment on Premier's Address.

BY THE REV. JOHN EVANS.

Prime Minister Churchill's broadcast on Sunday was being cited by leading clergymen yesterday as evidence that freedom of religion is definitely out of the Churchill-Roosevelt blueprint of the world of the future.

Dr. Charles F. Boss Jr., head of the Methodist Peace commission, pointed out that the address of the British prime minister did not confirm President Roosevelt's report to congress last week in which the freedoms of religion and information were read into the eight point Atlantic agreement. Seeking answer for the omission of religious freedom from the eight points, Dr. Boss said many clergymen believe the President and Mr. Churchill sought a formula acceptable for Great Britain, the United States and China, and that freedom of religion would not be acceptable to soviet Russia.

**Points to Powder Keg.**

On the other hand, the Rev. Edwin H. Meinzen of Immanuel Lutheran church, Ashland avenue and Roosevelt road, furloughed missionary from India, pointed to Britain's "powder-keg in south Asia and the Near East, particularly the Mohammedan countries of Afghanistan, Iran, Iraq, and Transjordania," as at least a part of the answer to the question. The Rev. Mr. Meinzen spent 16 years at Vadahangulam, in south India. He is acting pastor of Immanuel church until his return to India.

"Mr. Churchill possibly had those Mohammedan countries particularly in mind as the eight point program was drawn up," said the Rev. Mr. Meinzen. "He may have been worried about Nazi and Italian propaganda. You recall that Mussolini once called himself 'the protector of Islam.' Then there are the native states of India under their own rajahs. Some of these are nominally Hindu and others Mohammedan.

**Hinduism Is Tolerant.**

"The Hindu offers no problem for religious freedom because Hinduism as a religion is amorphous and highly tolerant of every phase of belief or even of unbelief. But Mohammedanism is militantly fanatic, rigid and exclusive. I don't think Gandhi would object to inclusion of freedom of religion in the eight points, altho Gandhi, as the 'uncrowned king' of India, does not like all that missionaries do, particularly when they proselytize thru the use of economic pressures."

The Rev. Mr. Meinzen explained that even the Mohammedan native states would be hardly likely to object to religious freedom as a part of the Atlantic agreement if left to themselves. He said they are definitely loyal to India and "have too much at stake, the throne of the rajah above all. The rajah would lose his throne if a case could be brought against him."

"While Britain's primary interest has been the commercial development of India, yet she has definitely made far reaching improvements in the entire social and economic setup of that country," the Rev. Mr. Meinzen said. "This fact, inadequately recognized by Indian nationalists, has been a deciding factor in the stabilization of India."

**Calls It a Disappointment.**

The current issue of the Tablet, Catholic weekly of Brooklyn, N. Y., quotes the Rev. Dr. Walter W. Van Kirk, a secretary of the Federal Council of Churches, as referring to a growing disappointment that freedom of religion was omitted from the Atlantic conference agreement.

"There is no reference to religious freedom in this blueprint of tomorrow's world, the federal council leader was quoted as saying. "This will come as a disappointment to Protestants, Catholics, and Jews, many of whom are now in jails and concentration camps because they would not surrender the right to worship God each in his own way."

The Van Kirk statement said the churches would agree to some of the eight points, but "when it comes to the point of dealing with disarmament the churches are apt to raise not one but many questions. What the churches have pleaded for and prayed for is not the forced disarmament of one or two nations but the disarmament of all nations, great and small."

[That's what they call it themselves.] Ed Allen, their assistant in nonsense, returned from a vacation in time to help the boys in the show. Bob Trendler and the W-G-N Dance orchestra served up a suitable musical setting. Paul Larner wrote the script, and William A. Bacher directed the show.

## *CHEMISTRY DEAN AT TULANE ENDS LIFE WITH POISON*

New Orleans, La., Aug. 25 [Special].—Prof. Hal Walters Moseley, dean of the school of chemistry at Tulane university, today went into his campus laboratory and concocted a death potion which he swallowed. Behind locked doors he awaited death. His body was found late this afternoon. He left a note reading: "It is bad but it had to be done."

He was a popular and jovial member of the faculty.

Prof. Moseley, an authority on poisons, was a graduate of Bethel college, Kentucky. He received his master of science degree from Tulane in 1914; then did advanced study at the Universities of Kansas and Chicago. He served as president of the Louisiana section of the American Chemical society for several years.

He was divorced five years ago from his first wife, a beautiful socialite, who then married Charles Fox, a wealthy banker.

Four years ago Prof. Moseley eloped with Mrs. Myrtle Moore, who taught Latin in Newcomb college. She survives him.

## *DRAFT REJECTS 602 REGISTRANTS FOR ILLITERACY*

More than 1 per cent of all Illinois draft registrants are below the army literacy standard, a report issued by Paul G. Armstrong, state director of selective service, indicated yesterday.

Based on figures gathered from the 361 draft boards in the state, the report showed that 602 registrants were rejected for illiteracy by the local boards between May 14 and July 15. During that period 210,813 registrants were classified. Of these 30 per cent were placed in class 1-A and given the literacy test.

In the state nearly eight times as many Negroes were rejected for illiteracy as whites, while in Cook county the percentage ran 10 to 1.

## *Chicagoan Drowns Trying to Swim River in Iowa*

Edward J. Felman said Hutton became exhausted while attempting to swim a wide point in the river above a dam. Felman attempted to save him, but Hutton became panicky and almost dragged him under.

# FINDS FIGHTING AGAINST WAR NO PEACEFUL TASK!

## Vassar Graduate Says She Won't Be Intimidated.

Miss Margaret Russell, 32 years old, a Vassar college graduate, believes in dramatic action in opposing this nation's involvement in the war. She expects criticism of her methods but she believes the criticism has turned into intimidation.

In Washington, D. C., Miss Russell created a sensation in the house gallery by donning a death mask and speaking out against war. She was forcibly placed in a hospital for the insane. She was declared sane after two days and two nights among insane folk.

Since the end of June she has picketed various Chicago prowar centers in death costumes.

**Police Are Called.**

Last Saturday her little band picketed a prowar newspaper plant. A crowd gathered. The police were called. A man came up, showed a police badge and demanded a "picketing permit," Miss Russell said.

"You won't be around here very long," she quoted the detective as saying.

The picket went to a drug store. Miss Russell herself called the Central police station. The desk sergeant, she said, told her a patrol wagon was on the way over to pick them up.

"I won't be intimidated, but the other women have to be cautious," Miss Russell said. "So we gave up for the day. I should add that Chicago policemen, as individuals, have been grand to us. They've kept hoodlums from harming us."

**Costumes Locked Up.**

Sunday, Miss Russell said, she received a notice that her room in the Leland hotel for women at 50 East Harrison street had been rented, altho on Saturday she had tendered a check for the next week's rent. She went out to seek other quarters. When she returned at night her belongings—including 35 death costumes—were locked up. The key to the storage room couldn't be found, she was told.

Yesterday Miss Russell finally got her belongings.

"She had the hotel in an uproar with her death masks," explained Emmett Gibbons, operator of the hotel. "She used her room as an office, so we raised her rent $3 a week.

**Says He's Against War, Too.**

"She threatened to move and so we rented her room. Her things were locked up over Sunday for safe keeping. My wife had the keys and was out. We weren't withholding anything."

Miss Russell said it all happened because Gibbons is a Democratic precinct captain and an interventionist. To this Gibbons said:

"I'm a Democratic precinct captain, but I'm the opposite of an interventionist. I'm Irish and I'm as much against war as Miss Russell says she is."

## *DRAFTEE'S TERM IN 'SPIT' CASE CUT TO 3 YEARS*

Washington, D. C., Aug. 25 (AP).—The war department announced today that Robert P. Patterson, acting secretary of war, had reduced the prison term of John Habinyak, a draftee convicted by a courtmartial of insubordination, to three years in prison. Habinyak, who was convicted of refusing to obey orders including one to clean up after spitting on a messhall floor, had been sentenced to serve 10 years and 9 months.

Patterson also suspended execution of Habinyak's dishonorable discharge until his release from confinement at the Fort Leavenworth, Kas., disciplinary barracks, where he was ordered confined. The war department announced that if his prison conduct is good he will be released in 30 months, the maximum period of service to which draftees are liable under the revised law.

The war department said suspension of the dishonorable discharge will make it possible to restore Habinyak to duty at any time, with remission of the unexpired term of confinement should his subsequent conduct justify additional clemency.

## *POLICE CAPTAIN STEPS OUT AND RAIDS A BOOKIE*

Capt. Tom Duffy of the Central police district ran out of his office at 1121 South State street yesterday and into a cigar store at 1107 South State street. He pushed his way into a back room from which he could hear a loud speaker giving race results.

Sheets on the wall contained the names of the horses. A dozen or more persons were making bets.

"The unmitigated gall," commented the captain after he had lodged Harry Levin and Bill Turner in cells as keepers of a gambling game. "They might as well have been doing business in the police station. A telephone caller advised me they had just set themselves up in business. I shall ask Commissioner Allman to revoke their cigaret license."

## *89 Year Old Woman Dies Under Wheels of Engine*

Mrs. Katherine Dougherty, 89 years old, 3506 Seminary avenue, was killed yesterday when she was struck by a Milwaukee railroad freight engine at Racine avenue and Henderson street. Police said she was picking up coal. They found $127 pinned to an undergarment.

# CLARIFY 8 POINTS, ANTI-WAR RALLY ASKS ROOSEVELT

## 15 Questions Posed at Oak Park Meeting.

Fifteen questions were posed to President Roosevelt last night, asking him to clarify the eight points which were made public after his recent sea rendezvous with Prime Minister Churchill of Great Britain.

The questions were asked at a meeting of the Oak Park-River Forest chapter of the America First committee at 736 Lake street, Oak Park. They were then incorporated in a formal questionnaire which is to be mailed to the White House by Mrs. Lillian Prugh, chapter chairman.

Following are several of the questions:

"If the sea discussion between yourself and Mr. Churchill did not include war measures, what was the purpose of the presence of the highest ranking army and navy officers, including our chief of staff?

**Policing of the World.**

"Your eight points seem to assume we are going into some world league of collaboration designed to police the world. On what authority of the people is such a league or policing of the world predicated?

"Only several weeks ago the British prime minister stated that we were on the very verge of war. Does not your meeting with the prime minister . . . lead him to believe that he correctly stated the attitude and status of our country, and that you agree with him?

"The treaty of Iceland was ratified by the parliament of Iceland. Why was that same treaty involving occupation by our armed forces of that island not submitted to our senate for ratification?

**Beckoning War.**

"Since convoys mean shooting and shooting means war, and since at the time of the occupation of Iceland an order was issued to patrol the communications from our shore to Iceland, are you not in effect beckoning war to come to us by such occupation?"

Several of the questions emphasized the phrase "after the final destruction of the Nazi tyranny," which was included in the eight point accord reached by the President and Churchill.

The Oak Park-River Forest chapter of the America First committee took the position that that phrase implied a pledge on the part of the President to destroy that tyranny, and asked the President's explanation.

The chapter also recalled the statement by a British general that American man power will be needed to whip Germany, and asked the President whether the sea conference gave the British the right to expect American man power.

# FIRST OF THE JULY 1 REGISTRANTS ARE INDUCTED INTO ARMY

The first of the 21 year old draftees who registered July 1 were inducted yesterday as 11 men, all from downstate draft boards, reported to the Chicago induction station. They were among 300 men of 30 draft boards who reported yesterday. Cook county boards are not expected to call any July 1 registrants for induction until September. The induction station will be closed during the first two weeks of September, but in the remaining two weeks of the month will induct a scheduled 2,640 men, twice the number originally set by army quotas.

## *1,200 AT NORSE RALLY URGED TO BACK ROOSEVELT*

Approximately 1,200 persons of Scandinavian birth or descent attended a rally last night at which speakers urged them to support the Roosevelt administration's foreign policies.

The meeting was held under the auspices of the Fight for Freedom group. It was held in the Logan Square Masonic temple at 2451 North Kedzie avenue.

Among the speakers were Ben Davidson of New York, representing the International Coördination council; Theodor Broch, former mayor of Narvik, Norway; John A. Lindrup, an editor of the newspaper, The Scandinavian; George P. J. Jensen, president of the Chicago Denmark society, and Paul W. Lindstrom.

# NEW DEALERS TIE UP ARMY PLANES FOR AIR JOY RIDES

## Excursions Unaffected by Gasoline Rationing.

BY WILLIAM STRAND.
[Chicago Tribune Press Service.]

Washington, D. C., Aug. 25.—While the nation's airplane plants are straining to supply planes and parts for military needs, a large number of aircraft must be held ready for the business and pleasure trips of various cabinet officers and high ranking army and navy officials, a survey disclosed today.

Henry Morgenthau.

Administration spokesmen recently announced that the shortage of high octane gasoline for flight training in this country and aid to Britain was becoming so acute that producers would be required to double their outputs to insure an adequate supply. However, there is no record that gasoline for the official joyriding planes has been rationed, as it has been for ordinary citizen motorists in the east.

**Morgenthau Envy of Others.**

Secretary of the Treasury Henry Morgenthau is the envy of his colleagues in President Roosevelt's official family when it comes to air travel. Most of the others have to be content with a bomber or a reconnaissance ship, of which the army and navy keep plenty on hand to satisfy the demand for the officials' flying.

Morgenthau has a twin motored Lockheed Lodestar available at all times. The ship is said to have cost the taxpayers around $85,000 and ostensibly is assigned to the coast guard, which is under the treasury department. But its pilot, co-pilot, and mechanic, paid by the government, know they will be summoned only when the secretary and his friends want to escape from the Washington heat for a few days.

The plane makes frequent excursions to the Morgenthau estate near Pawling, N. Y. Last week the secretary took it on a fishing trip to Canada. It is said to be luxuriously fitted, including even an ice box for refreshments.

**Phone Call Gets a Plane.**

When other cabinet officers or military officials want to fly they have merely to telephone the army or navy department. When they arrive at the airport a plane with a tank full of gasoline and a pilot is waiting for them, ready to take them anywhere.

Besides the planes kept available for general use, Secretary of War Henry L. Stimson has a plane assigned to him, as has the Secretary of the Navy Frank Knox. Undersecretary of War Robert P. Patterson is one of the flyingest members of the official family, and an army plane is kept ready for him at all times.

Sidney Hillman, associate director of the Office of Production Management, also is a frequent passenger in government owned planes.

Billy Curtis, 4 foot midget, and Lois De Fee, 6 feet 8 inches tall, who were divorced yesterday.

Los Angeles, Cal., Aug. 25 (AP).—The marriage of Billy Curtis, 4 foot midget, and Lois de Fee, 6 feet 8 inches tall, ended in divorce today. The 75 pound husband told Judge Henry M. Willis the marriage in Miami, Fla., three years ago was "just a publicity stunt, anyway." He said he didn't learn that, however, until after the ceremony. The wife, weight 195 pounds, was a night club bouncer. "She told me she married me to win a bet," he said.

## BIDDLE IS NAMED TO BE ATTORNEY GENERAL OF U.S.

### Given Post Sought by Justice Murphy.

[Chicago Tribune Press Service.]

Washington, D. C., Aug. 25.—Francis Biddle, Philadelphia society leader and descendant of Edmund Randolph, the first attorney general general of the United States, today was nominated by President Roosevelt to be the 58th attorney general.

Francis Biddle.

Biddle, who is now solicitor general, will succeed Robert H. Jackson, who was recently appointed to the United States Supreme court. No contest of his nomination is expected in the senate.

Biddle, who like President Roosevelt is a product of Groton and Harvard, has been active off and on for a generation in Pennsylvania and national politics, both as a Republican and a Democrat. In 1932 he cast his lot with the New Deal and has held several offices. He had a lucrative law practice in Philadelphia before undertaking a political career.

**Once Chairman of NLRB.**

Biddle was name chairman of the National Labor Relations board in 1934 and resigned the next year. In 1938 he was made chief counsel for the joint congressional committee investigation of the Tennessee Valley authority, which resulted in an alleged "whitewash." He was appointed judge of the Third Federal Circuit Court of Appeals in 1939 and resigned a year later to become solicitor general.

The appointment of Biddle as attorney general occasioned no surprise in the capital, except possibly to Associate Justice Frank Murphy of the United States Supreme court, who had sought to get his old post back.

Murphy has not found his post in the court to his liking. He was never a student of the law and told intimates he would like to leave the bench. This word reached the President, who summoned Murphy to the White House for luncheon, at the time of Jackson's nomination to the court, with the idea of persuading Murphy to return to his first federal post, that of high commissioner of the Philippines.

**President Reported Surprised.**

During the luncheon Mr. Roosevelt said that word had reached him that Murphy would like to leave the court. The President was about to ask Murphy how he would like to return to the Philippines when Murphy took over the conversation.

He said reports that he would like to leave the court were correct. He then asked to be reappointed to his old cabinet post, saying there had been some criticism of the way he conducted the department of justice during his incumbency and that he would like to go back to show his critics he could do a good job.

This bid for the justice post, according to White House intimates, amazed the President, who had kicked Murphy upstairs out of the cabinet to the high court because of the way Murphy had handled the post. Mr. Roosevelt cut the luncheon short and sent Murphy on his way without making the suggestion that Murphy return to the Philippines. In the meantime, Manuel Quezon, president of the islands, made it known he would not take Murphy under any circumstances.

With today's nomination, Murphy resigned himself to an indefinite stay on the high court, which has its compensations. The court post pays a salary of $20,000 a year for life.

## TWO MORE FLEE 'ESCAPE PROOF' TRAINING SCHOOL

Two more inmates of the Illinois Training School for Boys near St. Charles, went over the fence and far away yesterday. They were: William Lewis, 15 years old, 1143 Adams street, and Edward Nilles, also 15, of Midlothian. A week ago Tony Yelaska, 16, and Max Zizkovich, 18, both of Chicago, scaled the socalled escape proof fence. They are still missing. H. B. Knowles, acting director of the institution since the resignation of William T. Harmon, said Lewis and Nilles were both sent to the school for burglary. They hid out while marching to school and then escaped.

**DIES IN 5 STORY PLUNGE.**

Casimir Radtke, 22 years old, 1464 West Huron street, leaped or fell five floors to his death yesterday from the Maryland hotel in downtown Milwaukee, Wis. Coroner's records listed the death as suicide.

## Couple Reconciled After Woman Tries to Kill Self

Casey Gnacinski, 5618 South Oakley avenue, a mechanic, and Miss Tobey Ignasek, 5251 South Damen avenue, a factory worker, were reconciled yesterday in Women's court by Judge J. M. Braude. Miss Ignasek Sunday had tried to commit suicide by swallowing poison in a tavern at 2853 East 63d street because Gnasinski had "stood her up" on a date. "I'll never try to commit suicide again," Miss Ignasek told the judge. And Gnacinski added, "I'll never give you cause to want to."

## 4 CUT WAY OUT OF 80 YEAR OLD 'RUBBER' JAIL

*(Picture on back page.)*

A passing woman blinked yesterday when a block of stone vanished from the wall of the Will county jail at Joliet and four prisoners emerged from the hole it left. The woman notified Jailer George Millward, but the four had disappeared.

The jail, 80 years old, has been dubbed the "rubber jail" because of numerous escapes in the last few years. Yesterday's fugitives all had been held in the same wing. They were believed to have fashioned tools from a metal cot for removing the bricks from the inner wall and the stone from the outer wall.

The four are Victor Rossi, 29, of Joliet, charged with rape; Charles Flamini, 21, of Chicago Heights, charged with robbery; George Mathis, 22, of Joliet, charged with robbery, and James La Rue, 31, an ex-convict being held for Florida authorities, who charge that he escaped from a Florida convict road gang in 1933.

## Convict Ready for Parole Flees from Honor Farm

Euphrates Chris-Kerr, 47 years old, serving a sentence of from one to ten years, was about to be given legal freedom, but he couldn't wait. Indiana state prison officials announced yesterday that he escaped Saturday night from the Summit honor farm. Sentenced for carrying a pistol in 1936, he was paroled a year later, but returned as a violator in 1938. Recently he was granted a parole again, subject to finding a suitable job and a sponsor.

## UNCLE SAM TELLS 437 FAMILIES TO EVACUATE HOMES

*(Picture on back page.)*

Philadelphia, Aug. 25—(AP).—Landlord Uncle Sam has ordered 437 families to vacate their homes in a South Philadelphia federal housing project, built during World War No. 1, to make room for a new crop of armament workers. Eviction notices giving the occupants 30 days in which to move, were issued by W. E. Reynolds, U. S. commissioner of public buildings, climaxing a battle between the government and the city over the titles and taxes on the property. Many of the occupants have not paid taxes, rent or mortgage payments for 10 years or more.

The U. S. Housing corporation built 634 houses in the area during the last war and rented them to armament workers. After the war contracts for sale of the houses were signed, purchasers paid 10 per cent down and started making monthly payments. Then came the dispute over who held the titles and who should pay the city taxes. Many stopped the monthly payments and the city never collected a cent of tax money except from the 197 houses which were paid for in full.

U. S. Attorney Gerald A. Gleeson said that "no sale is necessary to clear the title because the government holds the title and, as a matter of policy, probably will rent the houses to armament workers."

## American Taken Off Ship Faces Court in Bermuda

HAMILTON, Bermuda, Aug. 25.—Levon Abel Akopiantz, an American citizen, appeared in police court here today on a charge of having obstructed revenue officers in the course of their duties. He had been removed from Export Liner Excalibur, presumably on Saturday, and, while details were not disclosed, it was assumed he had refused to permit examination of his baggage. He was placed in the custody of American consulate officials for three days.

# LEGION DEMANDS CURB ON FEDERAL WAR WHOOPERS

## Sole Power of Congress Is Cited in Resolution.

BY HAL FOUST.
[Chicago Tribune Press Service.]

Springfield, Ill., Aug. 25.—A gag on war mongering by federal officials was demanded in a resolution adopted by the Illinois American Legion at its convention here today.

The resolution, adopted at a general meeting after three days of discussion in executive sessions, concluded as follows:

"We pray that no elected or appointed official of the United States make any statements or commit any acts that would plunge this country into any foreign war that congress, and congress alone, has the authority to declare."

This resolution was substituted in the committee for a series which would have condemned specific steps taken by President Roosevelt, including the navy's penetration of shooting waters and the alliance to support Dictator Stalin.

**Peace Pledges Cited.**

Preceding its reminder that congress alone has constitutional authority to declare war, the resolution praised the President, but placed emphasis on Roosevelt's 1940 pledges to keep America at peace.

"Whereas," the resolution said, "he assured the American people during the fall of 1940 that our boys were not to be used in foreign war, that they were to be used only in defense of America.

"Therefore, we commend the President for his courageous expressions against war and his high purpose to keep us out of foreign quarrels, we pray his continued efforts to prevent the wasting of our substance and the slaughter of our youth, and we support him in his effort to make America strong."

The resolution was offered by the committee on national defense, headed by Omar McMackin, mayor of Salem, Ill.

Another resolution, which urged the banning of aid to Russia, was defeated after a 30 minute debate. Charles Falkenberg of Chicago, who favored the resolution, said Russia is not entitled to aid from the United States because she is not a democracy.

The Legionnaires voted their opposition to "union now" with Great Britain or with any other country that would destroy the complete independence of the United States.

**Lucas Booed During Speech.**

United States Senator Scott W. Lucas [D., Ill.], the principal speaker of the day, received the first boos of the convention. He was booed when he compared Wendell L. Willkie with Stephen A. Douglas and when he described Secretary of Navy Frank Knox as a great Republican patriot.

Lucas, a New Dealer, sounded the familiar war drums, the fears of invasion, the fears of Hitler world domination, and in unmistaken inferences [legion rules bar politics] attacked United States Senator Wayland Brooks [R., Ill.], who has been a leader in the fight against entrance into the war.

Lucas said the present crisis was similar to that which faced Abraham Lincoln, and that the wisdom of the national administration should not be questioned. He told how Douglas, Lincoln's former Democratic opponent, dropped party politics to support Lincoln's Civil war efforts.

**Terms It Near Parallel.**

"A near parallel to the Lincoln-Douglas teamwork in a crisis can be found in Willkie's strong approval, by words and deeds, of the administration's foreign policy," Lucas said.

Boos, mingled with conventional applause, greeted this.

The convention also adopted resolutions presented by the Americanization committee, headed by Elliodoro Libonati, Republican state central committeeman from Chicago. These urged congress to dissolve all hyphenated American organizations.

A resolution, submitted by Glen Ellyn post, No. 3, calls upon the President and the congress to begin immediately to curtail "unnecessary public expenditures" apart from defense needs so "that the economic life of our citizens will not be undermined" by the increasing taxation. The resolution was offered by U. S. Young and signed by N. C. Knapp, post adjutant.

N. Curtis Cation, a Peoria banker, was elected state commander without opposition, succeeding William F. Waugh, a Chicago lawyer. Francis E. Phelan, a Winnetka druggist, was elected senior vice commander. Waugh was chosen national executive committee man, with Oscar Hoose, a Bloomington lawyer, as alternate. One hundred delegates were named to the national convention which will open Sept. 15 in Milwaukee.

## Aid Air Show

Entries of speed and stunt pilots for the Chicago Air maneuvers, a three day aerial outing at Elmhurst airport, Aug. 30, 31, and Sept. 1, continued to pour in yesterday, according to the show's sponsors, the flying club of the Junior Association of Commerce and the Aircraft Owners and Pilots' association. Since the National Air races at Cleveland, O., have been canceled this year, some of the outstanding pilots in the country have indicated they will compete in the maneuvers. A style show will be one of the features of the maneuvers. The Elmhurst airport is on Lake street, nine miles west of the loop.

## 3 STATES SWEPT BY WIND, LEAVING TRAILS OF DEBRIS

Philadelphia, Pa., Aug. 25 (AP).—A windstorm approaching cyclonic proportions swept thru parts of three states today, killing at least one person and injuring many others. The storm toppled factory smokestacks and homes, leaving a trail of other property damage.

The wind hit with terrific force at Swedesboro and Woodbridge, N. J., and Wilmington, Del., about 1 p. m. [Chicago time].

Heavy rain and lightning accompanied the wind. Flood waters reaching a depth of two feet raced thru some Philadelphia streets after a 55 minute downpour. Many autos were marooned.

Hospitals at Woodbury, N. J., and Perth Amboy were crowded with injured.

Eleven airplanes were smashed at the du Pont airport in Wilmington and airport officials said only three appeared to be worth repairing.

The storm cut a 10-mile swath thru northern Delaware, swept across the Delaware river into New Jersey, and then hit again with shattering force to the northeast at Woodbridge, in the direction of New York.

## Franklin D. Roosevelt 3d Undergoes an Operation

Beverly, Mass., Aug. 25 (AP).—Three year old Franklin D. Roosevelt 3d, grandson of the President, underwent a minor operation four days ago at Beverly hospital. This was disclosed today with his return home. His mother, the former Ethel du Pont, has been summering here.

# STORM OVER VFW DISLOYALTY CASE BREWS AT RALLY

## Opponents of War Stand Behind Chicagoan.

BY THOMAS MORROW.
[Chicago Tribune Press Service.]

Philadelphia, Pa., Aug. 25.—A smoldering peace blanketed the 42d annual encampment of the Veterans of Foreign Wars today as Philadelphia and Pennsylvania said their welcomes and had them politely returned.

Two issues are expected to weld suppressed mutterings into open battle on the convention floor in the next two days. These are the case of Earl Southard of Chicago, Illinois VFW state commander, and the shaping of a resolution on war and peace.

Southard, secretary of the Citizens' Keep America Out of War committee, was suspended by National Commander Joseph C. Menendez of New Orleans. Then, because of his opposition to what he described as Roosevelt administration war moves, Southard was tried on a charge of disloyalty to the United States. The charge was brought by comrades in his own post.

**Trial Termed High Handed.**

"High handed" was the term Southard's supporters applied to the proceedings, while the backers of Menendez, from the seaboard and the south, voiced approval of the trial. The court of 11 past state commanders, which met in Chicago, was said to have decided the case against Southard should be dropped with a reprimand for him. This verdict, it was said, was passed along to Menendez for approval and to be made public.

Menendez said urbanely today that the transcript of the trial had not reached him. It was said that if the verdict is delayed until after the convention, some of the heat will have left it and Southard, an outspoken isolationist, will be silenced at the convention.

William Grace, past state commander of Illinois and Southard's superior in the Citizens' committee, prepared today to get the issue to the floor as soon as possible—probably Wednesday. He will fight to have Southard's suspension lifted and today was gathering supporters for the battle.

**Backed by Van Zandt.**

Banded with Grace is James E. Van Zandt, former congressman from Pennsylvania, a former National commander, and an isolationist leader. It was reported these two also would lead a move in the resolutions committee to give the proposition of war or peace back to the rank and file.

"If this question were put to a vote of the posts," Grace said, "I believe the vote would be against sending troops. It should be a referendum and not left to the few leaders and delegates."

War drums began to beat as soon as the encampment gathered under the guidance of Menendez. Senate Majority Leader Alben Barkley opened the convention informally yesterday and Joseph E. Davies, former ambassador to Russia and Belgium, took up the cudgels today.

**Anarchy Threatens, Says Davies.**

"You and I know," said Davies, "that the President's far-sighted and devoted purpose is not only an arsenal for war against aggression, but if it is humanly possible, to keep it a storehouse for peace to heal a stricken civilization, a weakened man power, and a scorched earth."

Menendez said President Roosevelt called the nation to battle in the speech announcing an unlimited emergency.

"The battle has begun," Menendez added. "We are not yet in the midst of a shooting war—but we are none the less at war."

A driving rain storm dampened the spirits of the delegates this morning, silenced a few drum corps, and left many veterans stranded in the lobby of the theater where the meeting was held.

Usual convention high jinks held Philadelphia last night and continued tonight. Traffic was tied in tight knots—not such a hard job in Philadelphia—as the veterans directed traffic, held informal parties in the streets, and generally enjoyed themselves.

Tomorrow will be featured by the encampment parade, in which more than 50,000 persons are expected to march, and in which 50 musical organizations will take part.

If 50,000 march—judging by the progress of Philadelphia taxicabs—the parade is likely to be moving down Broad street come next Michaelmas, and not very swiftly, either.

## POLICE SLAYER OF SOLDIER FREE ON $1,000 BOND

Fort Dix, N. J., Aug. 25 [Special].—John McHugh, Lansdowne, Pa., police officer, who shot and killed Pvt. Theodore Mazur of company H, 113th infantry, after Mazur and six other soldiers had escaped from the guard house here last Friday, was at liberty today on $1,000 bond on a charge of involuntary manslaughter.

Altho regarding it as a matter for the civil authorities to handle, an army board of inquiry will sit here later this week to investigate the case.

Army authorities said that Mazur was killed off the military reservation by a civil officer and that it was up to civil authorities to take any action.

Mazur, 23 years old, was shot and killed near Browns Mills, N. J., Saturday night in a roundup of the escaped soldiers. Mazur lived in Passaic, N. J.

Mazur at the time of his escape was serving a sentence of two months and a $40 fine for having been absent without leave, visiting his sister and brother in their Passaic home. Their mother had died recently and Mazur was supposed to receive an insurance check for $375. He decided to wait for the check which did not arrive for several days after his leave was up.

## 3 MORE TEACHERS AT CITY COLLEGE OUSTED AS REDS

New York, Aug. 25 [Special].—Three teachers at tax supported City College of New York were dismissed late tonight by the board of higher education on trial committee findings that they had engaged in communistic activities.

Those dismissed are Arthur R. Braunlich, tutor in English; Walter Scott Neff, psychology instructor, and Seymour A. Copstein, English tutor. Copstein had been found guilty, additionally, of indoctrination of students.

Twenty-one other teachers are facing action by the board on similar charges.

## New Appraisal to Be Made of Land for Army Camp

Joplin, Mo., Aug. 25 [Special].—Notice has been received from the war department in Washington, D. C., that a new appraisal will be made of land which has been condemned to make way for an army cantonment near Neosho. Landowners protested that the original appraisal for the site, totaling 8,100 acres, was too low.

## PRESIDENT SIGNS ARMAMENT BILL FOR 7½ BILLIONS

Washington, D. C., Aug. 25 (AP).—President Roosevelt signed into law today legislation providing $7,598,896,948 for the nation's rearmament.

The measure appropriates $6,586,986,948 for new army tanks, anti-tank weapons and ammunition, and for expansion of the naval establishment.

It also appropriates $698,650,000 for the maritime commission's ship acquisition and construction program, plus an additional $1,000,000,000 contract authorization for that work.

## MR. CHURCHILL TELLS US.

The job of talking about the meeting at sea was taken over by Mr. Churchill. Mr. Roosevelt hasn't cared to tell the people anything. He did his talking under cover to some of the Democratic congressional leaders. Probably the idea was that inasmuch as Mr. Churchill hasn't promised the American people that they're not going to war it would be more appropriate for him to tell them as much as was politic of what their President had been doing at the warship rendezvous.

The British prime minister went on the air not only as the servant of king and parliament but as the spokesman for and to the United States. London is speaking as the capital of America as well as of the British empire. Washington seems to be a provincial capital.

The speech was interesting equally for what it contained and for what it did not. Mr. Churchill did not adopt Mr. Roosevelt's second thoughts about the freedom of religion and the freedom of information. He did not mention them. He knows, of course, that Mr. Roosevelt put the two corrections in the official record when he got back to Washington and found that people were wondering why the two defenders of freedom had forgotten all about rights and privileges which are offensive to Joe Stalin. The head of the British government evidently decided that Mr. Roosevelt could go it alone on that part of the declaration. But Mr. Churchill revealed something that the declaration didn't mention and Mr. Roosevelt had not publicly discussed.

When Churchill can dictate a peace Germany, Italy, and other "guilty nations," which may include Rumania, Croatia, Bulgaria, the Baltic states, and Finland, will be disarmed and the United States and the British empire will see to it that they stay disarmed. The Englishman said that he and Mr. Roosevelt were not making the mistake which had been contained in the idealism of the other world war. They do not assume that there will be no future wars. There will be if nothing is done to keep the Germans from starting another.

It is not recalled that the other peace was so highly idealistic. Germany was pretty thoroly stripped of its weapons, it was forbidden to produce them, and its army was restricted. While the allies had their temper up a military commission was in Germany to see that there wasn't any bootlegging. Then the allied control began to weaken and along came Hitler, aided by the controversies between the French and British governments.

This, says Mr. Churchill, is not going to happen again, and he speaks for the United States with as much authority as he does for Great Britain. "The United States and Great Britain," he said, "do not now assume that there will never be any more war again. On the contrary, we [the United States and Great Britain] intend to take ample precautions to prevent its renewal in any period we can foresee by effectively disarming the guilty nations while remaining suitably protected ourselves."

It must be assumed that Mr. Roosevelt gave Mr. Churchill the authority to say that the United States, fully armed, will help disarm central Europe and will remain as a military policeman to see that arms factories don't start up again. Apparently Mr. Roosevelt has made a definite commitment on that point. He will have to answer at home for it just as Mr. Wilson had to answer when he went overboard. Mr. Roosevelt may allow Mr. Churchill to say what America is going to do. Mr. Churchill may be unwise to think that his is the authorized voice. The peace treaty in which Mr. Wilson had a part did not go thru the United States senate. Possibly later we shall learn what other things Mr. Roosevelt committed to the charge of Mr. Churchill.

In another respect Mr. Churchill in turn committed himself. He also made a pledge. In his speech he made it known. He said that Great Britain would unreservedly support the United States in the far east. In the defense of Singapore and the British and Dutch East Indian imperial possessions against the Japanese, America can rely upon the assistance of Great Britain. How much assistance Mr. Churchill did not say, but any time the Japanese move against British interests in these regions the British will come to the aid of the Americans. America, which has no interests in the far east, will not be left alone, unaided to fight for the protection of other people's investments and territories. And that's a handsome promise. Mr. Churchill gave it freely.

## THE KISS OF DEATH.

A war monger newspaper, fellow-traveling with the communists, sought the other day to quiet the fears of congressmen from this area who voted for the extension of the draft. Don't worry about the opposition of THE TRIBUNE, these congressmen were told, for that is a political asset. The friendship of THE TRIBUNE is the kiss of death.

Well, maybe so. But Mr. Kelly, whom we have supported from time to time, is mayor of Chicago; Mr. Green, whom we supported, is governor of Illinois, and Mr. Brooks, another who received the kiss of death, speaks for Illinois in the United States senate, just to mention a few conspicuous officeholders. We supported Mr. Willis of Indiana, and he won the senatorship. We supported the Republican tickets in other middle western states last autumn, and it was precisely in this area that Republican gains were heaviest. In this connection it may be noted, also, that the vote of the congressmen from the five states in the Chicago region was 64 to 12 against the draft extension, or better than 5 to 1. It seems reasonable to conclude that these gentlemen do not regard the support of THE TRIBUNE as the kiss of death, and conversely, that they are not eager for the approval of war mongers, communists, etc.

## THE BRIDGE NUISANCE.

Under present regulations the bridges over the Chicago river remain closed in the mornings between 7:30 and 10 o'clock and in the evenings between 4 and 6:30. So far as the morning hours are concerned this arrangement is fairly satisfactory, but the evening period is too short. Traffic outward bound from the loop is still heavy at half past six and shortly afterward a reverse movement toward the loop and its theaters sets in.

The other evening three vessels snarled Michigan avenue traffic for half an hour. The bridge was raised from 6:40 to 6:43 for the dredge Rockwood with a load of sand. Traffic was beginning to flow smoothly again when the bridge was raised for the Gilbert with another load of sand. Five minutes after the Gilbert had cleared Michigan avenue at 7:17 along came the Moody with a load of gravel and this time there was a delay of more than eight minutes. It was after 7:30 before motor traffic could proceed at all and five or ten minutes more were required to relieve the congestion at both approaches.

The schedules of these vessels could very easily be readjusted to meet the public convenience. The present arrangement appears, therefore, to be part of a plan to make life in Chicago uncomfortable. The bridges should be kept closed in the evenings until 9 o'clock; that would be unobjectionable because by that time only the fewest of the citizens are in a hurry to get anywhere.

## IN THE ROYAL PRESENCE.

Attention is invited to the photograph in the southeast corner of this page, showing the behavior of Mayor La Guardia in the presence of the duke of Kent last Saturday. The picture appeared first in Sunday's paper and is reproduced here because of the important lesson it conveys.

There is condescension in every line of the duke's face and figure. He is graciously consenting to be greeted by the mayor of the largest city in the world. "Be at your ease, little man, I don't expect too much of you and will forgive any gaucheries," the duke's expression says. And as for the mayor, he is obviously anxious to make a favorable impression. "I shall long remember the touch of the royal hand, I shall tell my children's children of this proud moment," he is saying to himself.

It's not a pretty picture, but it is important for its symbolism. Mr. La Guardia is a big shot in the war party and his attitude on this occasion shows how the war party got that way. They want to get into the war because that is the way to acquire merit with those whom they regard as their social superiors. Mr. La Guardia is humble in the presence of his duke, and the rest of the bundlers are equally humble in the presence of the other royalties who have been living the life of Reilly in and around Washington.

While all this has been going on and while some hundreds of British aristocrats have been living in the greatest comfort in Washington at the expense of our taxpayers, thousands of Americans have been thrown out of work by the economic ukases of the Roosevelt administration. These simple Americans, whose pictures do not get into the papers, are wondering how they are going to support themselves and continue to pay taxes. The contrast is as shocking as it is humiliating to American pride.

## GOV. GREEN'S ROLE AT MILWAUKEE.

Gov. Green will march at the head of the Illinois delegation at the annual convention of the American Legion in Milwaukee next month. Illinois expects its governor to take an equally conspicuous part in the deliberations of the convention. The war mongers are hoping to obtain from the Legion an indorsement of American participation in the war. The Republican platform in Illinois on which Gov. Green was elected contained a particularly strong pledge against sending another American expeditionary force to fight in a foreign war. Gov. Green's friends expect him to continue to fight with all his force and vigor for the principles which helped win him his election.

## MICHIGAN IS NOT A STATE.

When the New Deal blight hit the land Michigan ceased to be a sovereign state and became a mere geographical expression. A state has laws and enforces them. It protects people in their rights. It permits them to work and defends their persons and property. It has organized forces competent to do this and on occasion it calls on these forces to suppress lawlessness and give security to the law abiding.

Murphy, when governor of Michigan, refused to do this. He turned the law inside out and used the troops to protect the lawless, to defeat law enforcement and expose the citizens to mobs. Michigan is now controled by private armies. The state has lost its status. Anarchy rules.

## *Editorial of the Day*

### CIVIL SERVICE.

[Los Angeles Times.]

The President's order blanketing another 10,000 federal employés into civil service raises the proportion of those under the "merit" system to approximately 75 per cent of the whole number of civilian workers on the government pay roll—1,306,000 as of last July 10. This compares with the 65.59 per cent on the classified lists in December, 1938, when Mr. Roosevelt appeared to be setting out in earnest to make good on his oft-repeated pledges of civil service adherence.

The figures look well, but there is a joker in them the effect of which is precisely to reverse their apparent meaning. Practically all the 150,000 or so of employés put under civil service by executive order in the past two and a half years were New Deal political appointees in the first place. All of them have acquired their new "nonpolitical" status subject to noncompetitive examination. Instead of doing away with the spoils system, or even modifying it, the result of this trick maneuvering is thus to plant its beneficiaries permanently at the public trough, with no possibility of replacing them with possibly abler workers.

Calling this support of the merit system in government service is more than a joker. It is a joke and, from the public's standpoint, not a very good one.

### CHICAGO'S PLACE NAMES.

This column views with a slight degree of alarm certain brochures issued by the Chicago Plan commission which deal with housing and vital statistics of "Uptown" and "The Loop." The information that they contain is instructive, but their maps belong to the Lebensraum school of thought. When one finds that "Uptown's" northern boundary is Devon avenue, and that "The Loop" has conquered everything between the river and Twelfth street, it is time to declare war against such ideological monsters.

Perhaps these are merely titles of convenience for more or less cohesive areas, but they violate the geography of Chicago. The map labeled "The Loop" should have been called "Downtown," a district of which the actual "loop" of Chicago's folklore is the inner citadel. The matter of the "Uptown" map is more complicated, and calls for discussion.

We hold that there is no such word as "Uptown" in the common speech of Chicago. We are aware that after the Wilson avenue boom the merchants along Broadway and Sheridan road from Montrose to Lawrence avenue thought that they deserved a fancy slogan, and hung up signs, no doubt with aldermanic consent, saying that they were the Uptown shopping district. But after years of listening we have never heard a Chicagoan, in a normal, noncommercial frame of mind, say that he lived "uptown" or was going "uptown." In the talk of the natives the name does not exist.

The "Uptown" map of the Chicago Plan commission includes the ancient and honorable settlements of Edgewater, Sheridan Park, and Buena Park, and also a large slice of Ravenswood. Such place names have a certain atmosphere, which "Uptown" lacks, and are useful for directional purposes. There is a tendency, in the gradual slither of Chicago life toward uniformity and the commonplace, to erase and forget such names, of which Chicago has many; but they should be kept alive. The more neighborhood names a city possesses, the richer its traditions. Look at London.

The Linemaster has lived in Sheridan Park, in Buena Park, and in Edgewater, but never in Uptown. That's his story, and he is going to stick to it. And where was Eugene Field's "Sabine farm"? Certainly not in Uptown.

### *AN EXERCISE IN FORGETTING.*

I have forgotten you; I cannot image
Your honest eyes and clean, unpainted cheeks,
Your voice is lost amid the rising roar
Of motors and confusion. I have forgotten
Skies noteworthy for their innocence
And small, unscented violets by a stream
Where, in the shallows at spawning time, the fishes
Glinted in the sun.

The country lad
That went to town and thought to sit with kings
And sat with thieves, and was shanghaied and robbed
And sold at sea, I have forgotten, too,
Tho he and I were one.

I face the east
And marvel at my greatness, for kings have hung
Upon my words, and queens and princesses
Have sought me; and from an ancient promontory
Strange nesters sing, I have forgotten why.
Yet hereby, I decree, O Trustful Ones,
That bombers be equipped with nightingales,
Since it is mine to lease and send, and yours
To go, and that you shield your dazéd eyes
And bow before my history-making presence.
Hark, hark! The singing nears—not birds but changelings
Fly with beckoning arms and streaming hair.
Yoo hoo! Good-by, Love of my Youth, that was
The heart of me. I have forgotten you.

### They Lived Happily Ever After.

In his million dollar bequest of 1890 John D. Rockefeller stipulated that the Baptist Union Theological seminary become an organic part of the proposed University of Chicago. Two years later the seminary became the university's divinity school. In true religious style, the union was consummated in a marriage ceremony. On April 14, 1892, E. Nelson Blake, president of the Theological Union and chairman of the board of trustees of the university, pronounced the marriage ceremony. He concluded with:

"And now, by virtue of the authority vested in me by the committee of arrangements, I declare this union consummated. . . . What God hath permitted John D. Rockefeller to join together, let no man put asunder."

The clocks, that punctuate from north to south,
Have timed their minutes by this human tide,
Whose level, loud Niagara yawns its mouth
And shakes its roaring limbs from side to side.

'Tis Satan's wife who gluts her ancient wish
To see humanity abroad in all its folly.
She loves the view—and envies with sheer wonder
How mortals still can eat, and laugh, and joke,
No matter how the world be shorn asunder,
Or private hearts in private bosoms broke.

[Copyright: 1941: By The Chicago Tribune.]

### THE WILL TO GET WELL.

EVERY ailment has its mental or psychological side, as well as its effect upon vital organs. To put the matter concretely, of two patients who suffer from the same disorder, in the same degree of severity—one will regain health perhaps weeks ahead of the other. The difference lies in physical resistance as well as in the frame of mind. One is thinking recovery, while the other perhaps has resigned himself to the luxury of bed rest. Morbid reflections or self-pity play an important rôle.

Occasionally, the very nature of a chronic malady may bring an attitude of discouragement or even of resistance to all measures used for the repair of tissues. The patient may say "no" to everything that is suggested and a complete lack of cooperation ofttimes confronts the physician, the family, and the nursing staff.

—•—

We must not forget that those who have been ill for a long time may develop a martyr complex. I have known invalids to rule the household with an iron hand from what they term "beds of pain." When crossed they have recourse to sulking or weeping, which works upon the sympathies of the family to such an extent that every whim is granted. In other words, profound alterations in personality may be brought about, curdling a sweet disposition, or making a tyrant out of one who has hitherto pursued life on an even keel. Quite in contrast is the Pollyanna type who enjoys sickness. She is made so comfortable that she just doesn't want to be cured—that is, entirely.

The question may also be raised—can mental conflicts render us more susceptible to infection? Certainly, nerve fatigue may do so. We know that worry can raise blood pressure and accelerate the heart rate, while fear may bring on congestion within the stomach, liver, and intestines to such a degree that the whole process of digestion [and hence nutrition] is upset seriously.

We realize also how easily exposure to cold or intense heat may sap vitality. Similar conditions are established in the presence of emotional upheavals. The patient's tissues may invite bacteria to flourish because the interchange of fluids between the cells is less efficient. A severe tax may be placed upon the circulation, the endocrine glands become deranged, and then the patient is ill.

Nausea and vomiting can come quickly with some individuals, merely thru sight—such as witnessing an automobile accident. In like manner, disgusting odors or sounds which "grate upon the nerves" may disturb well being.

—•—

Not long ago, there came to my attention the case of a storekeeper in a large industrial establishment. The workmen observed that he was making frequent mistakes and, when reprimanded for carelessness, accepted the reproof ungraciously. Shortly thereafter, he began to complain of pains in his back, abdomen, legs, and various parts of the body.

A frank discussion of the entire situation elicited the admission that he was unhappy at home. His wife, a typical virago, was driving him morning, noon, and night to earn more money. As soon as his family matters were settled, every symptom disappeared.

Of course, prolonged invalidism can come from many tangible and definite causes. On the other hand, we may well look beneath the surface when it is apparent that no change for the better is in prospect. If the patient can be properly encouraged or made to uncover his hidden phobias, bringin, unfulfilled wishes out into the open—a physical transformation may ensue.

### NAIL DEFECT.

J. C. Q. writes: What makes lines in the finger nails?

REPLY.

Such phenomena point to the state of the nutrition. For example, a long illness may be followed by the development of horizontal furrows and white spots. An injury to the finger may produce the same effect.

## VOICE OF THE PEOPLE

### SOLDIER'S 10 YEAR SENTENCE.

Chicago, Aug. 22.—For years I have believed that any news you published could be depended upon to be the truth. Today I find a great misstatement. Your article says a soldier was given 10 years for spitting on the floor. This is untrue as this was the least of his four offenses.

First, he did spit on the floor, but when ordered to clean it up defied the lawful order given him to do so. Second, he refused to clean up his mess kit, knife, fork, spoon, cup, and plate. This also in disobedience of a lawful command. He refused to stand at attention, also in defiance of a lawful order and refused to perform certain labor which he was ordered to do.

Now, every soldier inducted into the military service is taught the articles of war. Nothing in these articles works a hardship on any one in the military establishment, but are for the purpose of maintaining discipline. Violation of them calls for drastic punishment the same as violation of our municipal code calls for punishment.

From 1917 to 1932 I was in the regular army, so I believe I have the right to criticize your method of handling the news.

I am sure you and your family would object to any one coming to your home and spitting on the floor and throwing dirty dishes among your clean things.

Here's hoping that you will retract the headlines and try in the future to use headings that do not tend to undermine morale, army or civilian.

H. J. WELLMAN.

Oak Park, Aug. 23.—Today's Associated Press dispatches tell of the castigation of one Private John Habinyak, a 26 year old draftee from New York. He has been dishonorably discharged from the army in whose hands he had placed his life, and has been sentenced to 10 years and nine months at hard labor in federal prison.

Col. Charles B. Elliott, commander of Fort Bragg, in the pained virtue of outraged petty authority, includes these charges among his list of reasons for ruining the life of a young man:

"Refused a lawful command from 1st Lieut. Kraus to clean his mess kit.

"Wilfully disobeyed a lawful command to stand at attention.

"Wilfully disobeyed an order to clean up the floor."

Habinyak also was charged with spitting on the floor.

I don't know Kraus; I don't know Habinyak, and I know none of the facts outside those reported by Col. Elliott himself.

As a former army man, I appreciate the need for discipline. But I can also understand human nature, particularly in the case of an apparently untutored [in army affairs] young draftee. And I have seen so many officers taking advantage of their commissions in their unfitness for leadership that I am afraid this may be the start of the disruption of our entire army system. J. G.

### "IN THE WAR": RED CROSS MAN.

Coronado, Cal., Aug. 22.—There are a lot of contributors of the Red Cross who do not approve of its officers saying "We are in the war."

K. BENJAMIN WALTON JR.

[Gurney Newlin, head of the Red Cross in Los Angeles, announced last week that "America is at war." He was speaking of the "Gray Lady" graduates.]

### AS TO RAIL UNIONS' DEMANDS.

Chicago, Aug. 21.—Mr. Whitney of the Brotherhood of Railroad Trainmen quotes one or two irrelevant figures to answer THE TRIBUNE'S point that few of the railroads are able to afford the huge wage increases sought by the unions and few are much ahead of the sheriff. The public should know:

The figures Mr. Whitney quotes as "net operating income" are before the deduction of bond interest, and so ignore the charges which the railroads must pay if they are to stay out of receivership.

Some 30 per cent of railroad mileage is actually in receivership.

If the second half of 1941 did show the same increase in net operating income as the first half, or 188 million dollars, the total of 376 million dollars would fall far short of the 900 million dollars demanded by railroad labor.

Furthermore, this wage increase demanded is more than the railroads have earned [even using the "net operating income" figure] in any year since 1929.

The railroads have been warned by the government that the present increase in earnings is clearly due to the war boom and temporary, and therefore should not be paid out as dividends [almost nonexistent since 1930], but should be used to pay off pressing debts and rehabilitate property neglected during a decade of hard times.

Railroad labor is collecting higher wage rates, higher annual compensation than in prosperous 1929, altho the cost of living is lower and the railroads, unlike most industries, are still suffering extreme financial hardships.

And when will labor give up their "featherbed" rules that extract money for work not done?

The railroad unions have declared against government ownership. The present negotiations are a test of their intelligence and sincerity.

### A MOVIE QUEEN AND THE NAVY.

Chicago, Aug. 23.—I note a newspaper picture of a group of sailors standing at attention while they were being inspected by a movie actress. It would be interesting to know by what authority the navy department or the commanding officer at Great Lakes is permitted to line up the men of the navy to stand while a Hollywood cutie gives them the once over.

No doubt the newspaper thought it was smart to snap such a photograph and publish it under the caption, "Steady sailors, inspection was a pleasant experience for these naval cadets." Whoever set that up failed to note the facial expressions of the men that denote the same disgust that I feel.

### NO TIGER NEAR THE NIGER.

Chicago, Aug. 23.—About that "young lady from Niger who went to ride on a tiger."

Poets should get at the facts. Niger is in Africa, but no tigers inhabit Africa.

However:

"If she had taken a swim in the River Nile,
I'll swallow that lady, said the Crocodile."

S. HYMAN.

Chicago, Aug. 24.—The original version of the "Tiger Lady" poem is:

"There was a young lady from Niger,
Who smiled as she rode on a tiger;
They came back from the ride
With the lady inside—
And the smile on the face of the tiger!"

Hope this settles the question.

### STRANGE BEDFELLOWS.

Chicago, Aug. 17.—Just read your editorial, "We Accept the Challenge." Am for you 100 per cent. Keep up the good fight. Let's keep the boys at home. Why should we take part in that damnable holocaust across the water? Strange bedfellows—communists and war mongers. Well, I should say so. Go ahead. Fight them both to the last ditch and make America safe for Americans.

## FRIEND OF THE PEOPLE

### AUTO REPAIRS.

Chicago, Aug. 12.—[Friend of the People.]—Kindly tell us people how we can stop the noise and blowing of horns from morning to night from the repair shop on our street. The owner insists on working out in front and in the alley of this shop and you can't drive thru the alley because he always has cars blocking the way. He has cars on the sidewalk and does hammering and blowing horns goes on all day. The sidewalk is all broken up and you have to walk in the street to get past account of the repairs and cars on the sidewalk. This has been going on for some time now but he is getting bolder and just won't take the cars away and let a person walk past or drive past. There must be some law that will make him stay in his own shop and not on public property. J. D.

1. The following reports have been submitted to the undersigned by citizen dress patrolmen relative to their investigation of the above complaint:

"We found that the man who owns and operates an auto body repair shop at the above address is open from 7:30 a. m. to 5 p. m. daily, except Sunday; and while some noise is made by his employés, it is strictly in line of their business. We found that he was using the alley for parking cars and doing repair work, so we issued summons No. 915801 for vs. 27-24. We warned him that any further violations on his part will result in further arrests. We will keep this place under close surveillance in the future and will take the proper action if any more violations are found."

# IOWANS WHO LOST SHIRTS IN A WAR HOPE FOR PEACE

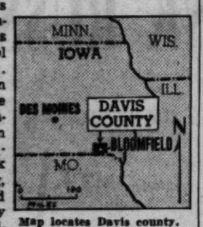
## No Bands at Send-off for Draftee Boys.

***Marcia Winn, Tribune reporter who recently wrote a series of articles on the war hysteria in Washington and New York, has seen and talked to middle west farmers and their wives on the same subject. Her third story follows:***

BY MARCIA WINN.

[Chicago Tribune Press Service.]

Bloomfield, Ia., Aug. 25.—Back in frontier days the homesteaders in what now is Davis county, Iowa's largest wool county, were known as the "hairy nation." Men of Anglo-Saxon stock with long, pointed beards, they pledged allegiance neither to Iowa nor Missouri. They were hardy and independent.



Map locates Davis county.

Long years ago they became Iowans, but the appellation, "hairy nation," still clings, as do many of the characteristics of the bearded homesteader. Altho Democrats, they do not like Roosevelt. Altho isolationists, they do not like Wheeler. Altho true patriots, they do not like the draft extension, altho it affects only 50 boys from the county so far. What the war means to this section of Iowa is illustrated by the exodus here two weeks ago of boys called into the army.

**A Quiet Getaway.**

"You know, during the World war, they'd call the band down and have a big to-do when the boys left," commented C. W. Christy, who raises 250 sheep on his 256 acres and runs a dairy as well. "Now they just slip out as quiet. . . . They don't make any big haul about it."

The average farmer here has no time to think of the war, Farmer Christy says. They all are busy now trying to get at least 40 cents a pound for their wool. They know there will be a demand for it, and the price already is up to 37 cents, far above the 28 of 1940, but they want 40, and at least 12,000 fleeces are being hoarded in the county now. Once, when wool was down to 9 cents, the farmers kept their wool for three years.

"We just ignore the war," Christy said. "It's gonna be bad enough. We all know that. 'Course, far as war goes, everybody around here knows it's on and nobody cares. We just know we're going to get in it deeper and deeper, and there's nothing we can do.

**Braced for a Depression.**

"Most everybody here is trying to brace themselves for the depression. That's one thing for talk; what's going to come afterward?

"When hogs get down to $2.45 a hundred, you don't forget them things. Corn was 14 and wool 9. All those things——"

Christy's voice dropped into silence. When he resumed he was despondent. "We're pretty badly burnt up here. A lot of corn in thru here is just past making any corn, and the rest isn't any good. I've got a lot of good corn because mine was early.

"People back east they can't realize what conditions were here in '32. We went thru it once, and we know we're going thru it again. Why, back then we really didn't have a shirt to wear, I'll say.

**Comparison with Laborers.**

"There's no reason why we shouldn't get 40 cent wool. They're paying those birds in the factories $1 and $1.75 an hour. Why shouldn't they pay us something? That's the way I look at it.

"Why," he said in awe, "I imagine gas will get so high we can't afford to farm. I don't use horses in any shape on my farm. I do all my work with power. I haven't plowed a furrow with my horses since 1922 when I got one of the first tractors.

"If they raise gas, that'll cripple the farm business more than anything that ever hit the country. 'Course, there's a few old farmers who don't use tractors, but they is darn few.

**Just Gonna Stop.**

"Know what I'm going to do?" His brown eyes glowed. "I'm going to do all my fall plowing this fall and just let her lay there if gas gets high. Just gonna stop."

Farmer Christy says he pays no mind to politics. Neither does any one else. He says he almost wrote to his congressman when "old Wheeler" suggested it on the draft extension bill, but he didn't.

"'Twouldn't a done any good if you did, would it?" he asked.

Personally he keeps well informed on foreign affairs. He gets the morning news broadcast at 7:15. "I like this Cliff Utley," he says. "I keep up on the war news. Aim to keep up on it better now than in the World war, for we didn't have no radio then."

He says some people think he takes a gloomy view of the war in envisioning the catastrophes ahead, but it is the young boys who think that, not settled farmers.

"Young boys around here are just as they were when I was a young boy in the World war," he said. "They don't look at it as seriously as older people.

"Of course," for fear any would doubt his patriotism, "I think most of the farmers are willing to get along on less machinery to get the defense orders thru first. I know I am.

"But I'm tellin' you, plenty of farmers are going to hold their wool. I don't think they're going to need money in here this year. I think most of them is going to be able to hold it until they get 40 cent wool. They will, too. Yep, I guess there is about 12,000 fleeces here yet."

## *TUESDAY, SEPT. 2, TO BE DEADLINE FOR REALTY TAX*

The deadline for paying second installments on 1940 real estate taxes is being extended to Tuesday, Sept. 2, because Sept. 1, the usual deadline, falls on Labor day, County Treasurer John Toman announced yesterday. A penalty of 1 per cent a month is assessed for late payments.

Toman said collections on 1940 taxes for Cook county so far total $126,354,536, an increase of 11 per cent over receipts of $113,794,561 for the corresponding period last year.

Approximately 5,000 taxpayers crowded the treasurer's office on the first floor of the county building yesterday to pay their bills in person. Nineteen cashiers will be on duty daily until the deadline has passed.

# EXPECT ALL-STAR CROWD TO SPEND NEARLY MILLION

## Business Men See 35,000 Out of Town Visitors.

Regardless of the final score of the eighth annual All-Star football game in Soldiers' field next Thursday evening, Chicago will be the winner.

The huge crowd which has purchased tickets for the game is expected to produce nearly a million dollars in extra business for Chicago's merchants, hotels, transportation agencies, night clubs, and filling stations.

At least 35,000 of the 93,000 persons expected to witness the battle between the College All-Americans and the Chicago Bears will be out-of-towners, coming from 33 states, the District of Columbia, and the Panama Canal Zone. About 20,000 of these will be overnight guests. The majority of them will make it a three day holiday, attending baseball games, night clubs, theaters, loop stores, and sports events.

**Hotels Expect $200,000 Revenue.**

As a result, the big hotels in the city expect a total of about $200,000 additional revenue.

Of an esimated $800,000 to be spent for other purposes than purchasing of tickets to the game about $450,000 is expected to come from out-of-towners, based on an average of $30 each for 15,000 who probably will be in the city on a three day stay. Chicagoland folk, it is estimated, will spend an average of $5 each, exclusive of tickets, for a total of about $350,000.

Twenty per cent of the total spending will be done in loop stores, mostly by those from out of the city. Restaurants will receive 15 per cent, taxicabs 7 per cent, garages and filling stations 2 per cent, and the rest divided among other interests.

**Game Grows More Popular.**

That the visitors are good spenders was graphically illustrated in 1936. Because of rain the game was delayed one day and loop hotels reported the greatest bar business since the end of prohibition.

Few other events in the country arouse as much public interest as the annual All-Star game, begun in 1934 by THE CHICAGO TRIBUNE. In the first year 165,000 votes were cast for the players on the All-American team. The vote last year was 6,575,957 and this year 9,514,753.

All receipts of the game, once expenses are paid, will go to charity. This year the first $2,500 of profit will be donated to the United Service organizations for the establishment of recreational facilities for men in the armed services. In the last seven years the All-Star event has made possible gifts of approximately $250,000 to the United Charities, the Catholic Charities and the Jewish Charities of Chicago.

## *WHEATON OPENS FRONTIER DAYS CIVIC FESTIVAL*

*(Picture on back page.)*

Forty-fives roared in Wheaton last night [blank cartridges] as 70 cowboys and cowgals whooped it up down the main street at the head of a mile long parade opening the 1941 model of Wheaton Frontier days.

From now until the climax in the week of Sept. 21 to 27, the suburb will have an atmosphere of the old west. All of the males are letting their beards grow and the women have ransacked old trunks to find antique costumes.

Stores have altered their fronts to give the appearance of camp town architecture. But since Wheaton is a dry village, there are no honky-tonks to add their part to the atmosphere, according to William C. Atten, president of the Wheaton Chamber of Commerce.

"Rodeos, plays, a turtle race and other events will just have to fill the honky-tonk void," Atten said.

# DRIVER DECLINES AID AFTER CRASH; COLLAPSES; DIES

## Child on Tricycle Killed Near Evanston Home.

Louis E. Levy, 49 years old, 5100 Cornell avenue, a special insurance agent, and Mrs. Ade Dobson, 29, 1548 East 61st street, were riding in his car yesterday when it collided with another car at 58th street and Union avenue. Mrs. Dobson suffered a minor scratch. Levy and the other driver, Frank Honey, colored, 5826 Michigan avenue, did not appear to be hurt. Levy took Mrs. Dobson to the Englewood hospital for first aid, but declined medical assistance for himself. A few minutes later he collapsed and died. An inquest will be held today.

**Auto Kills Boy, 2.**

William Dee Buckles, 2½ years old, the son of Corporation Counsel O. D. Buckles of Evanston, was killed by an automobile yesterday near his home at 2506 Prospect avenue in the suburb. The boy was riding his tricycle when he was struck by a car driven by Eric B. Johanson, 33, a laundry owner living at 1423 Dodge avenue, Evanston.

A man with $440 in his pockets was fatally injured yesterday in an automobile collision in Skokie road north of Lake avenue in Wilmette. Cards in his pocket bore the name of George Christensen, 47, of 127 Warburthon street, Yonkers, N. Y. He died in Evanston hospital.

**Other Driver Injured.**

The driver of the other car was Frank M. Fucik, 24, 2767 South Deere Park drive, Highland Park, son of Edward J. Fucik, vice president of the Fitzsimmons & Connell Dredge and Dock company. Young Fucik was seriously injured.

An unidentified woman, about 65 years old, who was carrying a green umbrella, was killed by an automobile at Laramie avenue and Fulton street last night. The driver was Joseph Leavitt, 38, of 914 North Harlem avenue, River Forest.

Roy Johnson, 48, a farmer living seven miles west of St. Charles, was killed by a truck yesterday while rounding up some cattle on the road in front of his home. The truck was driven by Ernest G. Clark, 56, of rural route 1, De Kalb.

Two automobiles collided at Western avenue and 36th street last night, causing the death of one of the drivers, Stanley Wieronski, 28 years old, 5037 South Racine avenue. The other driver, Frank Wolicki, 26, of 10054 Princeton avenue, was slightly bruised.

Clifford Bolvin, 78 years old, 4132 Maple avenue, Brookfield, was killed last night when he was struck by an automobile at Ogden and Arthur avenues in the suburb. The driver was Frank J. Bertalan, 62, of 2206 Kenmore avenue.

Up to 4 p. m. yesterday, 561 persons had been killed by automobiles in Cook county since Jan. 1. Of these 417 were killed in Chicago, where 16,014 were injured in the same period.

## *ATTEMPTS DEATH TO CURE A PAIN; HE STILL HAS IT*

James Edwards, 58 years old, colored, 2910 State street, lay down in front of a freight train yesterday on the Rock Island tracks at 29th street. A locomotive and five cars passed over him before Paul Behrns, engineer, stopped the train. Edwards then got up, rubbing his left shoulder.

"It's twisted," he said, "but the pain in my stomach is still there. It's killing me. That's why I picked this train in the first place."

When physicians said Edwards had stoked up with too much anti-freeze, he was locked up on a charge of disorderly conduct.

**MAN FOUND DEAD IN PARK.**

A man about 50 years old, apparently the victim of a heart attack, was found dead in Union park yesterday near Ogden avenue and Randolph streets. The man was five feet 11 inches tall and weighed 240 pounds.

# ASK STIMSON AID IN QUIZ ON KNIFE DEATH OF MAJOR

## First Reported Injured Slicing Bread.

Los Angeles, Cal., Aug. 25 [Special].—Assistance of the war department in investigating the knife death of Maj. George A. Tucker, Fort MacArthur battalion commander, was requested today in a telegram sent by District Attorney John Dockweiler to Secretary of War Henry L. Stimson.

Maj. Tucker was wounded in his San Pedro home on July 1. He was taken to the post hospital and later flown to San Francisco, where he died on July 12 at Letterman General hospital.

At the time it was reported he had stabbed himself accidentally while slicing bread for a sandwich.

**Discrepancies Are Noted.**

District Attorney Dockweiler said police began an investigation after receiving the following reports:

That the knife was too dull to have caused a fatal wound under ordinary pressure.

That the wound had been made in three directions, indicating that the knife might have been jabbed from several angles.

**Reports Facts Withheld.**

In his telegram to Stimson, Dockweiler said that authorities at the army post had not made available all the facts to the police department or his investigators. He said local authorities were brought into the investigation because the stabbing occurred off the military reservation.

Altho Col. W. W. Hicks, commandant of Fort MacArthur, said there were no suspicious circumstances in Maj. Tucker's death, he revealed that an army board of investigation had been appointed to inquire into the case and said that its findings would be sent to the war department.

## *SAFETY COUNCIL URGES WEEDS BE CUT AT CORNERS*

The Greater Chicago Safety council yesterday called upon Chicagoans to cut weeds in corner lots in the interest of traffic safety.

"These weeds, bushes and hedges interfere with visibility, especially at intersections, and should be cut down or trimmed," said George G. Traver, manager of the council.

He said many drivers, whose vision is obscured by the growths, take chances that the intersecting road is clear, and the result is collisions and deaths.

### *Charged with Contributing to Their Son's Delinquency*

Clarence and Mrs. Catherine Padovano, who operate the Moore hotel, 538 South State street, yesterday were charged with contributing to the delinquency of their son, William, 13. Police charged the hotel has been used for immoral purposes and that the Padovanos permitted their son to serve as hotel clerk and rent a room to an unmarried couple. Capt. Thomas J. Duffy of the central station said he will be in Judge J. M. Braude's court Thursday to aid the prosecution.

Miss Patricia Borman, 15 years old, 2015 Fargo avenue, was chosen last night as girl champion in the national good driving contest sponsored by the Ford Good Drivers' league. Kenneth R. Knarr of Des Moines, Ia., won the boys' championship. In Detroit, Mich., where the announcements were made, both were awarded $5,000 university scholarships and silver trophies by Edsel B. Ford. Second place honors, carrying $2,000 scholarships, went to George Wallingford of Tulsa, Okla., and Miss Patsy Cameron, Mount Vernon, Wash. Miss Borman was chosen the Illinois representative July 1 in tests held in Chicago.

## *SPEEDER FINED $50; CHARGE OF BRIBE DROPPED*

George W. Thatcher, president of the Standard Pavement company, was fined $50 in Felony court yesterday when he pleaded guilty of speeding.

The state's attorney's office dismissed additional charges of attempted bribery and disorderly conduct, altho Park Policeman Thomas Hoban testified that Thatcher offered him and Park Policeman Frank Spry $5 each if they would turn him loose.

Five motorists, one of them a woman, were sentenced to jail on drunken driving charges by Judge Francis J. Borrelli in Safety court. They were Edward Gutchman, 25 years old, 1310 North Damen avenue, 60 days; Mrs. Kitty Pink, 32, of 2150 Adams street; Fred Schneider, 34, of 2061 West 52d street; Leo Duran, 45, of 3225 Throop street, and John Rafac, 43, of 4859 South Damen avenue, all 10 days.

# DAY by DAY on the FARM by GAIL COMPTON

### *The Conceited Heifer.*

Aug. 25, 1941.

ONE of the Shorthorn heifers on the Du Page county farm recently decided her beauty was deserving of more gracious surroundings.

The heifers were moved from their woodlot pasture to another field where they could have fresh grass. Unfortunately, the new spot opened onto the pond where the white swans live. The first inkling the men had of the young heifer's vanity came when she was discovered standing in the middle of the pond splashing and preening herself.

Nearby, the swans ruffled up their plumage and scurried about the water greatly alarmed at the tremendous creature that had invaded their sanctuary.

**Put Up Electric Fence.**

Workers were hastily recruited from their various jobs about the farm and the protesting animal was herded out of the water and sent scurrying back to her sisters. Immediately, the men went to work and threw up an electric fence around the pond.

The heifer took one look at the long, thin wire that separated her from the swans. With a snort she backed away and returned to browsing with the other heifers. The harmless looking wire was enough to cure her of any further thought of her beauty.

The animals at the farm hold great respect for electric fences, and once trained to them can be fenced in anywhere. When the heifers were moved from their woodlot they had to pass the north end of the pasture where the fence had been electrified.

**They Won't Budge.**

The men had taken the fence down for a space of several hundred feet, but when the animals were driven to where the wire formerly stretched they balked and refused to go any

farther. One of the animals was led across the imaginary line without any trouble, but the rest refused to follow.

The heifers then milled about near the old fence until one found herself over the line. Surprised, she trotted back into the pasture and refused to budge again. Only after long and patient work were they herded into their new field.

Once experienced, the light shock of the electric fence seems to leave an indelible impression upon animals.

To prove the point, the hogs have been in one field all summer surrounded by an electric fence. They haven't broken out, and the fence hasn't been working since May.

Mr. D. F. Mc Mahon
Retail Advertising Manager
THE CHICAGO TRIBUNE
Chicago, Illinois

Dear Mr. Mc Mahon:

The first birthday of Russeks' new Chicago store at Michigan Boulevard and Lake Street gives us real cause for celebration. Chicago-land women have received Russek fashions so enthusiastically that our first year's sales have been far greater than we had planned. We are deeply grateful to the women of Chicago and surrounding towns for the cordial welcome which they have given to our presentations of furs and apparel.

We also wish to take this occasion to thank the Chicago Tribune for the significant part which it is playing in our success. We have always been great believers in newspaper advertising, as the records of our stores in New York show. Our experience has been that women are alert to recognize Fashion leadership and sound values. Through newspaper advertising they become quickly acquainted with a store which adheres to these high standards.

When we opened our store we recognized that the Tribune's position in its community is unique in that it is both a fashion prestige medium and one which delivers majority coverage of its market. Because of these factors we decided to concentrate about three-fourths of our advertising expenditure in the Tribune. Our experience has certainly proven to us the selling influence and the economy of your newspaper.

During our first year the Tribune received 77% of our newspaper advertising appropriation. Its performance has exceeded our every expectation. Currently our August sale of fur and cloth coats is setting new records, and you may be sure that the Tribune, both daily and Sunday, will be relied upon in the future even more heavily.

Sincerely yours,

RUSSEKS

## "AND THE TRIBUNE WILL BE RELIED UPON IN THE FUTURE EVEN MORE HEAVILY"

A FIRST-YEAR record of accomplishment, such as reported by Russeks in the accompanying letter, adds new case-history proof that you get the utmost from your advertising funds when you concentrate them in the Chicago Tribune.

Opening its Chicago store in July, 1940, Russeks during the twelve months ended June, 1941, placed in the Tribune 77% of its Chicago newspaper advertising budget. This was 310% more than any other Chicago newspaper received—and 242% more than was placed in all other Chicago newspapers combined.

The reason for Russeks' strong preference for the Tribune is not hard to find.

Every day of the week, the Tribune has more than 1,000,000 net paid circulation. This is from 610,000 to 650,000 more total daily circulation than other Chicago daily newspapers deliver, and from 290,000 to 715,000 more on Sunday than other Chicago Sunday newspapers deliver.

Right in metropolitan Chicago, the Tribune delivers 450,000 more daily circulation than other Chicago daily newspapers—more than any two other Chicago daily newspapers combined. And on Sunday the Tribune delivers from 350,000 to 410,000 more in Chicago and suburbs than other Chicago Sunday newspapers—more than the other two Chicago Sunday newspapers combined.

The experience of Russeks, like that of women's apparel retailers as a group, proves that the Tribune "is both a fashion prestige medium and one which delivers majority coverage." As a result, these retailers place more advertising linage in the Tribune than they place in any two other Chicago newspapers combined.

*When you can have more, why take less?*

Higher industrial activity is giving more people in every neighborhood and suburb of Chicago more money to spend. Every day you do without the Tribune's full-market coverage, you are passing up extra sales volume which easily might be yours.

There is no need to pass up this extra volume when the Tribune every day is delivering . . . at one economical cost . . . the selling punch which can get it for you.

Ask a Tribune representative to help you plan a program built around the Tribune which can get you a greater share of the sales during the months ahead.

# Modern Debut Party Different, but Cards Are Little Changed

BY JUDITH CASS.

THE invitations to debut parties that are filling the mails these days haven't changed much in appearance from those that have been going out in years past, altho debuts today are a different sort of entertainment from those of a generation or two ago. The double fold card and English script still lead the field by such a tremendous majority that any other sort of formal invitation seems almost an innovation.

Variations in engraving, size and coloring lend individuality, however. The traditional double fold cards Mrs. Joseph M. Cudahy chose for a tea she and Mr. Cudahy are giving for their debutante niece, Miss Leonore Cudahy, are squarer than most, with shaded Roman printing instead of script, and instead of being petal white in color they have a slight pinkish cast known as "naturelle." The party is to be a tea from 5 until 7 o'clock on Sept. 6 at 830 Green Bay road, Lake Forest, the Cudahy home.

Mr. and Mrs. Cudahy recently returned from a holiday in the east during which they spent some time off Easthampton on their yacht. Miss "Lee" Cudahy is the daughter of Edward L. Cudahy.

### *Vernon McCullough Welsh Cards Suited to Long Name.*

The invitations that bear the names of Mr. and Mrs. Vernon McCullough Welsh and Miss Sallie Ellen Welsh are slightly wider than the Cudahy cards—and also better suited to the longer name—and pure white, folded at the top. The engraving, done in a flowing script, brings the message, "Will be at home on Saturday, the sixth of September, from four until seven o'clock, 1180 Westmoor road, Winnetka."

Distinctive and different are the cards Albert Sellner Gardner picked out as invitations to his daughter's debut. These are stiff, single cards engraved in court script, a slightly heavier letter than the usual script and more masculine in appearance, and the lines are more widely spaced. The invitations are worded less formally, too, but are none the less stunning for it. Beneath Mr. Gardner's name is that of his daughter, Miss Carol Gardner, and under that the single line, "Monday, September 8th," followed simply by the hours, "4-7," and the place, "Camellia House, The Drake," in the lower right hand corner.

Similar to the Welsh invitations are those from Mr. and Mrs. Stanley Gale Harris and Miss Cynthia Harris, who will be at home from 5 until 8 o'clock on Saturday, Sept. 13. Also similar are the invitations received from Mr. and Mrs. Harold Stanley Johnson and Miss Ann Davis Johnson, who will be at home from 5 until 8 o'clock on Sept. 5, and from Mr. and Mrs. T. Weller Kimball and Miss Jeanne Weller Kimball for the afternoon of Sept. 3 from 4 until 7 o'clock at the Indian Hill club.

### *Miss Kathleen Lord's Party to Be Dinner-Dance.*

At the request of Miss Kathleen Lord, the party her mother, Mrs. Russell Lord, and her brother-in-law and sister, Mr. and Mrs. William Mac Lingo Jr., are planning for her for Sept. 6 will not be called a debut. It will be a large dinner-dance at the Onwentsia club, including Miss Lord's young friends and the "older" crowd as well. The Lingos are expected soon from their home in Dallas, Tex.

Miss Lord will have a chance this winter to pursue her latest hobby, flying. All summer she has been an enthusiastic aviatrix, and she'll continue flying after she and her mother go down to Dallas in October. Until then they'll be at home in their cottage on the Onwentsia grounds.

Miss Barbara Bronson, who arrives from Desbarats on Saturday, barely will have time to unpack before her friends start entertaining for her. The debutante has been spending two weeks in Canada, where she was joined last Saturday by her parents, the Roger B. Bronsons.

### *Barbecue Supper, Dinner and Luncheon Planned.*

The Charles Dennehys will give a barbecue supper for Miss Bronson on Sunday in Lake Forest. Miss Nancy Wells is asking some of Miss Bronson's friends to dinner on Sept. 4 before Miss Kay Keehn's supper-dance, and Mrs. Ralph H. Poole will give a small luncheon on Sept. 12.

Miss Wells, too, has been out of town this week, visiting her brother, Thomas E. Wells, and his wife in Rock Rapids, Ia. The third of Mrs. Ellsworth Faris' children, G. Greeley Wells, has gone east with his bride to settle their tiny house near the campus of Bard college in New York.

Mr. and Mrs. James H. Winston of Evanston, who are presenting their younger daughter, Laura, on Sept. 6 at the Indian Hill club, are inviting family friends to a reception between 9 and 11 o'clock that night. The invitations being sent to the younger crowd are for supper and dancing, starting at 10.

The party will be one of the largest of the fall season, as more than 1,000 invitations are being sent out. Assisting Mr. and Mrs. Winston will be their older daughter, Mrs. Herbert C. De Young [Virginia Winston] and their daughter-in-law, Mrs. Albert F. Winston [Elizabeth Buchen].

### *The Albert Winstons Home After Visit in East.*

The Albert Winstons are at home after a trip east to visit Mrs. Winston's sister, Mrs. René Blanc-Roos, in Haverford, Pa. The remainder of the Winston family has been vacationing at the Les Cheneaux club in Michigan for four weeks.

The De Youngs' traveling for the summer included a short trip to Les Cheneaux and a visit this week-end in Kohler, Wis., with Mr. De Young's sister, Mrs. Herbert V. Kohler. Miss Winston will be at home for the rest of the summer until she departs about Sept. 18 for her sophomore year at Vassar.

A Boston debûtante with Chicago connections whose debut party will be one of the first of the season there is Miss Marilyn Morse, daughter of Mr. and Mrs. Robert Hosmer Morse Jr. of Newton, Mass., formerly of Winnetka. She is to have a luncheon at the Ritz-Carlton on Sept. 11. Miss Morse, a graduate of the Beaver

I love pleats, anyway, they're so graceful, dancing! The new yoke treatment will get many an envious glance, I'm sure of that! It's in Black, Nutria, Blue, Green and Red, sizes 12 to 18. ## Just Before the Marriage Service

[TRIBUNE Photo.]

Mrs. Nathaniel H. Blatchford III, still was Miss Katharine Lawrence when this picture was made. It was taken as she was on her way into St. James' church in Dundee last Saturday to exchange wedding vows with Mr. and Mrs. Blatchford Jr.'s son. The pretty, vivacious bride is the eldest daughter of Mrs. Samuel D. Rowe of Barrington and of John Harold Lawrence of Winnetka. Her dress was of white net over satin with a shirred bodice and bands of horizontal tucking on the skirt.

# Chicago's Most Heroic Family to Be Honored

BY RITA FITZPATRICK.

Mrs. Therese Cascino, 1924 West Grand avenue, a clear eyed, sprightly little woman in a spotless red and white apron, yesterday was interrupted by a visitor while doing the family washing. She wiped her hands on a fresh linen towel, tucked a wisp of soft brown hair in place, and received one of the finest honors that can be bestowed upon a mother.

Mrs. Cascino.

She was told by her visitor, a representative of the Union League club of Chicago, that her family of four boys and a girl had been selected by the club from among 600 thruout the city as "Chicago's most heroic family." It will be awarded a special citation as a "true American family" tomorrow at a luncheon in the clubhouse.

The citation recognizes the struggle the Cascino family has undergone. It bespeaks the courage of foreign born parents who rear their children as law-abiding, useful, and educated citizens despite severe hardships induced by poverty.

The Cascino family now is a family of distinction. George, the father, has worked hard both as a laborer and skilled workman. Therese, the mother, in addition to her heavy household duties, has gone into factories to help the family income. Angela, now married, rose to supervisor of stenographers for an electric company. Donald, the eldest of the four boys, was handicapped by ill health and without a job for seven years, but he now is employed in a shoe factory.

Joseph, 29 years old, is a brain surgeon and resident physician at the Illinois Research hospital. He expects to enlist shortly as a lieutenant in the United States Army medical corps. Michael, 26, an expert accountant, has been studying for his master's degree at Northwestern university, and Anthony, the youngest, has just finished his master's thesis in business administration at Northwestern. He is program supervisor for the Union League Boys' club at 524 North Wolcott avenue.

Thirty-five years ago the chance that they might rear such a family must have seemed infinitely remote to the two frightened Italians who came to America as bride and bridegroom. They had no money and could not speak English. George went to work as a street laborer at small and irregular pay. Therese found a job for $2.50 a week in a clothes factory. Then Angela was born.

"When Angela was a baby, I thought we were going to be rich because we had $500 saved," Mrs. Cascino said yesterday. "Then they both [Angela and the father] got sick and our $500 went for doctor bills. That was the beginning of our hardships.

"But we managed somehow. For several years we lived on $95 a month, while two of the boys were going thru college and one thru high school. All our neighbors were on relief but we wouldn't accept it. I'm glad we didn't. We can hold our heads up higher now."

Asked for the recipe to turn out a "true American family," Mrs. Cascino replied, "A good home is based on good citizenship, law observance, having children, minding your own business, and not being extravagant. I'm sure there are many families like us in the city but I'm proud to be chosen for this award. I've always been proud of my children.

"But if you'll excuse me now, I'll let my husband entertain you. I want to get the wash on the line before it rains. A good home can't run without clean laundry, you know."

She left the room, and soon the visitor heard the sing of the pulley line on the back porch and Mrs. Cascino humming gayly.

## * THRU THE LOOKING GLASS *

The most heartening beauty news of the week concerns the arrival on the market of something that actually makes nail polish dry faster! Cheers are in order.

When we got the jubilant word that such a preparation had finally been perfected we were a little skeptical. But we saw it, we tried it, and we think it's swell. The busy woman who can't be idle for an hour after a manicure to save her new polish coat should find this an answer to some of her minor prayers.

This is a liquid top coat that does two things. It's applied after the polish. It doesn't change the color, nor blend with it, but forms a fast drying sheath that makes polish set much faster. If it's brought up over and then under the nail tip it forms a good little protective coat, too. It's transparent.

The second thing it does is to give the polish a diamond-like brilliance and hardness. Your polish will last a lot longer and the invisible top seal will protect it from a lot of the bumps that ordinarily cause chipping.

It's so beautifully speedy in drying that by the time the coating is applied to the 10th finger the first is quite likely to be dry. There is some difference of opinion as to how fast it actually is; some say it dries thoroly in four minutes. Over one coat of polish it did just this for us. Two coats beneath it might take a longer setting time. But there's no denying that it speeds up the drying operation; you can use your hands almost immediately with no damage to the nice, fresh polish. ELEANOR NANGLE.

# Bolognini Plays Triple Role and Right Well, Too

BY EDWARD BARRY.

At Grant park last night the versatile resident musician, Ennio Bolognini, functioned as conductor, cellist, and pianist.

He started the evening by directing the Grant park orchestra in excerpts from Puccini's "Tosca." The men seemed so busy trying to follow his beat that they were unable to do very much toward making the music flexible and expressive, but by the time the "Tannhäuser" overture was reached things were going much better. That work received quite a majestic, effective performance.

Tschaikowsky's "1812" overture followed. The Park district's budget does not permit real cannon to be hauled up for the piece's closing pages, but blank cartridges were shot off at odd moments behind the band shell and the general effect was just about what the overture deserves. As cellist, Bolognini gave a vibrant, beautifully phrased performance of Bruch's "Kol Nidrei." As pianist, he played accompaniments for two of Nina Serena's solos.

Miss Serena is a Chicago soprano, and this was her Grant park debut. For the occasion, she had assembled what was possibly the most spectacular costume ever seen on the local concert stage. Great billows of lace half concealed, half revealed a jewel spangled white gown. The shoes were gold colored, and had soles two inches thick.

In excerpts from "The Marriage of Figaro," "La Bohème," and "The Chocolate Soldier," Miss Serena made careful use of a voice which has not yet developed much resonance. She sang accurately, and with great directness and sincerity.

The program also featured a solo by the Argentine violinist, James Tomassow. He played the third movement of the Bruch G Minor Concerto with spirit and agility and with a tone quality that ranged from fair to excellent.

# Coats with Fur Linings Setting Style Records

BY REA SEEGER.

Launched early in the season, fur lined coats are still making fashion records. As something new in heating units, these are coats to be worn by women who are a bit weary of fur trimmed cloth coats or fur coats. Such coats have a smooth streamline, plus the cozy comfort of a fur lining to ward off inclement weather.

Sometimes the fur linings are of the less expensive furs such as the sides and under bodies [those pieces usually discarded because of their lighter color in luxury fur coats] of the skins. Squirrel, mink paws, caracul, muskrat, and similar pelts provide such linings.

However, some of the fur lined coats boast the same fine fur in the linings as are used in all fur coats, with lapels and even cuffs of the same to contrast the fine wool of the outer coat.

Fur lined coats are tremendously popular as the "one and only" winter coat. Dozens of them have been selected for well planned college wardrobe; career girls approve and buy them with the same enthusiasm, while the shoppers with limited as well as huge budgets snap the smartest designs almost at first sight.

Some of the color contrasts are brick red wool lined with a fascinating gray and white lining of squirrel skins; black wool lined with civet cat with a dashing red facing along the inside front panels; dark French blue with silver gray caracul; brown or old gold wool with nutria, or mink paws, and so on.

Besides being sensationally beautiful with such contrasts achieved with wool fabric and the soft warm skins, these coats are unquestionably the best known protection against wind and winter weather.

They are also surprisingly sleek in silhouette, and particularly ideal for the problem figure lines that look too bulky under fur coats of any length.

Inside the brick mansion hang a number of family portraits by Sargent, two of Mrs. Prentice wearing an ivory satin ball gown of the type Sargent likes his portrait subjects to wear. A fine portrait in the dining room of Mrs. Prentice's father, the later John D. Rockefeller, is unsigned. When the commission had been given, Sargent, who had done a number of portraits of Mr. Rockefeller because of the various institutions that had wanted them, suggested that a copyist do the portrait. It was thus arranged, but the work of copying did not proceed to Sargent's taste. He himself took over and completed the portrait. As it was not entirely his work he could not attach his signature. Thus the fine Sargent of Rockefeller in his daughter's home is unsigned by the artist.

* *

The day we saw the portraits Mr. and Mrs. Prentice were entertaining friends at a musical, with refreshments on the lawn afterward. After the program of organ music and songs artist tenor and guests joined in singing the finale, words in Latin to the air *Hursley* printed on the back of the program. Mr. Prentice himself had written the words and most of the guests seemed to know their Latin, too, for the phrases, beginning *Jesu, sol meae animae* . . . came out clear and strong from the raised voices.

**SYNOPSIS.**

Kathleen Murray inherits an income and a home in an actors' colony in California and goes there to live. She and Hugo Lang, whose play is being produced in the local summer theater, fall in love, but Hugo does not want to marry until his play is a success, as he is unwilling to have Kathleen support him. Carol Keyes is backing the production and has the lead rôle, altho Jeanie Payson, who is given a minor rôle, is more talented. Other members of the cast are Maurice Reed, whom Carol is in love with; Ellen Mount, Hugo's foster mother, who gave up a chance to play on Broadway to care for Hugo when he was young, and Toby Allen, Kathleen's 16 year old protégé. The theme of the drama is murder, and the the play promises to be a hit. Kathleen has an uncomfortable presentiment when Wilkie Stokes, another member of the colony, discusses the fascination of killing. One evening Jeanie asks Hugo to take her for a drive. The next morning Jeanie is found murdered in the woods, and Hugo traced to a mountain hideout. He refuses to talk and is tried and convicted of murder and is sentenced to prison for life. Carol and Maurice elope the day after the murder but return to the theater and the show goes on. Kathleen, still believing Hugo innocent, hires Detective William Greer to try to find evidence to free him. Greer finds a money bag hidden under the floor of the mountain hideout and all fingerprints turn out to be Jeanie's. Kathleen remembers odd remarks about murder Wilkie Stokes had made and is convinced he is the guilty one. She arranges to have him invite her to his home for dinner and tries out a word association game Greer has used in psychoanalyzing criminals. His answers seem to prove his guilt and finally he admits the killing and suggests a plan of murdering her and killing himself. She faints, and when she comes to he sends her home. Later she gets a letter from him apologizing to her for his actions and saying he did it as a trick because he realized she was psychoanalyzing him as Jeanie's murderer. In his remorse he uses his influence to get her another interview with Hugo. When she talks again to Hugo she forbids her to try to clear him. Kathleen's housekeeper, Susan, produces a page from Jeanie's notebook showing an account of money belonging to Jeanie and some man.

INSTALMENT XXXVIII.

**BLACKMAIL.**

Kathleen slipped out of the rest of her clothes, put on a wrap and pajamas. "If Him were Hugo, she would write Him twice or Hugo twice. When you go down, please ask Toby to come up to me."

Susan was reluctant to go.

"I think that looks like they were saving up to get married. And who else was there?"

"The world looks flat, Susan, but it isn't."

"Now you're trying to muddle my old brain with this modern young smartness."

"That's not as bad as trying to take my hope and faith away from me."

"O, Miss Kathleen, I was only thinking of your good."

"I know, dear, but you're wrong. Now I've seen Mr. Lang I'm more certain of it than ever. I trust him like I trust the sun to rise tomorrow."

"Even that isn't certain ——"

Kathleen pushed Susan to the door. "Don't you say a word of this to any one, and do please send Toby up to me."

Susan lingered there. "Mrs. Payson was back here yesterday with something else on her mind. I didn't tell her I found out Jeanie had all that money."

"I should hope not," said Kathleen hotly. "This memorandum doesn't mean she had money. Whatever it means, we can't guess what it means." She pushed past Susan and went to the head of the staircase.

"Toby," she called, "Toby ——"

"Hello, there!"

"Come up this minute, I want to speak to you." She turned on Susan, "And you please go down and get my milk for me."

The old woman saw the blaze in her eyes and shrank away from her to the stairs.

"Why, Miss Kathleen, I don't know you."

"Nobody knows me. I didn't know myself till I began to get mad. And if that woman comes again let her in and leave her to me. I'm just in the mood for her. Or for any one who wants to say Hugo did this vile thing. I hope she does come. I shall wipe up the floor with her ——"

Toby came galloping up the stairs two at a time. "Here I am, Kathleen."

"Then come in my room and look at this." She shut the door on Susan's departing back. "It may be a clue, Toby. When is Bill going to get in touch with us?"

"At 9 o'clock tomorrow morning."

"Then try and fix a meeting for me at the hotel or somewhere. I've got to talk to him. Tell me, how was the audience?"

Toby looked embarrassed. "Really, I hate to tell you."

"Yes, I know, but you needn't think you're sparing me something. Of course people are interested in murder. It isn't awful—it's natural."

"Well, Kathleen, it was fantastic. Packed—and 200 standing. We turned them away. There were cars in the road with license plates from six different states. And applications for seats in the reserved sections up till the middle of November."

Kathleen laughed, the blaze of anger still in her eyes.

"Isn't success wonderful? Why write a good play? No wonder Carol wanted to make hay. It isn't every season she can rely on one of the cast being murdered."

Toby was also slightly scared by Kathleen's unfamiliar mood. He held out his hand for the paper she held.

"Is this the clue you were talking about?"

She put her other hand to her head as she handed it to him.

"Toby, I'm so tired I'm dizzy. Go away and let me rest. No breakfast till I ring for it. But I must be waked if Mrs. Payson calls. What was the matter with me last time she came? So meek, so stupid, no backbone. All I ask is another chance at that woman."

Kathleen's wish was granted. Mrs. Payson called at noon. Kathleen had slept for three hours and her nervous temper had subsided. She was, however, still stronger in her mood of resolution. She let Mrs. Payson speak.

"Last time I called, Miss Murray, I told you I was in a terrible mess for money."

"You did, and I sympathized with you."

"Sympathy don't pay no bills."

"That is so true that Shakespeare might have written it."

Mrs. Payson darted a quick look at Kathleen's face, grave and lovely, but noncommittal.

"Don't try to be smart with me. It won't pay. I've decided not to stand for your highhanded treatment."

"That's a curious coincidence, Mrs. Payson. I had just come to the same conclusion about you."

"Me?" Mrs. Payson's red face assumed a look of self-righteousness. "What have I ever done to harm anybody?"

Kathleen's anger was cold and under control.

"Harm can be negative, Mrs. Payson. Doing nothing when you could do something. You knew more about your daughter's affairs than you admitted at the trial. You must have. Now what is it you have kept back?"

The woman's face quivered and her mouth fell open. For a nerve-thrilling moment Kathleen felt she had surprised some secret knowledge, some hidden guilt. But Mrs. Payson recovered instantly from the shock of the unexpected attack. Neither did she show fear, but an irritated anger.

"That's another coincidence, Miss Murray. Just what I was thinking about you. But I'm not making guesses." She opened the cheap black bag on her lap and produced a small cherry colored silk handkerchief initialed K. M. in white. "I wonder if you recognize this?"

"Of course I do," said Kathleen promptly. "And what about it? It's mine."

She remembered after she spoke the last time she had used it. The night Jeanie came and took Hugo away. It had been in the breast pocket of her silk shirt and Hugo had taken it out to look at the embroidery she had on it. It had been in his hand when Jeanie came. She approached Mrs. Payson to take it from her, and saw her push it back in the black bag with a wild leap of the heart.

"O, no. If you want that back it'll cost you money. I found it in the station wagon. All wet and dirty, too, with the mud and the rain. You should be where he is, Miss Murdering Murray. You were out with the two of them that night."

The blood roared in Kathleen's ears in a red tide of temper.

"You're so vile I don't know how you ever had a girl so charming as Jeanie. Why was it Jeanie and not you?"

Mrs. Payson leaned back a little instinctively as if she feared Kathleen might strike her, but a small, tight smile of satisfaction appeared on her face.

"Calling names is no answer. Do you want it back or do I do what I think fit?"

Kathleen had an inspiration. Mrs. Payson might divulge other facts of which she had knowledge if a charge of blackmail hung over her. Kathleen turned her back on her visitor, went to one of the windows on the veranda and pretended to consider.

"How much would you want for it?" she said at last.

Kathleen was disgusted by the sly look of cupidity. Mrs. Payson licked her lips.

"Would $5,000 be too much?"

Kathleen laughed with contempt. "Do you think I'm a millionaire? One thousand dollars. Not a cent more."

Mrs. Payson was surprised and gratified by this unhoped for luck.

"Very well," she said with a grudging sigh. "Since I am so pinched for ready money."

Kathleen took a check book from the drawer of a bureau desk. Mrs. Payson showed anxiety.

"Since I am taking so little it had better be cash."

Kathleen went on writing. "You can take it or leave it. I never keep so much cash in the house."

She held it so that Mrs. Payson could see the writing and the tempting figures—$1,000.

"Now, my handkerchief, please."

## *Canadians to Slice Their Own Bread and Like It*

OTTAWA, Ont., Aug. 25 (AP).—Canadians are going to slice their own bread and like it lest the accommodating tradesmen who slice it for them get into trouble with the wartime prices and trade board. The board moved today to investigate and prosecute any who slice bread for their customers in violation of a recent order designed to conserve labor and electric power and do away with double wrapping necessary to keep sliced loaves from going stale.

## *Miss Helen Mildred Owen Heads Publishing Firm*

Miss Helen Mildred Owen, editor of the Instructor Magazine, a monthly publication for elementary teachers with the largest circulation in its field, was elected president yesterday of the F. A. Owen Publishing company, founded by her father, Frederick A. Owen, 50 years ago. She succeeds Harold G. Fowler, who withdrew because of ill health, but remains a member of the board. Miss Owen has been a staff member of the magazine since 1922 and its editor since 1928.

### *Miss Winifred Turner's Wedding Is Announced.*

Announcement is made of the marriage last Saturday in Melvin Village, N. H., of Miss Winifred Turner and C. Bouton McDougal, son of Mr. and Mrs. Robert McDougal of Woodlawn avenue and Gull Lake, Mich. The ceremony took place in the Melvin Village Community church.

William Turner of Seattle, Wash., gave his sister in marriage. Mrs. E. Mervyn Frye of Melrose, Mass., was her sister's matron of honor. The bride and bridegroom and their attendants were guests at the Bald Peak Colony club on Lake Winnipesaukee, near Melvin Village, over the week-end. The former Miss Turner has been head of the science department at the Girls Latin school.

### *Dr. and Mrs. Wallace Mackenzie Parents of Son.*

Dr. and Mrs. Wallace D. Mackenzie [Betty Gillies] are being congratulated on the birth of a son, Ross Dundas, yesterday at the Evanston hospital. The baby and his little sister, Madeleine, are grandchildren of Mr. and Mrs. James P. Gillies of Rye, N. Y., formerly of Winnetka.

The annual party of the Chicago Arden Shore committee is to be known as the "Top Notch Ball," it was decided at a recent committee meeting. The ball, in reality a dinner-dance, will be held on Oct. 11 in the Gold Coast room of the Drake, and will have a sports motif. Mrs. Homer Lange, benefit chairman, and the women working with her hope to have some "top notch" sporting celebrities at the party. An office to take reservations and look after other details will be opened next Wednesday at the Drake.

### *Betrothal Announced of Pennsylvania's Governor and Widow*

Doylestown, Pa., Aug. 25 (AP).—Pennsylvania's going to have a new first lady.

Mrs. Emily Case, attractive widow, disclosed today that she and Gov. Arthur H. James are engaged to be married and that the wedding probably will be within a few weeks.

"While there is nothing definite to announce at this time it can not be denied that we are engaged," she told newsmen after sidestepping their questions for two days.

Mrs. Case, tall, slender, and with graying hair, made the announcement after she and the governor had discussed their plans over the week-end while guests of her sister here.

Mrs. Case is about 46 and is the widow of Dr. Claude Case, former member of the Cornwell medical staff. She met the governor, who is 58, when his wife was at Clifton Springs sanatorium as a patient of Dr. Case. The two families became close friends. Mrs. James died in 1935.

# DORIS BLAKE'S LETTER BOX

Have you a perplexing problem on which you need friendly counsel? Write to Doris Blake in care of the Chicago Tribune, Tribune Tower, Chicago, Ill. If you wish a personal reply, inclose a stamped, self-addressed envelope.

**Retain Friendship.**

"Dear Miss Blake: I met a young woman during my vacation whom I like very much. She seems to feel the same toward me, altho I am not quite positive. Should I continue this romance? HOWARD."

Why not keep her friendship, Howard? Have you thought that she just might be hoping you'll make the effort to see her again? No harm in finding out.

**Eliminate Competition.**

"Dear Miss Blake: My girl said she loved me, yet she goes out with an older fellow. Should I break off with her? He's good looking, but I'm not ugly myself.

"BARTHOLOMEW."

If you love her, why don't you rise to the emergency and "beat out" the competition?

**Too Young to Set Cap.**

"Dear Miss Blake: I am 17 and love a fellow who, when he found out I loved him, told me not to fall too hard. What shall I do to win him? He is 20. PUZZLED."

You're too young to set your cap for any man. It would be better for you both if you went out with others occasionally.

## ENGAGEMENT

Mr. and Mrs. Harold Philbrick Buck of Bennett avenue announce the engagement of their daughter, Frances Marilyn, to Harold Lee Hitchens, son of the Rev. and Mrs. J. J. Hitchens of Berwyn. The wedding is planned for Oct. 19 in the Berwyn Methodist church. Both Miss Buck and her fiancé attended the University of Chicago.

[Copyright: 1941: By The Chicago Tribune.]

It's impossible to have a failure with a confectioners' sugar cake or cookie icing unless you do something utterly stupid such as grabbing the Worcestershire sauce instead of the vanilla bottle.

Such an icing remains soft on the cake, and may be flavored in any way you like. Orange rind and juice probably come next to chocolate and vanilla in flavoring popularity, altho maple is dear to the heart of many a cook. Recently I discovered that confectioners' sugar, cream, and bottled coffee sirup make a grand frosting for spice cake.

It's hardly necessary to make one of these simple icings from a recipe, if you've had any experience at all with them. But recipes sometimes suggest variations worth experimenting with. Soft, creamy butter sometimes is the foundation of a confectioners' sugar icing; at other times the butter is omitted and the sugar is simply mixed with cream enough to make it spreadable, and flavored.

**Plain Butter Frosting.**
[for 8 inch square cake]
¼ cup butter
2 cups sifted confectioners' sugar
1 teaspoon vanilla
2-3 tablespoons milk or cream

Cream butter until very soft. Add sugar gradually, blending well. Add vanilla. Thin with milk until frosting reaches spreading consistency. Beat well and frost cake.

ORANGE BUTTER FROSTING.

Add a teaspoon of grated orange rind instead of vanilla to the preceding recipe, and use orange juice in place of milk.

CHOCOLATE BUTTER FROSTING.

Melt 1½ squares chocolate and add to plain butter frosting recipe.

MOCHA FROSTING.

Add 1½ squares chocolate to plain frosting recipe made with strong coffee instead of milk as the liquid.

RUM BUTTER FROSTING.

Use as much rum as you like in flavoring the plain frosting. Omit vanilla.

**Cream Cheese Icing.**
1 3-ounce package cream cheese
1¼ cups sifted confectioners' sugar
1½ tablespoons milk
¼ teaspoon salt
¾ teaspoon vanilla

Mix cheese thoroly with sugar and milk. Add salt and vanilla, and cream to a spreading consistency. More milk may be added if a thinner icing is desired.

**Creamy Banana Frosting.**
[for spice cake]
1 large ripe banana
2 to 2½ cups sifted confectioners' sugar
Few grains salt
1 teaspoon lemon juice
½ teaspoon vanilla

Mash banana until smooth and beat in sugar until mixture is thick enough to spread. Add salt, lemon juice and vanilla, and blend.

## Stage Notes

"My Sister Eileen," the successful comedy at the Harris theater, announces that it will close on Saturday, Sept. 27. The following night it will open a week's engagement at the Davidson theater, Milwaukee. Seats are now on sale at the Harris for the remainder of the Chicago engagement.

The Grand Detour players at Dixon, Ill., will give "She Couldn't Marry Three" this week instead of "Dangerous Corner" as stated in Sunday's paper. Performances are given Wednesday thru Sunday nights and Sunday afternoon.

## Numerology
By Evelyn Holmes

Aug. 26, 1941.

**Universal day**—A good day for routine matters. Be industrious and frugal.

**September**—For those in a 6 year, September marks the high spot in the period of adjustment that they have been having this year. The family, home and close associations may demand more from you than you feel willing to give, but you should put yourself in a frame of mind to make sacrifices willingly right now. Bring harmony into any situation which seems to be getting out of hand. It is your job at this time to be the one to adapt yourself to the situation. If you are connected with any institutions you may find duty calling you. Think about the diet and health of the children in the family. Buy things to make the home comfortable and your family happy. Make the family circle the center of your activities this month.

## Baby's Crocheted Cape

BY ELLEN BRUCE.

This crocheted cape for infants is the type to give two years of service. For the newborn baby it is ideal as an all-over wrap. For the growing infant it affords complete protection against drafts and cool days. The mesh and shell pattern combine perfectly to create an unusual outfit. Pink satin ribbon may be run thru the wide mesh if desired. Otherwise it is worn plain.

**For instructions in crocheting the baby's cape in shell and mesh design, No. 365, send 10 cents in stamps or coin to the Needlework Bureau, Chicago Tribune, 220 Fifth avenue, New York City.**

## According to CULBERTSON

[Copyright: 1941: By Ely Culbertson.]

There can be no doubt but that a preëmptive bid, properly calculated, throws insuperable obstacles in the path of the opponents. The fact that the messages they can convey, one to the other, have been cut down from a possible six or eight to a meager one or two, operates as tho the telegraph companies arbitrarily set the limit of a message to about three words.

Consider the surprising result of South's preëmptive bid in the following hand:

South, dealer.
Neither side vulnerable.

NORTH
♠ J 9 6 3 2
♥ 9 7 4
♦ 10
♣ Q J 7 6

WEST
♠ 10
♥ 8 6 3
♦ A Q 7 5 2
♣ A K 8 4

EAST
♠ A K Q 5
♥ None
♦ K 8 6 4 3
♣ 9 5 3 2

SOUTH
♠ 8 7 4
♥ A K Q J 10 5 2
♦ J 9
♣ 10

The bidding:

| South | West | North | East |
|---|---|---|---|
| 4 hearts | Double | Pass | Pass |
| Pass | | | |

East did not pass to West's double without a great deal of thought and consideration. He realized fully that his side probably was being "fixed" by the opening bid; that he and partner could very likely make at least a game and, possibly, a slam, if they could get into the right suit. The trouble was that East did not know what suit to bid. His impulse was to answer with spades, on the supposition that partner's double of one major invited a response in the other major. But, despite the top strength of East's spade suit, it was only four cards long, hence East could not afford to *jump* in a spade response nor, if he were to choose diamonds, could he afford to bid more than five diamonds. Since, in either case, West would have to read these responses as forced and never would be able to credit East with such honor trick strength as he actually held, it appeared that a slam, however cold, could not be reached. This conclusion, coupled with the danger of responding with a suit that might not "hit" West's hand, caused East to decide in favor of a penalty pass. If West's double was sound, East reasoned, a 500 point penalty might easily develop. Unfortunately for East-West, matters did not work out that way.

West selected the spade 10 as the opening lead. Dummy covered and the queen won. At this point East could have taken his two other spade tricks and these, with one diamond and one club, would have accounted for a two trick defeat. But East, for reasons best known to himself, shifted to a low club, which threw the defense quite out of kilter. West won with the king and, thinking that East had had some reason for the club shift, laid down the ace. Declarer ruffed with an honor and led a low heart to dummy's nine, then discarded his two losing spades on the queen and jack of clubs. The singleton diamond then was led. West won with the queen and returned a trump, but dummy still had one trump left with which to ruff declarer's second diamond and, thus, the contract was made.

Considering that East-West were absolutely cold for seven diamonds, the preëmptive bid gave North-South a notable victory.

Springfield, Ill., Aug. 25 (AP).—Mrs. Lowell C. Allen of Belleville was installed today as president of the state American Legion auxiliary. She succeeds Mrs. Joseph F. Mieczenski of Chicago. Other auxiliary department officers installed were Mrs. Norman Sheehe, Rockford, first vice president; Mrs. Ralph Webber, Chicago, second vice president; Mrs. Florence Kellogg, Chicago, treasurer, and Mrs. Thelma Eldridge, Greenview, chaplain.

## Fashion Review Shows Styles for Milkmaid

Washington, D. C., Aug. 25 (AP).—A preview of suggested practical but snappy togs for the well-dressed milkmaid, farmerette and defense factoryette was given today at Mrs. Franklin D. Roosevelt's press conference at the White House. There was also a display of the latest in cotton stockings.

The newest things to wear when driving a tractor, feeding the chickens and manufacturing guns were modeled by girls from the Home Economics bureau in the department of agriculture.

The designer, Clarice Scott, assistant Home Economics specialist for the department, explained the styles were created to be made as economically as possible and to introduce new ideas in comfort as well as fashion onto the farm and into the factory.

For the farmerette who has a tractor job there was a smart field suit with a Chinese coolie hat. Made up in gray blue cotton, it has slacks fitted at the ankle, a box jacket with two big pockets and sleeves that can be detached just above the elbow.

Intended for general farm wear is a coverette of green seersucker. It is a one piece garment with a surplice closing that ties in back. It could be donned in less time than it takes a rooster to crow. It has a matching sunbonnet.

A mechanics suit has been styled for the girl factory worker out of light blue denim. It is a coverall with legs fastened at the ankles. The blouse has short sleeves, turn back collar and two pockets that snap shut so that the factoryette won't lose her vanity when she stoops over. It has a matching cap with a visor.

For farmerettes who have to get out in rainy weather there's a suit made of showerproof cotton. It consists of a jumper, a box jacket, hood, and leggins. Also shown was a work coat made of double layers of wind and showerproof cotton—dark blue on the outside lined with plaid.

It looks like a colorful leg season ahead. Dr. Louise Stanley, head of the Home Economics bureau, said her bureau had on hand 300 designs and colors in hose.

## Two New Autumn Designs

WOMAN'S AND MISS' DRESSES.

The frock at the left has distinction for both slimsters and matrons. It may be made of crêpe or woolen and go to informal social affairs and to the office. The other model is strictly for the young in heart and figure, with its peasant lines. Make the skirt and bodice of woolen, crêpe, or velveteen, the blouse of a soft material.

Style No. 2983 is designed for sizes 12, 14, and 16, and 36, 38, and 40 inch bust measurements. Size 16 requires 3½ yards of 39 inch material.

Style No. 3022 is designed for sizes 10, 12, 14, 16, 18, and 20. Size 16 requires 2½ yards of 39 inch material, with 1¼ yards of contrasting.

Each pattern costs 10 cents.

**Address orders for Clotilde patterns to Chicago Tribune, P. O. Box 537, Grand Central annex, NEW YORK CITY, including 10 cents in stamps or coin (coin preferred—wrap it carefully) for each pattern ordered. IMPORTANT! Be sure to state clearly the number of the pattern and the size desired, and write your name and address plainly. The summer pattern book costs 15 cents, 10 cents if ordered with a pattern.**

## Stepmothers Should Avoid Reform Plans

By GLADYS HUNTINGTON BEVANS.

Copyright: 1941: By News Syndicate Co., Inc.

Altho stepmothers are among the noblest of women, it would not be logical to infer that all of them are endowed with the highest degree of tact, lovingness, motherliness, and a sense of duty. But I am not writing these articles for those women who have married a man with children, considering the children a nuisance but wanting the man too much to let that stop them. I am writing for those other stepmothers who intend to love their husband's children and who want to bring them up well. I want to reassure those who have qualms, and also help them to avoid some of the pitfalls that may lie in their path.

One of the pitfalls is the second of a stepmother's intentions, not the one which is to love them, but the other, the intention to bring them up well. This last intention can be so dogged, and the standards formed in the stepmother's mind so high, that failure is almost sure to result.

The reason is that training and discipline are so emphasized that the lovingness gets submerged. It is submerged because the new mother feels she must hold the children, large and small, up to an impossible standard of perfection. Correction and discipline loom so large that her new children gain no sense of being loved and wanted, just that of always doing something wrong.

The stepmother who steps into her new and delicate job, bending over backward with that sense of duty, is going to get into hot water. Those children may need all that she says and more, but she's putting the cart before the horse. What she should do is work first to gain the friendship and trust, and then the love of those children. With this as a foundation, she can go ahead and train them gradually in the ways that are best for them.

## ANTOINETTE DONNELLY REPLIES

If you have a beauty problem on which you need advice, write to Antoinette Donnelly in care of the Chicago Tribune, Tribune Tower, Chicago, Ill. For a personal reply, inclose a stamped, self-addressed envelope with your question.

**To Rest the Eyes.**

Tina: Eye exercises should not be recommended promiscuously. If your eyes are bothering you, see a doctor. However, if you use them a lot, it will rest them to go to the window frequently and, for a minute, look at the horizon.

**Weight and Build.**

Florence: Weight depends a great deal upon body build. As you have a large body frame and comparatively short legs, you are naturally heavier than your more slender framed, long legged rival, so do not worry.

**"Goose Flesh."**

Alma: The condition of which you speak is known as "goose flesh." It is generally due to an accumulation of dead skin cells. A good scrubbing with soap and water, using a brush to stimulate the circulation, will be found helpful. A good "nourishing creame" massaged into the arms and legs will help to keep the skin soft and smooth.

## *Bereavement in Family Halts Girl's Romance*

BY DORIS BLAKE.

Copyright: 1941: By News Syndicate Co., Inc.

"Dear Miss Blake:

"I have been going with a man for two years. At the beginning everything was grand. He swept me off my feet and even talked of getting married.

"A year ago his father died and everything changed. I think it is Dick's mother. She sits and grieves and won't let herself forget. It has made Dick act strangely. He tells me that it would be better if I married some one else. He says he is always in a hole and always will be. He insists that a broken heart wouldn't mean a thing compared to losing his father.

"He never misses dates with me and always buys me gifts on holidays. But his behavior makes me feel so badly I never stop crying.

"MARY."

Some very fine persons dramatize their grief. They make it become a habit until it actually seems to bring more misfortunes upon them.

Mary should not tell her sweetheart this very obvious truth, but she should cheer up herself. Why can't she spur her sweetheart out of his despondency by appealing to his love for his father? Surely his father would want his son to face life bravely and help his mother be courageous, too.

Mary might suggest they take the boy's mother out. Or they could try and interest her in some other bereaved family. If her sweetheart's father were alive, he wouldn't want his family unhappy.

## Is Hippiness Your Trouble? Try Exercise

BY ANTOINETTE DONNELLY.

Copyright: 1941: By News Syndicate Co., Inc.

We have already urged that you make your figure flatter your clothes. Today we are suggesting that you get down to brass tacks, and the floor, and do something about it.

Hips will be our theme song. Spreading hips ruin the effects of a beautiful dress more often than the work of the worst dressmaker.

If hips make you a poor compliment to a lovely dress, take to the floor and exercise.

1. Sit down on the floor and spread out your arms to balance yourself. Then, keeping your back straight, raise your legs and shift your weight from one hip to the other.

2. Kneel. Any one with oversized hips should be humble, anyhow. Then lower yourself sideways until you are sitting on your right hip. Bring yourself up and lower yourself to the same position on the other side.

3. Lie on your back on the floor, arms outstretched. Then stretch your right leg across your body to the left and, if possible, touch your left hand with your toe. Reverse with the other leg.

# COLLEGE ALL-STARS NAME RANKIN CAPTAIN

## ALEXANDER'S 67 TIES RECORD IN NATIONAL AMATEUR

## JOHN BURKE OF RIDGE CLUB IS SECOND WITH 68

### Only Five Players Equal Par 72.

BY CHARLES BARTLETT.
[Chicago Tribune Press Service.]

Omaha, Neb., Aug. 25.—Stewart [Skip] Alexander, a young man from Burlington, N. C., who has been trying to find the key to the Omaha Field club's tightly locked course since last Thursday, turned fairway safecracker today and blasted it open with a smashing 67 to take the 18 hole lead in the qualifying round of the 45th National Amateur Golf tournament. That 67 not only broke par by five strokes, but also tied the all-time qualifying record set by D. Clarke Corkan at Merion in 1924 and set up a new competitive course record for the Field club's acreage.

Skip Alexander.

Preceding the bespectacled Skip by three hours with a trim 68 was another youth who, like Alexander, has distinguished himself in intercollegiate golf. That would be John Paul Burke, a 24 year old Rhode Island Irishman who currently is registering from Chicago's Ridge Country club. Burke, winner of the college crown while a student at Georgetown, appeared to be the day's leader, off his pair of 34's, until Alexander, a recent graduate of Duke, came in with a brilliant 32—35—67.

**Only Two Break Par.**

How well Skip and Johnny did today is reflected in the fact that they were the only two in the field of 145 starters able to break par. Only three others were able to match it on a day that ran the weather gamut from bright morning sunshine to afternoon showers that were still falling this evening. They were Ellsworth Vines of Pasadena, Cal., former world's tennis champion, who had 35—37—72; Otto Greiner of Baltimore, 1941 National Intercollegiate semi-finalist, who reported with a pair of 36s and Ted Bishop of Boston, New England champ, with 36—36—72.

Entering tomorrow's final 18 holes of medal play, which will complete the 36 hole trial for the 64 match play qualifiers, Alexander and Burke appear to be comfortably settled for rôles in the man-to-man dueling opening Wednesday morning. Not so several other parties. There are Duff McCullough of Philadelphia, last year's runner-up, and Johnny Fischer of Cincinnati, 1936 champion. Both had 78s. And there is Wilford Wehrle of Chicago's Tam O' Shanter club, a semi-finalist in 1940, who came in with an embarrassing 80.

**All's Well with Favorites.**

The cards for Alexander and Burke follow:

| | | | |
|---|---|---|---|
| Par—Out | 445 | 534 | 434—36 |
| Alexander—Out | 344 | 434 | 424—32 |
| Burke—Out | 435 | 534 | 433—34 |
| Par—In | 443 | 444 | 454—36—72 |
| Alexander—In | 543 | 343 | 454—35—67 |
| Burke—In | 442 | 454 | 344—34—68 |

Sixty-nine in the field scored 78 or better, auguring for a qualifying score approximating last year's, which was 155.

Five gents who aim to be around here, come the week-end, were doing all right for themselves. One was Richard D. Chapman of Mamaroneck, N. Y., the defending champion, who had a 35—39—74. Another was Marvin [Bud] Ward, 1939 victor, who had a 73 that was marred by bogies at the 15th and 17th. Johnny Goodman, winner in 1937 and the home club's No. 1 hope, pleased his public with a 73. Mario Gonzalez of South America, the lone foreign entry, finished with a 74, and Ray Billows of Poughkeep-

BY EDWARD BURNS.

Edgar Smith and the White Sox yesterday showed no mercy on Marius Russo and other Yankees as the second place Chicagoans shaved the lead of the pace-setting New Yorkers to 16 games by beating them in the final of the series, 9 to 1, in Comiskey park.

The Sox, who are not scheduled today, thus increased their lead to two games over the third place Cleveland Indians, who lost to the Boston Red Sox last night.

The victory was the eighth of the season for Chicago over the Yanks. The teams have one more game to play, in New York on Sept. 17. The success was Smith's 13th of the season against as many defeats. It was his second conquest of the Yanks. He yielded nine hits, two of which, a double by Tommy Henrich and a single by Jerry Priddy, produced that lone run.

The Sox yesterday concentrated all their scoring and all their hitting in three innings, the second, sixth, and seventh. They made two runs on a triple and four singles in the second inning. They added three in the sixth on a double, three singles, and a walk, and wound up their scoring activities in the seventh with four runs on two singles, two walks, and a double.

**Solters Naps; Spoils Rally.**

It was nice the game was won and by a large margin for Julius Solters' sake if for no other reason. Julius, who had such an unbelievably unhappy experience on the base lines Sunday, had another lapse to break up a big rally in the second inning, but as things turned out the matter was not as tragic as it was startling.

Taft Wright opened the second with a single to left and scored on a triple by Luke Appling. Solters promptly lined a single to left to score Appling with what proved to be the winning run and stopped at second when Bob Kennedy singled for the first of his three hits. As Julius took a lead off second, Russo stood and eyed him a while, then threw the ball to Phil Rizzuto, who tagged Julius for the first out of the inning. Mike Tresh followed with the fifth successive hit, then Smith hit into a double play.

**Kennedy Keeps Going.**

After the second inning the Sox didn't make anything that looked like a hit until Joe Kuhel opened the sixth with a double to right and scored on Mike Kreevich's single to left. Wright walked and Appling smashed a single off Frank Crosetti's glove, loading the bases. Solters forced Kreevich at the plate but Kennedy again singled,

## DAN FORTMANN, MUSSO CHOSEN TO LEAD BEARS

### Guards Are Co-Captains for All-Star Game.

BY EDWARD PRELL.
[Chicago Tribune Press Service.]

Delafield, Wis., Aug. 25—Danny Fortmann, a streamlined guard, and George Musso, a guard who runs to weight and width, today were named co-captains of the Chicago Bears as the National Football league champions moved 24 hours nearer their lake front date with the College All-Stars.

George Halas, owner-coach, announced the selections after the Bears completed their semi-final drill for Thursday night's battle in Chicago's Soldiers' field.

Fortmann, beginning his sixth season with the Bears, was a member of the 1936 All-Star squad which held the Detroit Lions to a 7 to 7 draw. Musso is starting his ninth year and will be appearing in his third All-Star game. He joined the Bears in 1933, a year before the spectacle was inaugurated by THE CHICAGO TRIBUNE. Musso is called The Moose by his teammates and is one of the most popular members of the squad. He is an inch over six feet tall, weighs 255 pounds, and is a graduate of Millikin university.

**Fortmann a Second Quarter Back.**

Fortmann is six feet tall and weighs 205 pounds. An expert diagnostician of football tactics whose keen eyes pick out flaws in the enemy's armor, the former Colgate star is considered a second quarter back when he is in action. This is most of the time, because he is close to being a 60 minute player.

The Bears began today's practice at 9:30 a. m. and ignored the noon whistle. The time was split in testing defenses against All-Star plays, and smoothing out the Bears' attack. One of the hardest working men on the field was Halas, who jumped into the middle of the activity to give demonstrations to the linemen. Later in the day there were various conferences, some including players and coaches, others just the latter, all, of course, pertinent to Thursday's business.

**Luckman's Knee Improves.**

Another similar drill tomorrow will wind up 18 days of preparation here. The champions will arrive in Chicago around noon Wednesday by bus and motor car, proceeding to their headquarters in the Stevens hotel. They will loosen up that night in Soldiers' field, dressed in their 1941 uniforms, which feature white pants and black jerseys.

Al Matuza, freshman center, is recovering from the effects of antitetanus shots administered after his right hand was cut eight days ago. Continued improvement of Sid Luckman's injured knee was apparent by his diminishing limp.

## *BERWYN JUNIORS SCORE 2 IN 9TH. TO TRIUMPH, 9-8*

Columbia, S. C., Aug. 25—[Special]—Ray Skudrna's hit to left scored Art Teschke from third in the last of the ninth today to give Berwyn, Ill., a 9 to 8 victory over the Augusta, Ga., team in the first game of the Junior American Legion sectional tournament.

Augusta had gone ahead with three runs in the ninth, but Wally Linden's fifth hit, a hit batsman, wild pitch and singles by Tony Demkovich and Skudrna broke up the game with none out.

Linden was the hitting star of the game with four singles and a double. He scored two runs and batted in two more.

Berwyn will play again tomorrow night, meeting New Orleans, which defeated St. Louis today, 6 to 5, in 11 innings. Score:

## *Leaders in All-Star Game*

Dave Rankin, Purdue university end, chosen by the fans of the nation to start in the All-Star game against the Bears in Soldiers' field Thursday night, yesterday was further honored by his teammates. Rankin was named captain of the All-Americans for the battle which will be witnessed by crowd of 93,200.

The Bears yesterday named co-captains for the contest. They are Danny Fortmann (left) and George Musso (right), both guards. Musso will appear in his third All-Star game. [TRIBUNE Photos.]

## *Red Sox Beat Bob Feller and Indians, 1 to 0*

Cleveland, O., Aug. 25 (AP).—Boston's Red Sox moved within a half game of the third place Cleveland tonight by beating the Indians, 1 to 0, on Charley Wagner's four hit pitching. Bob Feller also yielded four hits in losing his 11th game against 21 victories. Two walks and Frankie Pytlak's double gave Boston its run in the seventh.

The decision was the eighth of the season against five setbacks for Wagner. Wagner and Feller both fanned four and walked four.

Cleveland threatened in the fourth as Jeff Heath led off with a double and advanced on a sacrifice. However, he was doubled at the plate on Ken Keltner's short fly to Lamar Newsome. Score:

## W-G-N Will Air Lesnevich Title Battle Tonight

W-G-N and the Mutual network will broadcast a round-by-round account of the light heavyweight title bout between Champion Gus Lesnevich and Tami Mauriello in New York at 9 o'clock tonight with Don Dunphy and Bill Corum at the microphone.

## *LESNEVICH AND MAURIELLO WILL CLASH TONIGHT*

New York, Aug. 25 (AP).—The light heavyweight championship situation, in somewhat of a muddle ever since Billy Conn relinquished the crown for a shot at Joe Louis, will be cleared up tomorrow night when Gus Lesnevich of Cliffside, N. J., meets Tami Mauriello of New York in Madison Square Garden.

Lesnevich already has some claim to the title since he defeated Anton Christoforidis in the Garden last May to gain recognition of the National Boxing association as the 175 pound king. Tomorrow night's bout has the sanction of not only the NBA but also the New York State Athletic commission.

## Fight Decisions

At Marigold Gardens—Bill Davis beat Harvey Dubs [10]; George Nyberg beat George Feltes [8]; Johnny Nojunas and Johnny Trotter drew [8]; Johnny Crane beat Vince Calzaretta [4]; Howard [Stormy] Williams beat Paul Williams [4].

## SQUAD HONORS STARTING END FROM PURDUE

### Led Boilermaker Eleven in 1940.

**Former Captains**

FORMER captains of the All-Star football squads and their positions and universities follow:

1934—George Sauer, full back, Nebraska, and Ed Krause, tackle, Notre Dame.
1935—Miller Munjas, quarter back, Pittsburgh.
1936—Riley Smith, quarter back, Alabama.
1937—Sammy Baugh, quarter back, Texas Christian.
1938—Vic Markov, tackle, Washington.
1939—Bowden Wyatt, end, Tennessee, and Bill Osmanski, full back, Holy Cross.
1940—Harry Smith, guard, Southern California.

BY WILFRID SMITH.

Dave Rankin, Purdue university's All-American end, who was chosen by the fans of the nation to start against the Chicago Bears Thursday night, has been elected captain of the All-Star squad.

Rankin was the popular choice of his team mates when the annual election was held. While votes were cast for other players, since no nominations were made, Rankin received almost as much support as accorded Harry Smith, Southern California guard, who was captain of last year's squad.

Rankin was captain of the 1940 Boilermaker football squad. He plans to enter the Naval Air corps this fall. The All-Star captain will be one of 36 Purdue men who will train for the flying service at the Glenview Aviation base. They will receive their wings tomorrow night at the annual Purdue All-Star dinner in the Bismarck hotel. Lieutenant Commander Richard K. Ganis of the Naval Reserve Aviation base in Glenview, Commander Richard Whithead of Great Lakes, and Purdue's football coach, Mal Elward, will attend.

**His Highest Honor.**

Rankin is 22 years old and was graduated from Purdue in June with a degree in physical education. Flying has been his hobby altho this summer he was employed as a tour bus operator in the Utah parks system, Cedar City, Utah.

"This honor," Rankin said of his election as captain of the college squad, "is the highest I've ever received. I hope I still will merit the respect of the All-Stars and our coaches after we have played the Bears. I am determined to do my best and I feel sure I can speak the same thought for the other fellows."

Rankin's outstanding brilliance on a Purdue eleven that fared none too well last year as far as victories and losses were concerned, was even more remarkable because he was a marked man in all games. Opponents, almost without exception, shot two or more blockers at him in trying to round his end, and he usually was covered double on passes.

**Wins Track Recognition.**

That Rankin was one of the fastest ends in the country may be proved by his record on the cinder path. He turned to this sport in the spring of 1940 for the first time in his collegiate career and soon earned sectional and national recognition. He was high scorer for the Boilermakers in dual meets and took runner-up honors in the 220 yard low hurdles in the Western conference meet. His record in his senior year followed the same pattern.

Rankin is 6 feet one inch tall and weighs 195 pounds. His durability and competitive spirit made him a 60 minute man at Purdue. In 1939 he played 434 minutes out of a possible 480 and last fall he again was an iron man performer. He played the full time against Fordham and Indiana and missed a total of only 21 minutes in the Ohio State, Michigan State, Wisconsin and Minnesota games.

Altho frequently used as a decoy in Purdue's pass plays, due to the closeness with which he was covered, Rankin caught 10 passes last fall for a net gain of 171 yards. His spectacular catch of a pass in the end zone scored against Fordham. Rankin carried the ball nine times on an end around play averaging 4 yards a play.

**First from Western Conference.**

Rankin is the first Western conference player to lead an All-Star squad. He is a member of Lambda Chi Alpha and his home is in Warsaw, Ind.

The All-Stars drilled yesterday morning working for more than two hours on both offense and defense. The squad was divided into two groups and these into teams. First one team ran thru its attack with the other on defense, and then the process was reversed.

The collegians will work out today at their home base and in the evening they will visit Soldiers' field for a dress rehearsal under the lights. New uniforms will be distributed to all members—previously only the starting lineup had received equipment. Tonight's workout will consist largely of kicking, passing, and running signals. Officials tonight will hold a review of the ceremonies which will start at 8:15 Thursday evening and will be continued during the intermission.

# JACK TWINK IS HOME FIRST IN 6 FURLONG RACE

## Bulldinger Finishes Second at Washington Park.

BY HOWARD BARRY.

Jack Twink found the going a bit easier in yesterday's Salvator purse at Washington Park after he had been forced to trail the brilliant sprinter, Smacked, and others of that class in two recent races. The crowd made him the 9 to 5 favorite in yesterday's 6 furlong allowance event and he responded by coming home on top, three lengths in advance of John Marsch's Bulldinger, while the Millsdale stable's Happy Home was taking third money.

Jack Twink didn't have a runaway of it, however. Bulldinger, which had won by six lengths in his last start, engaged the favorite in a prolonged duel which wasn't settled until the last sixteenth.

**Rallies in Stretch.**

Bulldinger, which shared second place in the betting with Happy Home at odds of 4 to 1, went up to take command on the run to the turn. He led Jack Twink by a length and a half as they swung around the bend. In the stretch Jockey Jimmy George sent the favorite up alongside the pacesetter, wore him down gradually, and was drawing away as they went over the finish line.

Jack Twink's time on an off track was 1:13 4-5. In the mutuels he paid $5.80, $4, and $2.80.

Valdina Dude, scratched from the American Derby to save him for this race, ran an even eighth all the way.

**Former Jockeys Ride Again.**

A group of old time jockeys will take part in an exhibition race at a quarter of a mile tomorrow. They will be mounted on ponies. John Mooney, who rode Black Gold to a Kentucky Derby victory in 1924, is among the 12 who have signed entry blanks. So is Eddie Barnes, one of E. R. Bradley's former jockeys. Dave Hurn, Vasco Parke, and Tommy Root are others who were well known in their riding days who are scheduled to return to the track for tomorrow's exhibition.

The fact that Whirlaway remained in the Washington Park barns following his American Derby victory while his owner, Warren Wright, and his trainer, Ben Jones, went back to Saratoga, inspired speculation on the possibility that the 3 year old champion might go to the post in the $25,000 Washington Park handicap next Monday. However, his handlers refused to make any definite declarations or commitments in the matter.

**Haltal to Run Monday.**

Racing Secretary Charles McLennan was back at his desk yesterday following a week-end trip to Saratoga, where he conferred with eastern owners on the prospects of shipping horses out for the handicap. He learned that Royce G. Martin plans to send Haltal, who conquered Big Pebble and Fenelon in last Saturday's Saratoga handicap. Big Pebble, handicap champion of the Florida season last winter, also is expected to come.

Among the most likely contenders already on the grounds are Equifox, Bushwhacker, Sirocco, Shot Put, Steel Heels, Idle Sun, and Burning Star.

## Layden Fines Soar and Craig for Fisticuffs

Elmer Layden, pro football commissioner, took disciplinary action against players yesterday for the first time since he assumed office last spring by levying $25 fines against Hank Soar of the New York Giants and Larry Craig of the Green Bay Packers, who engaged in a fist fight during an exhibition game between the Giants and Packers Saturday night in Green Bay. Layden said the players would be ineligible for competition, either in exhibition or regular league contests, until the fines are paid.

# THIS JONES BOY IS BALL OF FIRE IN ALL PHASES

## But He's Proudest of His Election as All-Star.

It's in the record books that Art Jones, Richmond's great back, led the Southern Conference last season in punting, passing, and runback of punts.

Art Jones.

Great as these achievements may be, they are in Jones' opinion overshadowed by still another distinction. He is the first native Virginian to be elected a member of the college All-Star squad.

The rangy southern lad takes pride in this latter accomplishment, which is probably the underlying reason why he has exerted so much effort toward winning recognition on the 1940 All-Star squad which faces the Chicago Bears at Soldiers' field Thursday night.

**None Has Tried Harder.**

Certainly no member of the current crop of collegians has worked more diligently or tried harder than the young man from Suffolk, Va. It is no secret in the All-Star camp that Jones will receive ample opportunity against the Bears.

Tossed into competition with the greatest backs in the nation, players with more highly publicized records, the southerner attracted attention by the sheer force of his abilities.

While relatively unknown nationally, Art Jones is no stranger to Dixie football. He literally burned up the Southern Conference for three years with his passing, kicking, and open field running.

**Starred As Sophomore.**

As early as his sophomore year in 1938 he blossomed into stardom on Glenn Thistlethwaite's Richmond team which won seven games and lost one. Jones' 25 yard field goal against William and Mary provided the winning margin in a 10 to 7 triumph. He won all-state honors that year.

The big speedster [he weighs 195 pounds and is 6 feet tall] reached his peak last fall. While carrying the brunt of Richmond's offense in every game, he made his supreme effort in the North Carolina game in which he tossed two touchdown passes and kicked two points after touchdown for a stunning 14 to 13 victory.

One of his greatest achievements was in returning punts. He was second in the nation last year with a record of 481 yards in 33 returns, one of which was for 67 yards and a touchdown.

**A Ball of Fire.**

He led the conference and was 8th in the country in punting, with an average of 42 yards per kick. He also led the conference in passing. His game winning touchdown passes against North Carolina were 30 and 25 yards respectively. His 1940 performance earned him a bid on the south team in the North-South game in which he scored one of the South's touchdowns in the 14 to 12 victory for the North.

# BILL DAVIS BEATS HARVEY DUBS IN 10 ROUND BOUT

Bill Davis of Minersville, Pa., won a ten round decision over Harvey Dubs, Windsor, Canada, before a crowd of 1,642 in Marigold Gardens last night. Referee Tommy Thomas and Judges James McManus and Rube Metz were unanimous.

With the exception of the first and fourth rounds Davis' slugging tactics proved too much for Dubs' superior boxing ability. Dubs floored Davis in the fourth round for no count at the bell, but went down himself for a count of one in the 10th from a left to the body. In the eighth Dubs suffered cuts over both eyes. Davis was cut over the left eye in the 10th.

George Nyberg, Port Arthur, Ont., middleweight, won the eight round semi-windup by a decision over George Feltes of Milwaukee. Johnny Nojunas, Philadelphia light heavyweight, and Johnny Trotter boxed to a draw in another eight rounder.

In four round matches Johnny Crane, Chicago, 165 pounds, beat Vince Calzaretta of Chicago, and Howard [Stormy] Williams, Detroit heavyweight, beat Paul Williams, Chicago.

## Real All-Star Fan

[TRIBUNE Photo.]

Blair Bower of Pittsburgh, Pa., rides bicycle which he pedaled to Chicago to see the All-Star game in Soldiers' field Thursday night.

One of the most enthusiastic of the 93,200 football fans who will pack Soldiers' field Thursday night for the All-Star game between the College All-Americans and the Chicago Bears, is Blair Bower, 15 years old of 3200 Iowa street, Pittsburgh, Pa. Young Bower, who purchased his ticket early, covered the 500 miles between Pittsburgh and Chicago on his bicycle. He made the trip in a little more than five days. Bower is staying with an aunt and uncle, Mr. and Mrs. W. H. Reid of 902 Fletcher street, until after the All-Star game.

scoring Wright and Appling. Tresh and Smith supplied infield outs.

Bill Knickerbocker walked at the start of the seventh and stopped at second on Kuhel's single to left. Kreevich walked, loading the bases, then Wright forced Knickerbocker at the plate. Appling singled to right, scoring Kuhel and Kreevich and putting Wright on third. Luke got to second on the throw in and Norman Branch replaced Russo. Wright scored and Appling took third on a passed ball after which Solters fanned. Kennedy then banged his third hit, a double which scored Appling.

## GEORGE DICKEY WEDS

White Sox Catcher George Dickey, 26, and Miss Mildred Neal, 23, of Little Rock, Ark., were married yesterday by Circuit Judge Stanley H. Klarkowski in his county building chambers. Dickey's brother, Bill, New York Yankee catcher, was the best man, while his wife, Violet, was bridesmaid.

Dickey said he had known his bride since high school days in Little Rock. She moved with her family three years ago to Santa Monica, Cal. The couple became engaged last spring when the White Sox were in training in Pasadena.

The Sox will have an opportunity to rest their fagged brains and aching muscles today, thanks to a gap in the schedule, before the Washington Senators come to town to conclude the 1941 western business of the eastern clubs.

# BURMAN FAVORED OVER BECKWITH TOMORROW NIGHT

## At Least Promoter Says Red Will Win.

BY FRANK MASTRO.

What are Red Burman's chances of snapping Booker Beckwith's string of 16 consecutive victories in a 10 round bout in Chicago Stadium outdoor arena tomorrow?

They are very bright, according to William R. Rand. Inasmuch as Rand is promoting the event his opinion may be more for ballyhoo purposes than anything else. Regardless of the promoter's belief, however, Burman does have an excellent chance to deal Beckwith his first professional defeat in a two year campaign.

**No Prediction from Fighters.**

Altho neither fighter would make a prediction on the result after finishing training in Trafton's gymnasium yesterday, observers were inclined to favor Burman.

Burman himself was noncommittal. He said he has no set plan, never has depended on one before a fight.

Burman was at 187 pounds yesterday, the same poundage he expects to carry against the 1938 international and intercity Golden Gloves middleweight champion. This is 13½ pounds more than Beckwith scaled after he went three rounds in his final boxing drill.

**Louis Stopped Burman.**

Beckwith is given a chance to beat Red, his most formidable foe to date, because Melio Bettina, not considered as good a light heavyweight as Booker, defeated Burman in his last appearance July 22 in Brooklyn. It was only Red's second setback in two years. Previously he was stopped by Joe Louis in a heavyweight title match in New York on Jan. 31.

# Browns Defeat Senators, 6-3; Then Tie, 3-3

St. Louis, Mo., Aug. 25 (AP).—Darkness stopped the second St. Louis-Washington game today with the score tied at 3 to 3 after 10 innings but the Browns won the first, 6 to 3, to maintain their grip on sixth place.

Chet Laabs and Walt Judnich hit consecutive home runs for the Browns in the first inning of the first game. The tie game will be played off tomorrow, previously an open date. Score:

## RICE LAKE GOLFERS WIN.

Luck, Wis., Aug. 25 [Special].—Rice Lake's team of four counted a 307 to capture the St. Croix Valley Golf association tournament yesterday for the fourth straight year.

# *Paul Erickson, Mooty to Face Phillies Today*

BY IRVING VAUGHAN.
[Chicago Tribune Press Service.]

Philadelphia, Pa., Aug. 25.—The undermanned Cubs will be very busy for the next few days even tho they have no more exhibition worries. Tomorrow they take on the Phillies in a double header, a job they would contemplate with pleasure if it wasn't for the lingering thoughts of what the tail enders twice did to them yesterday. The next day there is a two act show scheduled at Boston, followed by a single game which will conclude the final eastern tour on Thursday.

**Mooty Works Overtime.**

And there aren't enough pitchers available, altho we don't mean to convey the idea that the current lack of quantity has made much of a cut into the quality. However, the rules provide that there must be a pitcher of one kind or another in there for nine innings and the limited staff now in physical working order makes even that a problem for Manager Jim Wilson. For instance, he used four of his five one hundred per cent physically sound moundmen yesterday while losing two decisions.

For tomorrow's two ring show it will be Jake Mooty who turned a neat trick a few days ago by whipping the Dodgers and Paul Erickson, the 23 year old prospect who went five futile innings against the same Dodgers last Friday. Big Paul did another stretch of three and a fraction innings yesterday, incidentally, looking more impressive than Vallie Eaves, Charles Root, or Claude Passeau, the latter being forced to perform despite his excellent nine inning defeat of the Dodgers the day previous.

Ken Raffensberger, the lefty recalled from St. Paul, really is going to show up tomorrow, at least that's what Manager Wilson thinks and hopes. The boss endeavored to have him report 48 hours ago, but wherever his plea went it wasn't heard. Anyway if Raffensberger joins for the duration of the sorrowful 1941 campaign it will ease the stringency. If he does not have to relieve tomorrow he'll be eligible for a starting job in one of Wednesday's games at Boston.

Vern Olsen cannot be counted on to relieve the hurling shortage. The young southpaw, who has been in a local hospital for a week with gall bladder complications, was sent back to Chicago tonight for additional treatment. An operation may be necessary.

## CUBS BEAT READING, 5-2

Reading, Pa., Aug. 25 [Special].—Chicago's Cubs hung a 5 to 2 defeat on the Reading Brooks of the Interstate league in an exhibition game tonight. Nearly 4,000 fans saw the Brooks lose after holding a 2 to 1 lead for six innings. Three home runs by Phil Cavarretta and one by Bill Nicholson turned the tide. Score:

|---|---|---|---|
| Chicago [N. L.] | 100 | 000 | 220—5 |
| Reading [Inter.] | 000 | 200 | 000—2 |

# SENATE PUTS O. K. ON TUGWELL FOR PUERTO RICO POST

[Chicago Tribune Press Service.]

Rexford Guy Tugwell.

Washington, D. C., Aug. 25.—Despite criticism leveled at Rexford Guy Tugwell as "an apostle of collectivism," the senate today confirmed the brain truster's nomination for the post of governor of Puerto Rico.

A quorum of the senate was not present, the confirmation was by a standing vote in which only a dozen senators participated, and Vice President Henry A. Wallace, presiding, announced confirmation without revealing the vote.

Tugwell once was assistant secretary of agriculture under Wallace.

**Opposes Our System, Says Taft.**

Senator Robert A. Taft [R., O.] opposed President Roosevelt's appointment of Tugwell, declaring that Tugwell's record showed him an incompetent administrator, and his writings and speeches revealed him as alien to American ideals.

"He is not a man to be sent to represent to a people of a different race the ideals of America," Taft told the senate. "He has shown that he has no sympathy with American ideals or the American system."

As administrator of the Resettlement administration, Tugwell was given 278 million dollars to spend—and, as far as results are concerned, Taft said, the money might just as well have been thrown in the sewer.

**Long Career Reviewed.**

Taft followed Tugwell's career as executive vice president of the American Molasses company. Tugwell retained this position for about a year, becoming president of the New York City Planning commission, in which position he accomplished absolutely nothing. Later, he became chancellor of the university of Puerto Rico at a $15,000 yearly salary.

Quoting copiously from writings and speeches of Tugwell, Taft gave it as his opinion that the new governor of Puerto Rico has not the slightest sympathy with the ideals of American democracy.

## JOHN FLANAGAN, UNDER FEDERAL SENTENCE, DIES

John M. Flanagan, who with William R. Johnson and four other alleged gambling leaders was appealing prison sentences imposed for income tax evasion, died of a heart attack while swimming at Miami Beach, Fla., on Sunday, it was learned last night. Flanagan was at liberty on an appeal bond after being sentenced to four years in federal penitentiary as a result of a seven weeks' trial in federal court last fall.

Altho Flanagan's family heard he had drowned, Miami Beach police said his death was due to a heart attack. They said he collapsed in the water and was rescued by a New York City policeman, Sergt. K. Broach. Flanagan, who was 51 years old, had been staying at an Ocean drive hotel for the last three weeks.

Surviving him are his father, former Municipal Judge Patrick B. Flanagan; his mother, Annie; a brother, Bernard J. Flanagan, and two sisters, Mrs. Mary Evans and Mrs. Kathleen Broderick. He had made his home with his parents at 7451 Euclid avenue. Funeral services will be held at 9:30 a. m. Thursday from the undertaking chapel at 2024 East 75th street to St. Philip Neri church.

# DENIED METALS, CHICAGO FIRMS LOSE HEAVILY

## Priority Rule Bites Into Many Lines.

BY CHARLES LEAVELLE.

In a Chicago manufacturer's warehouse stand thousands of cameras, row on row. There are $350,000 worth of them. They were ordered months ago. They can't be shipped.

Rep Andrew J. May tells of arms program confusion as to aluminum needs.

Each one of these cameras lacks one small brass part. The clampdown on raw materials under the priority system of the national armament program prevents the manufacturer from getting that part. He can't get even the small quantity of brass needed to make it. His capital is tied up in the cameras which stand, week after week, gathering dust.

A factory near Chicago that manufactures millions of mousetraps a year has suffered many delays and is threatened with complete stoppage unless steel wire becomes available. Appeals to the Office of Production Management have been turned down. The company's final hope—a slim one—is that the United States Public Health service will help on the ground that mice are a health menace.

**Turns to Substitutes; Stymied.**

An ice machine builder who sought relief was told by the OPM that his remedy lay in substitution. He therefore began using copper instead of the aluminum he could no longer get. Then copper went on the restricted list.

So the manufacturer began using steel in place of both aluminum and copper. On Sept. 1 steel will come under full priority control.

"It looks like I'm finished," he commented yesterday.

These are random examples of stoppages that are affecting thousands of small industrialists and business men in the Chicago area alone. Lay-offs already have started in Chicago and Illinois, where 77.2 per cent of the 11,764 industrial plants are small, employing from 1 to 50 men each.

**Others Lose by Delays.**

A number of factories will close within a few days unless raw materials are made available, State Labor Director Martin Durkin has learned thru a poll his department is conducting. The trend, under the priorities system, is toward swift strangulation of the small business man, it is shown by this and other surveys. A spokesman for the OPM ruefully admits it.

Those concerns that have managed to keep going thru armament subcontracts or by having surplus supplies are suffering losses thru delays of one sort and another. An auto accessories manufacturer who for years made it a rule to make shipments the day he received orders thinks now he does pretty well to have the goods on the way 30 days after they are ordered.

**Lose Men to Big Companies.**

The Illinois Manufacturers' association, which daily receives hundreds of appeals from distressed members, has released a letter which it believes typifies the situation. It reads:

"I am a manufacturer of automobile parts and accessories, such as stamped lights, etc., which require glass, plating, steel, bolts, screws, and nuts. We find that as soon as we get one problem straightened out, we are facing another. We had difficulty getting glass because the company had a priority job with one of the larger concerns.

"Now that the priority job is completed, we are getting glass, but we find we have to wait 8 and 10 weeks for bolts and screws. We can get only small amounts of cadmium plating, which is required on our items, then have to wait six and eight weeks and let the big concerns get their priorities first.

"During the depression we have trained a large number of skilled help in our small factory. Now we find that this help is gradually leaving us and going to larger companies having priority contracts, leaving us only the amateurs."

**Fear Reprisals by OPM.**

The writer of the letter, Roy La Vasseur of the Superior Parts company, died a few days after posting it. It is for that reason alone that his name is used. Others who have told of their distresr have done so only with the understanding that their names would be withheld. They fear future discrimination by agents of the OPM.

But despite their fear of obliteration, small business men everywhere are willing and anxious to aid the arms effort. Their resentment is against the so-called experts of the OPM, whose estimates of needs are excessively inaccurate, many operators believe.

Questionnaires sent out by the Illinois chapter of the National Small Business Men's association reflect the eagerness of small industry to speed the armament effort in every way. These same men, however, speaking with an intimate knowledge of the various fields, assert the need is not so great that a more equitable distribution of materials cannot be made.

**Fifth of Steel for Arms.**

To support their contention on the steel estimates they cite figures of the American Iron and Steel Institute which show that the United States this year will produce more than five times the amount needed for the rearmament effort and for export to England and Canada. The institute's report reads:

"For this calendar year, according to current official estimates and reports, the requirements for our defense program and for export to Great Britain and Canada represent an ingot equivalent of about 18 million tons. . . .

"Meanwhile, the country's ingot producing capacity is increasing steadily . . . The facts now available, therefore, indicate that both in 1941 and 1942, there will be fully 67 million tons of steel making capacity which can be used for domestic civilian uses. Since exports are unlikely to exceed an ingot equivalent of 3 million tons, the capacity available for nonmilitary uses would seem to be close to 64 million tons.

**Exceeds 1940 Consumption.**

"Such a total is higher than ever has been used in this country, and even in 1940 the aggregate of domestic consumption, including defense and civilian uses, was only 55 million tons of ingots."

In Illinois, 45 per cent of the industries affected by the priorities system need steel. Aluminum is vital to 20 per cent. On aluminum, the Small Business Men's association cites the interim report of Chairman Andrew J. May [D., Ky.] of the house military affairs committee, which has been investigating progress and efficiency of the armament program.

"When it was finally possible to get this [defense] program underway," the report reads in part, "its urgency then was so imperative that it was crowded upon the army and navy and those departments of government charged with the synchronization of our industrial capacity with our rearmament program, so rapidly that it was impossible for them to absorb it efficiently.

"It is obvious that neither the army, navy nor the OPM could estimate their requirements, especially of aluminum, until they were aware of the numbers, design and size of planes to be constructed."

The small industrialist is just now coming to the brink of the disaster that threatens under the priorities. The consumer has felt almost no effect as yet. What the priorities eventually will mean to the housewife and the man in the street will be discussed tomorrow.

ADDRESS M Y 565, TRIBUNE

# ★SMALL BUSINESS★ MAN'S DEPARTMENT

*This department is prepared to help the small business man who is seeking information on priorities, substitute materials, and related subjects. Inquiries should be directed to the Small Business Man's department, Chicago Tribune, Chicago, Ill. All inquiries will be given careful attention. Letters on subjects of broad interest will be published and commented upon.*

The urgency of the problems that face small business is brought out graphically in the initial inquiries received by the Small Business Man's department of THE TRIBUNE.

Last Friday's announcement that THE TRIBUNE was setting up a special bureau to assist small business men to get information on priorities and materials brought an immediate response. The initiative of THE TRIBUNE in offering to assist business men was commended.

"Just about the time I was beginning to wonder what any one was going to do for the small business man, I was hit in the face by THE TRIBUNE'S offer of assistance," is the opening sentence of a typical letter.

**Explains His Position.**

"I am a small business man, employing 12 persons, 8 of these being mechanics and helpers," the writer adds. "Our principal business is the repair, rebuilding, and maintenance of existing equipment, which cannot be purchased for replacement from regular manufacturers. We do not use tremendous amounts of material. We use some steel and some bronze.

"We are willing to agree that the restrictions and even rationing of materials is a safe procedure to prevent hoarding. On the other hand, we believe that with proper presentation of the customer's order number or designation that material is to be directly employed in maintaining existing equipment, regardless of whether it is on direct or indirect defense work, we should be permitted to make withdrawals and purchases of necessary raw material."

**Handicapped by Shortage.**

"Like thousands of others we are seriously handicapped in our operations by lack of steel," another manufacturer writes. "The mills have not been able to supply us with our current needs, and we have supplemented much of our requirements by getting urgent items from warehouses, but these warehouse stocks are nearly exhausted, and apparently we can't continue to operate."

A tool and die company asks for information on how to get a subcontract on armament work. "Work of this type," the company writes, "would enable us to establish a priority rating, inasmuch as steel is to be placed on a strict priority basis Sept. 1."

A textile manufacturer writes that he is the proprietor of a small business "but to me it is BIG BUSINESS because it is all I have and the only business in which I have ever engaged."

**GETTING CONTRACTS.**

**I am a small manufacturer of down cushions and pillows. How do I go about getting government orders?**

Answer: The defense contract service of the Office of Production Management issues a bulletin listing a variety of items which are required by the army and navy, giving schedules and specifications. The bulletins may be examined at offices of the defense contract service, chambers of commerce, manufacturers' associations, and banks.

Your facilities may be adaptable to the manufacture of some type of army or navy material. The defense contract service will assist you in determining on what contracts to submit bids and the procedure to follow.

**TAKING STOCK.**

**What government agency is taking some kind of survey of metal inventories?**

Answer: The bureau of census of the commerce department is conducting a survey for the Office of Production Management and the Office of Price Administration and Civilian Supply to determine the amount and location of strategic arms metals. The first batch of 65,000 questionnaires has been sent to manufacturers using such metals.

The questionnaire asks a report of the quantity on hand and the uses made during August of antimony, cadmium, chromium, cobalt, copper, ferro-alloys, iridium, lead, magnesium, spiegeleisen, mercury, molybdenum, nonferrous alloys, tin, vanadium, tungsten, zinc, and scrap metal containing many of these.

### *Set Up Community Plan*

A community plan, originated in Decatur, and designed to aid small Illinois manufacturers in obtaining armament business, was announced yesterday by the Illinois state council of defense. Fourteen industrial concerns of the Decatur area put aside their own competition and banded for the purpose of bidding on arms jobs and spreading any work obtained among themselves.

The companies included sheet metal works, foundries, brass works, welders, and fabricators of light and heavy steel. Together they can bid on a great variety of metal work and tackle projects larger than any single firm among them could handle.

A. F. Shafter of the U. S. Manufacturing company initiated the idea after a conference with Gov. Dwight H. Green, chairman of the defense council.

## NEW YORK PAPER JOINS DRIVE OF ASSISTANCE TO SMALL BUSINESSES

New York, Aug. 25 [Special]. — Recognizing the plight of small businesses as a result of the rearmament program, the New York World-Telegram today published the first of a series of articles describing how small manufacturers are faring. It thus joined the drive initiated by THE CHICAGO TRIBUNE to aid smaller manufacturers thru its "Small Business Man's Department."

### *Expect Steel Mill Output to Gain Slightly This Week*

New York, Aug. 25 (AP).—Steel mills of the United States are expected to operate this week at 96.5 per cent of capacity, the American Iron & Steel institute reported today. The rate is .3 of 1 per cent higher than last week and compares with operations at 97.6 per cent of capacity a month ago.

# OIL SHORTAGES IN EAST PHONY, SAYS REP. FISH

## Termed Part of War Hysteria Scheme.

New York, Aug. 25 (AP).—Representative Hamilton Fish [R., N. Y.] asserted in a radio address tonight that he had reached "the definite conclusion that the shortage of oil in the east is phony and is being used as part of a program to create further war hysteria."

Fish declared that in the last week he had made a thoro study of the eastern oil situation. He said he sought the advice of well informed oil men, including representatives of the American Petroleum institute.

**Calls Supply Ample for Month.**

"The Petroleum institute's public figures state that there were more gasoline stocks on hand in the east Aug. 9 than there were at a comparable date for the previous two years," Fish said.

"It further states that the gasoline on hand could last about one month. This is quite different from the 10 days recently reported by the administration. If there is to be a shortage in the future, why does not the administration insist that the oil companies use the 15,000 idle tank cars which could supply 10 million gallons of gasoline a day for eastern consumption?"

**Assails Rationing Method.**

Washington, D. C., Aug. 25 (AP).—Senator David I. Walsh [D., Mass.], today denounced the method of gasoline rationing in the east as "a glaring example of burocratic blundering" and urged a thoro investigation of the whole petroleum situation in the area.

In a letter to Senator Josiah W. Bailey [D., N. C.], chairman of the senate commerce committee, Walsh said he hoped that an inquiry the committee is instituting would "bring all the facts to light."

"If curtailment is necessary," he said, "let it be effectuated in an orderly way that will work a minimum of hardship and will avoid favoritism or discrimination.

**Davies Asks New Bans.**

"As matters now stand there is no public acceptance of the statement that the gasoline supply on the eastern seaboard is short. There is much evidence to the contrary."

At the same time, R. K. Davies, acting petroleum coördinator, called upon the oil industry to withhold from general use, such as automobile fuel, those blending agents needed for the production of 100 octane aviation gasoline.

The agents banned are iso-octanes, including alkylates, hot acid octanes, and hydrocod mers; iso-pentanes, and neo-hexanes, certain of which agents he said were being diverted for use in motor fuel and in less than 100-octane aviation gasoline.

Officials of the coördinator's office said high test motor fuel for use in automobiles still could be manufactured with other blending agents not needed in production of the 100-octane aviation gas.

### *PRODUCER OF OIL OFFERS 125 WELLS TO GOVERNMENT*

Franklin, Pa., Aug. 25 (AP).—While purchasers of Pennsylvania grade crude oil promptly complied with the government's order to reduce prices 23 to 25 cents a barrel, bringing numerous protests from producers, one veteran operator tonight telegraphed an offer to turn over his wells to the government.

George K. Anderson, the operator, wired Leon Henderson, the price administrator who ordered the cut Saturday, that "for the duration" he was willing to turn over to the government his 700 acres of leases with 125 wells and work as a $1 a year man.

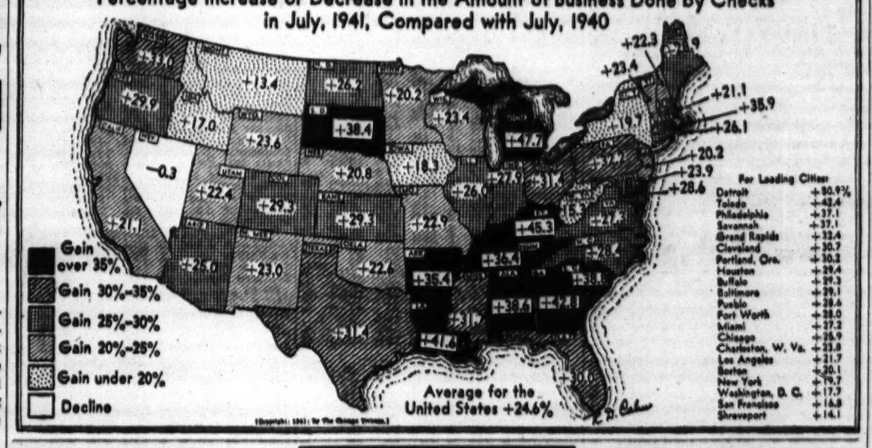
## BUSINESS CHANGES IN JULY

Percentage Increase or Decrease in the Amount of Business Done by Checks in July, 1941, Compared with July, 1940



## *Urge Gasoline Curfew to Cut Retailing Cost*

Chicago service station proprietors overwhelmingly favor a 7 p. m. to 7 a. m. gasoline sales curfew here, not because of any gasoline shortage in this area, but from the standpoint of economy, B. M. Provis, president of the Gasoline Retailers Association of Metropolitan Chicago, asserted yesterday.

He predicted that within the next two weeks, following a detailed survey of sentiment among members, the association will present a request for the curfew to the district petroleum marketing committee set up by Petroleum Coördinator Harold L. Ickes to serve 15 midwest states, including Illinois.

**Await Jobbers' Action.**

Provis said his group also is awaiting an expression of sentiment on the question from the Chicago jobbers' association. Sam Erlich, secretary of the jobbers' group, said a meeting probably will be called next week, possibly Thursday. He agreed with Provis that most retailers favor establishment of a curfew.

B. L. Majewski, Chicago, vice president of the Deep Rock Oil corporation and chairman of the district marketing committee, said he is calling a meeting of the marketing committee for the first week in September.

Majewski expressed the opinion it would be at least two or three weeks before his committee could make any recommendation to Ickes regarding establishment of a curfew in the midwest states.

**Has About 700 Members.**

Provis said about 700 gasoline retailers are paid up members of his association. Oil company officials estimate there are about 2,500 retail gasoline outlets in Chicago and another 1,500 within a radius of 50 miles of the city.

Provis said that "98 per cent" of Chicago service station men want the curfew established here.

He said many service station proprietors have been working 14 to 18 hours a day because they have lost many efficient employés to factories and thru the draft. The curfew, he declared, would enable service stations to save lighting, power, and labor costs.

**MIDWEST TO BE TAPPED.**

**The midwest's normal gasoline supply soon will be tapped to forestall the reported shortage in the east, Ted V. Rodgers, Washington, D. C., president of the American Trucking associations, predicted yesterday in an address before the newly formed safety section of the Central Motor Freight Association, Inc., in the Stevens hotel. He said the office of the petroleum coördinator already is surveying facilities to transport petroleum from this region to the eastern states, and he warned that "truckers here, as in the east, must prepare for a shortage of gasoline."**

## WHAT F. D. R. SAID:

*In a speech at Cleveland last Nov. 2, three days before his re-election, President Roosevelt said:*

"There is nothing secret about our foreign policy. . . . I have stated it many times before, not only in words, but in action. I now restate it.

**"The first purpose of our foreign policy is to keep our country out of war. At the same time we seek to keep foreign conceptions of government out of the United States.**

**"The second purpose of this policy is to keep war as far away as possible from the shores of the entire western hemisphere."**

## *Grant Control of Wabash to Pennsylvania*

St. Louis, Mo., Aug. 25 (AP).—A reorganization plan for the Wabash Railway company which would enable the Pennsylvania railroad to acquire stock control was approved today by Federal Judge Charles B. Davis.

Judge Davis, who has jurisdiction over the road during the process of reorganization, requested the receivers to take the necessary steps to place the plan in operation.

**Approved by ICC.**

The Interstate Commerce commission approved the plan on Aug. 6 and authorized the Pennsylvania to acquire control, saying it was "desirable from the standpoint of an amalgamation of weak and strong roads."

Under the plan the line will be known as the Wabash railroad company and will have a total capitalization of $192,647,795, reduced from $330,759,265. Its annual fixed interest payments will be reduced from $7,391,362 to $2,558,418.

The reorganization plan makes no provision for participation of present stockholders. It has been approved by creditors and is to be effective as of Jan. 1, 1941. The road has been in receivership since 1931.

**Matters of Public Interest.**

Commenting on the Pennsylvania control as provided in the new plan, the ICC said that termination of the receivership "under which those properties are operated and placing them in control of a company with a reasonable capital structure and with a definite prospect of earning its fixed charges are matters of substantial public interest."

Judge Davis commented that participation of the Pennsylvania was an integral part of the plan of reorganization.

## *Bill to Freeze Federal Crop Stocks Vetoed*

Washington, D. C., Aug. 25 (AP).—President Roosevelt vetoed today a measure prohibiting the government from marketing its loan stocks of 6 million bales of cotton and nearly 300 million bushels of wheat until authorized by congress.

The bill was intended to assure cotton and wheat farmers higher prices for their crops this year. Its sponsors contended that the possibility of release of these stocks had a depressing effect on the market.

But Mr. Roosevelt declared that "in my judgment, this bill is contrary to sound governmental policy and the long-time best interests of both farmers and consumers."

**Need Can't Be Foreseen.**

He went on to say that "in times such as these no one can foresee how soon these government owned stocks may be needed" and added in his veto message to congress:

"The goal of the administration's agricultural policy has been parity prices for the farmers, and this has been accepted by the producers, the consumers and the congress as fair and reasonable. I do not feel that farmers would wish this acceptance destroyed by action designed to force prices above parity thru the arbitrary withholding of government owned stocks from the normal channels of trade and commerce."

Parity is a price calculated to give a farm commodity the same purchasing power in terms of things farmers buy as it had in the 1909-14 period.

**Hits Penalty Abrogation.**

Cotton parity is figured by the department of agriculture as about 16.49 cents a pound and wheat parity as about $1.18 a bushel.

In addition to his criticism of the bill's general aim, the President objected also to a section which would have permitted farmers to grow wheat in excess of their farm acreage allotments for 1941 provided they use it as feed on the farm.

"This provision," the President said, "would place a premium on noncompliance with the wheat program, constitute a breach of faith with the large majority of farmers who complied with the program, and so relax the control features of the farm program as to adversely affect future participation therein."

### *Most Strikers Go Back to Work at American Can*

About 85 per cent of the 900 American Car and Foundry company employés at Chicago returned to work yesterday after a strike which lasted slightly more than six weeks.

# SHIPYARD GIVES ALL ITS ASSETS TO NAVY CHIEF

## Knox Offered Stock of Company, Too.

New York, Aug. 25 (AP).—The Federal Shipbuilding and Drydock company of Kearny, N. J., announced tonight it was turning over immediately to Secretary of the Navy Frank Knox all its real estate, buildings, machinery, ships under construction, and all unperformed contracts.

L. H. Korndorff.

L. H. Korndorff, company president, offered, in a letter to Knox, to simplify matters by transferring to the navy or other government agency the physical assets or the entire capital stock of the company on the understanding that just compensation would be determined later by agreement or arbitration. Knox was ordered Saturday by Roosevelt to take over the plant.

**Assumes No Responsibility.**

Since the navy took over the yard yesterday, Korndorff told Knox the company could assume no responsibility for its further operation.

He said, however, that the company would coöperate with the navy to the best of its ability by voluntarily assisting in carrying forward the armament program.

"Pursuant to the request of your representative, Rear Admiral H. G. Bowen," Korndorff wrote, "we are immediately turning over to you the shipyard, including all real estate, buildings, facilities, machinery, tools, and equipment, and all materials, supplies and articles of production, ships under construction and all unperformed contracts for the construction of ships, facilities, etc., and for the purchase of equipment."

**Offers Capital Stock.**

Korndorff said the company would make formal conveyance, assignment and transfer of these assets, or would "if you [Knox] prefer, cause its capital stock to be transferred to the navy department or some other agency of the government."

Seventeen thousand workers at the Kearny plant struck Aug. 7 when the company refused to meet a union demand for a modified union shop, requiring that the company dismiss any union employé who failed to maintain his union membership.

That issue, between Local 16 of the Industrial Union of Marine and Shipbuilding Workers of America [CIO] and the company, was still unsettled today on the eve of resumption of full-time production on $493,000,000 in maritime and naval contracts, with the navy in charge.

Admiral Bowen said the plant would operate under conditions existing at the time the strike began and that the modified union shop question was in the hands of the navy department in Washington.

### *Vote for Work Stoppage at 1,370 Dress Plants*

New York, Aug. 25 (AP).—Two large contractor association tonight voted to declare a stoppage of about 1,370 plants in the dress industry because of a jobbers' agreement to raise wages within the industry 10 per cent. The vote, taken by about 1,200 dress contractors who are members of the United Better Dress Manufacturers' association and the United Popular Dress Manufacturers' association, will affect about 58,000 workers.

# STOCK MARKET EDGES UPWARD IN LIGHT TRADE

## Steel, Aircraft, Rail, Oil Shares Advance.

New York, Aug. 25 (AP).—Buying activities again held a slight edge in today's stock market and minor gains predominated in a slow and colorless session.

There was mild support for selected steels, rubbers, aircrafts, rails, oils, and specialties. A sizable number of stocks, receiving no attention to speak of, drifted a bit lower. Brokerage circles derived some encouragement from the absence of selling pressure.

The Associated Press 60-stock composite ended unchanged at 43.2. Of 607 issues traded, 215 advanced, 191 declined, and 201 were even with previous finals. It was one of the quietest markets of recent months with turnover of 330,370 shares against 362,000 last Friday.

**News Is Not Encouraging.**

Wall street quarters, wondering when the stalled speculative engine might get started, saw little to inspire hopes in the news situation. The British-Russian invasion of Iran added a new imponderable in the deeply clouded war situation and prospective bidders continued to keep a wary eye on Washington for further development in the government's program of stringent supervision of business.

The slight hardening of prices for certain rails looked like a response to earnings statements of several roads showing substantial net incomes for the first seven months against deficits in the like period last year.

**PEOPLES GAS ADVANCES.**

Peoples Gas, at 51½, and Serrick corporation B stock, at 4¼, touched new 1941 highs on the Chicago Stock exchange yesterday. However, Peoples Gas closed at 51, up 1 point, and Serrick corporation B stock at 4¼, unchanged. Transactions totaled 13,000 shares.

Volume leaders were Commonwealth Edison, 800 shares, unchanged at 25⅝, and Swift & Co., 400 shares, unchanged at 24⅜. In the last half hour's trading two dually listed stocks closed ⅛ higher at Chicago. They were Commonwealth Edison and United Air Lines.

# DEALERS SHOWN A STREAMLINED PACKARD FOR '42

## Quality of New Models Is Improved.

BY PHILIP HAMPSON.
[Chicago Tribune Press Service.]

Detroit, Mich., Aug. 25.—The 1942 model Packards were shown here today for the first time before a large part of the Packard Motor Car company's dealer and sales organization. Production is under way on all except one of the company's new series of cars, and that is to be started shortly after Sept. 1.

M. M. Gilman reports quality will be better.

All the new Packard series, except the senior models, will follow the styling of the Clipper model brought out last spring. Senior models will carry on the traditional Packard lines. In the Clipper models the styling features wide sweeping fenders which taper into the doors, emphasizing streamlining.

**Quality Is Improved.**

M. M. Gilman, president, emphasized that the 1942 cars will excell the 1941 models in quality. Despite reports that many substitute materials were to be used, actually few have been incorporated in the new models.

However, the manufacturers are showing some anxiety as to how long they will be able to maintain supplies of critical materials such as steel. So far the supply of chromium appears to be sufficient to insure a bright appearance for the 1942 cars.

**Warned of Hysteria.**

The dealers were told to pay no heed to hysteria as to what may befall their business. On the present basis Packard will be able to supply sufficient cars to carry on profitable business, they were told.

Meanwhile Packard is pushing its production of Rolls-Royce type airplane engines, and already a substantial number is being tested. The results are reported highly satisfactory.

One of the big problems confronting the arms producers, even where all their machinery is installed, is the building up of an edequate labor force to run them, it was said.

# SYNDICATE GETS 30 MILLION BOND ISSUE OF UTILITY

A syndicate headed by Glore, Forman & Co., and Halsey Stuart & Co., yesterday was awarded 30 million dollars of Wisconsin Power & Light company 3¼ per cent bonds, due Aug. 1, 1971. The syndicate, which bid 105.5807, said public offering of the bonds will be made tomorrow at 106⅞.

The company, a unit of the Middle West corporation, will apply net proceeds of the issue, along with 3 millions realized from the sale of serial notes, to redemption at 104 of 33 millions of outstanding first mortgage 4 per cent bonds, due in 1966.

Halsey, Stuart & Co., sole underwriter, is expected to make public offering Thursday of a $2,125,000 issue of New York & Richmond Gas company first mortgage 4¼ per cent bonds due in 1966. The gas company yesterday filed an amendment to its original registration statement with the Securities and Exchange commission, naming the initial public offering price of 106½ and accrued interest, with underwriters discounts and commissions fixed at 2 per cent.

A group headed by Blyth & Co., Inc., is offering today 35,000 shares of 4½ per cent cumulative preferred stock of the Masonite corporation. The shares, of $100 par value, are priced at $102 and accrued dividends.

# MOTOR COMPANY WILL EXPAND FOR ARMAMENT WORK

One of Chicago's newest industrial concerns, Small Motors, Inc., organized in May of this year, soon will treble its manufacturing space and more than double its personnel as a result of obtaining an armament order. This was disclosed when the company was granted a $50,000 loan from the Reconstruction Finance corporation to purchase equipment and provide working capital for the production of dynamotor units for the war department. These units are the source of power for radios used by the signal corps.

R. R. Cook, president of Small Motors, said that in addition to its armament order the company makes small grinder motors for general use. The RFC loan will be used to purchase of tools and dies and to finance expansion. The company now has 6,000 square feet of manufacturing space at 1733 Milwaukee avenue and employs 25 persons.

### JEWEL TEA SALES RISE.

Jewel Tea company, Inc., reported sales for four weeks ended Aug. 9 of $3,060,508 compared with $2,204,339 for the same period last year, an increase of 38.8 per cent. Sales for 32 weeks were $22,701,640 against $16,993,851 last year, an increase of 33.5 per cent.

# *U. S. Imports Dairy Products While Sending Own to Britain*

The United States is sending record exports of milk, cheese, and eggs to Britain and is buying ever-increasing amounts of these products from her neighbors, the department of agriculture reported yesterday. In its summary of the June and half year exports and imports of dairy products, the department revealed that shipments were at the highest levels since the World war.

Altho the department does not reveal the destination of the exports or the sources of the imports, dairy leaders said last night if export totals for the corresponding periods last year were subtracted from current figures, the amount going to Britain would be indicated. They said the year ago figures represented an almost normal trade.

**Argentina Is Big Seller.**

The bulk of the imports came from Argentina, officials of the Chicago Mercantile exchange said, but the half year figures include cargoes received from Cuba, Canada, and New Zealand. The exchange officials said both butter and cheese have been received from dominions of the British empire in recent months.

A comparison of June and six months' exports, as compared with a year earlier, follows:

| | 1941. | 1940. |
|---|---|---|
| **June Exports.** | | |
| Evaporated milk, lbs. | 43,383,465 | 4,550,488 |

| Oleomarrarine, lbs.... | 2,746,737 | 326,857 |
| Eggs, doz..... | 15,188,191 | 2,712,255 |

Butter imports of 196,841 pounds in June compared with 70,590 pounds a year earlier. For the six months the total was 1,048,911 pounds, against 622,684 in the first half of 1940.

**Casein Imports Rise.**

Imports of casein, a milk by-product used extensively in the manufacture of plastics, totaled 10,545,268 pounds in June and 23,641,594 in the half year, against 3,192,318 for June, 1940, and 11,817,218 for the first six months of 1940.

How this country is growing more and more dependent on its own cheesemakers for foreign types of cheese, was shown in the report. Imports for the first six months slumped to 11,178,266 pounds from 21,502,444 a year ago. More than 59 million pounds were imported in the 1939 period.

# *RAILROADS' JULY EARNINGS SHOW CONTINUED GAINS*

## *N. Y. Central Reports 3 Million Profit.*

Several large railroad companies yesterday reported sharp increases in earnings for July and the first seven months of this year over corresponding periods of 1940.

The New York Central Railroad company reported net income for the seven months of $15,203,624, compared with a net loss of $92,602 in the same period last year. Its July net income was $3,345,118, against $483,534 in 1940.

The Chicago and North Western reported a seven month net operating income of $9,717,282, compared with $2,145,510 in 1940. July net operating income was $2,424,728, against $1,253,487 last year.

# *JONES, LAUGHLIN TOLD TO EXPLAIN STOCK CHANGES*

Pittsburgh, Pa., Aug. 25 (AP).—Federal Judge R. M. Gibson today ordered Jones and Laughlin Steel corporation to show cause why it should not be restrained from paying dividends of 60 cents on its new common stock and $1.25 on its new preferred stock.

The order was made on a petition of Bertha H. Hubbard and Norman Johnson, both of New York, who began action July 14 to enjoin the company from effecting a plan of recapitalization and merger with Vesta Coal company and Shannopin Coal company.

The plan of recapitalization and merger is invalid, the plaintiffs charge, because it was designed "primarily to wipe out and deprive the preferred stockholders of their claim to unpaid dividends" totaling $45.75 a share on the old stock.

# *Glass Company Approves Merger with Subsidiary*

Stockholders of American Window Glass company at a special meeting yesterday approved a plan of recapitalization under which the company will absorb its wholly-owned subsidiary, American Photo Glass and Export company.

# People and Events

J. L. Holloway, secretary of Crane company, has been elected a vice president in charge of finance, and W. H. Winslow Jr., assistant secretary, has been named secretary to succeed Holloway. Holloway became secretary of the company in 1937 and in addition was appointed assistant to the president in 1940.

J. L. Holloway.

Carter Harrison, New York Central railroad company claim agent at Elkhart, Ind., has been named chief claim agent at Chicago.

F. B. Hufnagel has returned to the presidency of Crucible Steel Company of America, succeeding Raoul E. Desvernine, who also resigned as a director. Desvernine entered Crucible as president several years ago as successor to Hufnagel, who became chairman of the board. Hufnagel will act as both president and chairman.

# *WHEAT WIPES OUT DIP AFTER VETO OF 'FREEZE' BILL*

Wheat prices broke ½ cent a bushel in Chicago yesterday when it was announced President Roosevelt had vetoed the bill that would have frozen government owned stocks of wheat and cotton. The decline failed to bring in selling orders, and a rush of buying lifted prices 1⅜ to 2 cents. The market eased late in the session with closing quotations unchanged to ¼ cent higher.

Drenching rains over sections of the corn belt, with more rain forecast, weakened the corn market, which closed ⅝ to ⅞ cent lower. Oats lost ⅛ to ⅜ cent and rye finished unchanged to ⅛ cent higher.

Soy beans gained around 3 cents from an early break and sold at a new seasonal peak for the third consecutive day. The market reacted late and closed unchanged to ⅛ cent lower.

# *CIO URGES ARMY TAKE CONTROL AT ROCKFORD PLANT*

Rockford, Ill., Aug. 25 (AP).—Arthur W. Keene Jr., president of Local 225 of the CIO United Automobile Workers' union, said tonight he had sent a message to President Roosevelt urging that the army take over operation of the strike bound Mechanics Universal Joint company, a division of the Borg-Warner corporation.

The concern, which holds defense contracts estimated at more than $1,500,000, was shut down Aug. 20 after union-management negotiations broke down. The walkout affected 870 production workers.

The company and union failed to reconcile differences on the union security clause which, the management contended, involved the issue of the closed shop.

**NEW BANK AUTHORIZED.**

The state auditor's office has granted permission for the organization of a bank in Warner City, Ill., which has been without one since the 1933 moratorium. The new institution will have $250,000 capital, $5,000 surplus, and $1,250 reserve fund. Officers have not been announced.

# 2 FIRMS RECEIVE 26 MILLIONS IN WARPLANE JOBS

## Wright, N. Am. Aviation Get Army Orders.

Orders for $26,249,433 of airplanes and engine parts were placed yesterday by the war department with Wright Aeronautical corporation and North American Aviation, Inc.

Wright Aeronautical received the largest share, its contract covering $19,268,820 of miscellaneous maintenance parts for aviation engines. North American's share was $6,980,613, for engines and spare parts.

**Gets Machinery Contract.**

R. G. Le Tourneau, Inc., Peoria, received from the department an order for $62,930 of earth scrapers, tractor cranes and other machinery. Bauer and Black division of Kendall company, Chicago, contracted to supply $76,861 of surgical supplies.

Johnson Motors division of Outboard Marine and Manufacturing company, Waukegan, was awarded a contract for $4,625 of outboard motors.

Preliminary work on the 40 million dollar Illinois ordnance plant at Crab Orchard lake got underway when army engineers staked out a location for the plant administration on a farm seven miles west of Marion.

**Turns on Own Power Plant.**

In Chicago, officials of Masonite corporation, manufacturer of wood fiber hardboards and insulation products, announced that the company's new $800,000 gas fired steam turbine electric power station at its plant in Laurel, Miss., began operating. It has a 14,000 kilowatt capacity.

The Masonite generating plant, by replacing electricity formerly obtained from Mississippi Power company, will make possible the release of about 10,000 kilowatts of Mississippi Power current to other companies in the area which are at work on armament orders and have experienced a power shortage. The Masonite power plant also will have a surplus to release.

# *NOVEMBER EGG PRICES SOAR TO FIVE YEAR PEAK*

The November egg future prices soared to a new five year high mark and the October delivery touched the season's high in an active trading session on the Chicago Mercantile exchange yesterday. November eggs gained 0.35 cent to close at 30.45 cents a dozen, and the October delivery ended at 30.40 cents, up 0.30 cent. Chief support for the advance came from the government's proposal to step up dried egg production and advances of ⅛ cent to 1 cent to the highest levels since December and longer in the cash market.

Butter futures were unchanged to 0.05 cent lower in a quiet session. The November contract showed the loss at 36.10 cent a pound and the December delivery closed at 36.15 cents. Prices in the local cash market were unchanged.

**NAME CHANGES.**

**Can you give me some information regarding the Rossville Alcohol and Chemical corporation? I believe there has been some reorganization.**

**R. A. F.**

Answer: Rossville Alcohol and Chemical corporation underwent a series of changes in corporate title and finally ended in liquidation. It was formed in 1932 in the reorganization of the American Solvents and Chemical corporation. On Aug. 25, 1933, the company's name was changed to Rossville Union Distillers, Inc.; in December, 1933, to Oldetyme Distillers corporation, and in June, 1940, to Delendo corporation.

The company's assets were bought by Schenley Distillers corporation for $5,935,335. An initial liquidating dividend of $4.35 a share was paid July 19, 1940. To receive the dividend, stockholders had to surrender their stock, but they were given nonnegotiable receipts entitling them to any further distributions. There were 800,000 shares of $1 par common stock outstanding at the end of 1939.

**INVESTMENT IN ENGLAND.**

**I read the Warner Bros.' announcement that it bought two million shares of Associated British Pictures corporation for about $3,600,000. How much voting power in the English company did Warner Bros. acquire?**

**—R. L. T.**

Answer: Warner Brothers Pictures, Inc., acquired one-fourth of the outstanding shares of the British company. The 2 million shares represented one-half of the holdings of a British estate.

**WITH DECLARATION.**

**I understand the "wd" listed after the description of Danish bonds means "with declaration." What kind of a declaration does this refer to?**

**L. D.**

Answer: Interest payments on Kingdom of Denmark bonds can be made from frozen funds in this country only under license from the United States treasury. The license requires that applicants for payment on the bonds' coupons furnish a sworn declaration of the identity and nationality of all persons who had an interest in the bonds since April 8, 1940, in order to prevent relief to the funds to nationals of German dominated countries.

**BEST FOODS.**

**Is there any way of buying stock in Best Foods?** **P. F.**

Answer: The Best Foods, Inc., is owned by two stockholders. Hecker Products corporation owns 710 of Best Foods' 1,000 shares of $100 par capital stock and General Foods corporation owns the remaining 290 shares.

## *LoudonPacking Unaffected by British Tomato Buying*

In connection with Loudon Packing company's report for the year ended June 30, disclosing increased profits and a heavy demand for tomato products, T. C. Hayes, president, said yesterday that the extensive purchase of tomatoes in America by Great Britain has had no effect on Loudon's operations. Loudon Packing does not can tomatoes as such.
